## **The Perception Of Space In The Old Testament:**

*The Perception of Space in the Old Testament* Johan Marie Brinkman, 1992 Peeters 1992      *Israel's Tabernacle as Social Space* Mark K. George, 2009      **The Place of God at the Bookends of the Bible** David W. Larsen, 2023-10-09 What if everything in the Bible has a larger outer context than is usually accounted for Missional and biblical theologies suggest that the Bible presents a grand story like a play with multiple acts The acts typically include creation fall redemption and finally restoration But what if the whole story itself occurs in another larger setting occurring within a mission running in the background throughout the whole Bible How might this aid our research reading and application And why is this being proposed now This book explores these questions The larger context is the production of the place of God a home and homeland wherein God with his people dwell on earth Since place is underdeveloped in biblical studies the book presents a new method for interpreting place Then the book lays out the case that a grand mission to produce the place of God becomes the outer context for the whole Bible Finally the book defends this proposal with an in depth placial commentary of the bookends of the Bible since these bookends provide keys to unlock this message thereby inviting further study on the rest of the Bible and on the implications for this transformative perspective      **Constructions of Space V** Gert T.M. Prinsloo, Christl M. Maier, 2013-02-14 This volume investigates the inherent spatiality of human existence and how it affects human behaviour ideology identity and orientation from different perspectives      **The Spatiotemporal Eschatology of Hebrews** Luke Woo, 2024-07-11 There are two coexisting realities classified under New Testament eschatology the temporal and spatial While much scholarly attention has focused on the temporal Luke Woo argues that the spatial aspect is either neglected or relegated to Platonic or cosmological categories Woo thus seeks to provide a holistic understanding by investigating these realities for believers under the heavenly tabernacle motif in the Epistle to the Hebrews Woo posits that the author of Hebrews presents the heavenly tabernacle and all its high priestly activity in order to eschatologically situate orient and ground believers thus enabling believers to actualize their heavenly priestly identity by serving as priests on earth Woo uses Edward Soja's Tripartite Critical Spatiality to analyze the heavenly tabernacle's Firstspace Secondspace and Thirdspace features found in Hebrews 4 14 8 1 5 9 1 14 He suggests that Christ in his resurrection and ascension enters an actualized heavenly tabernacle which allows believers to spiritually occupy that sanctuary space in the presence of God establishing a spatial orientation for believers who can identify as heavenly priests and be motivated to serve as such as they live on earth      Critical Spatiality in Genesis 1-11 Zhenshuai Jiang, 2018-09-10 Space in the Hebrew Bible is increasingly studied from the perspective of critical spatiality emphasizing the social and cultural dimension of space how people experience space and their creativity in constructing space Zhenshuai Jiang investigates the discourses on space in Gen 1 11 and discusses the connection between social space and spatial narrative He deals with various questions in different spatial terms with a detailed textual analysis of Gen 1 11 How is space constructed in Gen 1 11 To what extent and how is this

construction influenced by social and cultural elements The author describes specifically how space in Gen 1 11 is constructed rhetorically taking into account historical and social circumstances in which the texts were written

**Intertwinements of Law and Medicine** Jan M. Broekman,1996 The general aim of this book is to discuss a number of important and interrelated issues in life of modern man in medicine and the law That discussion is not only on material aspects of those issues but also on the forms of knowledge which enable us to develop the relevant arguments and to cope with related experiences in everyday life These issues are on the whole understood in terms of the law medicine relationship or the law and medicine interface However a reflexion on the philosophical and cultural basis of those expressions shows the shortcomings of that approach and the need for an understanding of that relationship in terms of intertwining discourses

Theological Diversity and the Authority of the Old Testament John Goldingay,1987 In this book John Goldingay examines how the diverse viewpoints reflected in the Old Testament may be acknowledged interrelated and allowed to function theologically In doing so he analyzes as well as synthesizes treating both the biblical text and scholarly interpretations of it Book jacket *From History to Narrative Hermeneutics* Han Young Lee,2004 During the past century biblical hermeneutics experienced dramatic changes in theory and practice reflecting epistemological adjustments and paradigm shifts involving a progress in theoretical problems and methodological procedures to address basic scholarly issues In order to investigate the nature and significance of such shifts and respective theoretical problems *From History to Narrative Hermeneutics* undertakes an analytical critical and epistemological evaluation of three major methodological movements namely the empirical positivistic the literary structural and the narrative approaches Han Young Lee has constructed a holistic interpretative approach that attempts to honor the intrinsic inner revelational structure of the biblical texts *The Task of Old Testament Theology* Rolf P. Knierim,1995 This prodigious work offers a broad selection of essays that present Knierim s distinct method for the discipline of Old Testament studies One subject deals with the implications of his method for New Testament studies
