The New Testament An Introduction To Its History And Literature:

The New Testament John Gresham Machen, 1976 The groundwork of history and geography biography and interpretation of the bible is covered thoroughly *The New Testament* C. Milo Connick, 1972 *The Layman's Guide to the New Testament*, 1981-01-01 The Layman's Guide to the New Testament is an honest objective approach to all the books of the New Testament Written in a style that is at once scholarly and readable this book is a valuable resource for study and reference *An Introduction to the New Testament and the Origins of Christianity* Delbert Burkett, 2019-01-03 This book offers an authoritative and accessible introduction to the New Testament and other early Christian literature for anyone interested in the Bible or the origins of Christianity Designed primarily for undergraduate courses it provides a balanced critical overview of the history literature and religious diversity of Early Christianity **Introducing the New Testament** Joe Blair, 1994-06-07 Helps students understand the New Testament by introducing its contents and principles for its interpretation **Unholy Hands on the Bible** Jay P. Green, 1992 This is an examination of six major new versions the New International Version NIV New American Standard Bible NASB New Revised Standard Version NRSV Revised English Bible REB Good News Bible GNB and the New American Bible NAB It includes 1 The textual basis of the above new versions 2 379 New Testament verses in which the above new versions are compared with the Greek of the Received Text and the weak evidence that is back of their adulterations 3 a 200 page examination of the New International Version NIV shows that they have added over 100 000 of their own words and have failed to translate over 20 000 of the original words 4 a separate examination of the New American Standard Bible NASB There are 8 appendices including a thorough critique of Kurt Aland's Text of the New Testament Get acquainted with the facts for God is going to look to you to warn his people that these new versions are adulterated with many of the heresies of the Gnostics and others Also since they all contain contradictions within themselves and also contradict one another love for your fellow saints should require you to let them know that the words they are reading are not all God's words Jay P Green Sr 1918 2008 is Translator and Editor of The Interlinear Hebrew Greek English Bible and the translator of the Modern King James Version of the Holy Bible The Teenage Version of the Holy Bible and the Literal translation of the Holy Bible He has written numerous books on textual criticism **The Promise and the Blessing** Michael A. Harbin, 2010-06-01 The Bible is a collection of writings that together tell a unified story But exactly how do all the pieces fit together In a single volume The Promise and the Blessing connects the dots of the Old and New Testament books to reveal the big picture of salvation history Organized chronologically rather than canonically this book traces the flow of Israel's history and shows how the New Testament proceeds out of the Old It begins with God's creation of the cosmos and the initial problem of the fall of man Then it traces God's solutions to that problem as he selects first one man Abraham then his line and then the nation of Israel to provide the Messiah Finally it focuses on the Messiah himself and looks at how the gospel of Jesus was spread throughout the known world The Promise and the Blessing is easy to use and ideal for

anyone who wants to understand the grand narrative of the Bible It features numerous beautiful full color photos as well as sidebars and brief fascinating breakouts of supplementary information Maps illustrations summaries and insightful notes help to illuminate the text Field tested in the classroom The Promise and the Blessing is designed for Old and New Testament survey classes and will provide all readers of the Bible with a better understanding of how the drama that began in Eden winds through Israel s history to its fulfillment in Jesus Christ

A Thematic Access-Oriented Bibliography of Jesus's Resurrection Michael J. Alter, 2019-12-31 The keystone of Christianity is Jesus s physical bodily resurrection Present day scholars can be significantly challenged as they forage through voluminous documents on the resurrection of Jesus The literature measures well over seven thousand sources in English language books alone This makes finding specific sources that are most relevant for specific scholarly purposes an arduous task Even when a specific book is relevant finding the parts of the book that are most relevant to the resurrection rather than other topics often requires additional effort A Thematic Access Oriented Bibliography of Jesus s Resurrection addresses these challenges in several ways First the bibliography organizes more than seven thousand English sources into twelve main categories and then thirty four subcategories which are designed to help you find the most relevant literature quickly and efficiently Embedded are pro and con arguments which support efficient access through brief annotations and then annotate the diversity and complexity of the field of religion by including sources that represent a diverse range of views theistic e g Christian Jewish Muslim etc agnostic and nontheistic The objective of this bibliography is to provide convenient access to relevant sources from a variety of perspectives allowing you to browse or find the one source accurately and with ease
