The Polar Route to Time Gone by Robert Luther Duffus,1969 The New York Times Book Review ,1970 *World Authors, 1900-1950* ,1996 Provides almost 2700 articles on twentieth century authors from all over the world who wrote in English or whose works are available in English translation *Farmer, Flyer, Futurist: the Memoirs of Admiral Owen Wesley Siler, Commandant of the United States Coast Guard* Owen Wesley Siler,2019-09-11 The course of Owen Wesley Siler's life forever changed when he enlisted in the United States Coast Guard USCG in 1941 After he entered the Coast Guard Academy Siler's path soon led him to serve in the Second World War and after the war he rose to the rank of admiral and commandant of the USCG Posthumously shared in Admiral Siler's words and edited by his daughter this memoir recounts a young man's journey of dedication and focus as he traveled from a farm in California to the Coast Guard academy through the turmoil of the Second World War and finally into thirty five years of dedicated service In his fascinating narrative Admiral Siler details how he honed his lifelong interest in aviation into an occupation that expanded the lifesaving capabilities of the Coast Guard search and rescue efforts from US coasts to international waters and how as commandant he set new precedents that transformed future operations of the Coast Guard Farmer Flyer Futurist offers unique insight into a military man's role with the United States Coast Guard during a critical time in history **Severe Space Weather Events** National Research Council,Division on Engineering and Physical Sciences,Space Studies Board,Committee on the Societal and Economic Impacts of Severe Space Weather Events: A Workshop,2009-01-17 The adverse effects of extreme space weather on modern technology power grid outages high frequency communication blackouts spacecraft anomalies are well known and well documented and the physical processes underlying space weather are also generally well understood Less well documented and understood however are the potential economic and societal impacts of the disruption of critical technological systems by severe space weather As a first step toward determining the socioeconomic impacts of extreme space weather events and addressing the questions of space weather risk assessment and management a public workshop was held in May 2008 The workshop brought together representatives of industry the government and academia to consider both direct and collateral effects of severe space weather events the current state of the space weather services infrastructure in the United States the needs of users of space weather data and services and the ramifications of future technological developments for contemporary society's vulnerability to space weather The workshop concluded with a discussion of un or underexplored topics that would yield the greatest benefits in space weather risk management Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office,1972 **The Publishers Weekly** ,1969 *Current Topics in Ionizing Radiation Research* Mitsuru Neno,2012-03-09 Since the discovery of X rays by Roentgen in 1895 the ionizing radiation has been extensively utilized in a variety of medical and industrial applications However people have shortly recognized its harmful aspects through inadvertent uses Subsequently people experienced nuclear power plant

accidents in Chernobyl and Fukushima which taught us that the risk of ionizing radiation is closely and seriously involved in the modern society In this circumstance it becomes increasingly important that more scientists engineers and students get familiar with ionizing radiation research regardless of the research field they are working Based on this idea the book Current Topics in Ionizing Radiation Research was designed to overview the recent achievements in ionizing radiation research including biological effects medical uses and principles of radiation measurement Area-Based Management of Shipping Aldo Chircop, Floris Goerlandt, Ronald Pelot, Claudio Aporta, 2024-06-17 This open access book fills a gap in the literature on shipping in a number of cross cutting fields including marine transportation law and policy law of the sea Indigenous rights marine environmental management and risk and safety studies Moreover the book includes a focus on the consideration of Indigenous rights in shipping a topic of emerging importance There are to our knowledge no directly competing titles with the same interdisciplinary approach to conceptualize understand and describe best practices for area based management approaches There are however related titles which cover some aspects of area based management usually from narrow disciplinary perspectives Area based management in the governance of shipping has become a useful and effective approach to promote maritime safety maritime security and pollution prevention and to mitigate the adverse impacts of shipping on the marine environment and coastal communities Based on the results of a research project and a major workshop convened at Dalhousie University in Canada this book consists of multidisciplinary studies and analyses of major issues pertaining to area based management in shipping from a comparative perspective but with the principal focus on Canada The book contains both theoretical and empirical contributions Civil Aeronautics Board Reports United States.
