Songs Of Ecstasy Tantric And Devotional Songs From Colonial Bengal:

Songs of Ecstasy Hugh B. Urban, 2001 This book offers the first English translation of a body of highly esoteric mystical poetry and songs associated with the Khartabhajas a Bengali sect devoted to Tantrism The period from the late 18th to the early 19th century during which these lyrics were written was an era of change experimentation and transition from the older medieval styles to the new literary forms of modern Bengal The highly original songs presented here are an important part of this transitional period reflecting the search for new literary forms and experimentation in new poetic styles The Hindu Tantric World André Padoux, 2017-03-07 An accessible and authoritative study of the history rituals and sacred texts of Tantra as well as its place in the modern world Tantra occupies a unique position in Western understandings of Hindu spirituality Its carnal dimension has made its name instantly recognizable but this popular fascination with sex has obscured its philosophical depth and ritual practices to say nothing of its overall importance to Hinduism This book offers a clear well grounded overview of Tantra that offers substantial new insights for scholars and practitioners Andr Padoux opens by detailing the history of Tantra beginning with its origins founding texts and major beliefs The second part of the book delves more deeply into key concepts relating to the tantric body mysticism sex mantras sacred geography and iconography while the final part considers the practice of Tantra today both in India and in the West The result is an authoritative account of Tantra s history and present place in the world Praise for *The Hindu Tantric World* Padoux has long been recognized as one of the most important scholars of Tantra in the world He is universally recognized in the field as one of the most reliable and erudite guides to this complex controversial and often misrepresented tradition In *The Hindu Tantric World* Padoux presents an accessible clear and up to date introduction to the topic that demonstrates his mastery of the primary materials and his decades of scholarship Hugh Urban Ohio State University For the past forty years Padoux has been on the cutting edge of Tantric studies worldwide *The Hindu Tantric World* is quite simply the most comprehensive and accessible overview of Hindu Tantra ever written and the culmination of a lifetime of outstanding achievement David Gordon White University of California Santa Barbara *The Hindu Tantric World* presents a refreshingly critical balanced and concise survey of the field Doyen of Hindu Tantric studies Padoux translates the fruits of his decades of specialized research into an elegant and useful guidebook that helpfully situates these traditions within the broader fabric of South Asian religious culture Nowhere else can a general readership find such an accessible and state of the art treatment of the histories theories and practices of Tantric Hinduism Christian K Wedemeyer University of Chicago The Economics of Ecstasy Hugh B. Urban, 2001 Urban shows that the case of the Kartabhajas opens many new insights not merely into the specific case of one minor Bengali cult but also into much larger cross cultural and theoretical issues including the changing role of the lower class marginalized groups under the changing conditions of colonialism the changing role of Tantric traditions during the period of British rule and the topic of secrecy as a cross cultural category in the study of religion Urban s reflections on the ethical and epistemological dilemmas

involved in studying traditions that wish to remain secret will set a new standard for discussion of this controversial issue

O'Connell,2018-10-29 Within the broad Hindu religious tradition there have been for millennia many subtraditions generically called Vai avas who insist that the most appropriate mode of religious faith and experience is bhakti or devotion to the supreme personal deity Vi u Caitanya Vai avas are a community of Vai ava devotees who coalesced around K a Caitanya 1486 1533 who taught devotion to the name and form of K a especially in conjunction with his divine consort R dh and who also came to be looked upon by many as K a himself who had graciously chosen to be born in Bengal to exemplify the ideal mode of loving devotion prema bhakti This book focusses on the relationship between the transcendent intentionality of religious faith of human beings and their mundane socio cultural ways of living through a detailed study of the social implications of the Caitanya Vai ava devotional Hindu tradition in pre colonial and colonial Bengal Structured in two parts the first analyzes the articulation of K a bhakti within the broad Hindu sector of Bengali society The second section examines Hindu Muslim relationships in Bengal from the particular vantage point of the Caitanya Vai ava tradition and in which the subtle influence of K a bhakti it is argued may be detected In both sections the bulk of attention is given to the sixteenth and seventeenth centuries when Bengal was under independent Sultanate or emergent Mughal rule and thus free of the impact of British and European colonial influence Arguing that the Caitanya Vai ava devotion contributed to the softening of the potentially alienating socio cultural divisions of class caste sect and religio political community in Bengal this book will be of interest to academics in the field of Asian Religion and Hinduism in particular devotional Hinduism both premodern and modern as well as to scholars and students of South Asian social history Hindu Muslim relations and Bengali religious culture *The Bloomsbury Companion to Hindu Studies* Jessica Frazier,2014-01-16 Originally published as The Continuum Companion to Hindu Studies this Companion offers the definitive guide to Hinduism and study in this area Now available in paperback The Bloomsbury Companion to Hindu Studies covers all the most pressing and important themes and categories in the field areas that have continued to attract interest historically as well as topics that have emerged more recently as active areas of research Specially commissioned essays from an international team of experts reveal where important work continues to be done in the field and valuably how the various topics intersect through detailed reading paths Featuring a series of indispensable research tools including a detailed list of resources chronology and diagrams summarizing content this is the essential tool for anyone working in Hindu Studies **Tantra** Hugh B.
