Barker, 1996-07-31 The Health Care Policy Process enables the reader to develop a clear understanding of the scope and objectives of health policy studies to analyze the extent to which policies can be changed or influenced by those involved at the different stages of the policy process and to assess both the need and the scope for change The author considers the relationship between planning and policy looks at key concepts in analyzing health care issues and examines some of the debates overshadowing today's health policy agenda British Politics and the Policy Process A. G. Jordan, J. J.

Richardson, 2024-12-06 In *British Politics and the Policy Process* originally published in 1987 Grant Jordan and Jeremy Richardson provide an introduction to the workings of British political process and a guide to the ways in which it can be studied They show how political decisions are taken and policies are adopted inside Parliament in the political parties and in cabinet and how they are mediated and influenced by for example the civil service and pressure groups In doing so they draw widely on case study material and systematically utilize the memoir material of ex Ministers and civil servants to give a realistic feel for policy making at the centre of British politics This book is however interpretative as well as descriptive The authors argue that Parliament is usually marginal to political decision making and powerfully reject the thesis of adversary politics which holds that British politics undergoes major change when there is a switch in party control of Government This then is a textbook that will serve as an ideal introduction to students of British government and comparative politics but which is also a stimulating and original contribution to current debates in political science **Organisational**

Politics In Northern Ireland Rick Wilford, 2018-02-02 Despite the staggering number of books related to the Northern Ireland political arena most of the literature concentrates on only a few dimensions of the conflict and especially on constitutional policy and the on going search for a resolution of the antagonisms This original textbook the first of its kind serves as a comprehensive examination of the subject by exploring these topics and other important dimensions of politics which have been overlooked and undervalued Politics in Northern Ireland is written by a team of distinguished academics drawn from both within and outside Northern Ireland It adopts the analytic tools of political science and brings a comparative perspective to bear on the politics of Northern Ireland Early chapters examine the historic sources of conflict analyze the period since the outbreak of the modern troubles and discuss the differences between the communities The book then examines the nature of parties elections and elective assemblies before focusing on policy matters such as fair employment policing and gender In the concluding chapter contributors consider relations with the Republic of Ireland and discuss events as current as today s headlines including the historic breakthrough in negotiations the referendums and the Assembly elections The result is a well rounded core text designed for the classroom as well as for those interested in learning more about different facets of politics in Northern Ireland

Health Promotion Robin Bunton, Gordon MacDonald, Gordon Macdonald, 2003-08-27 Health promotion is an increasingly central tenet in health professionals lives It has come into the public eye as the subject of party politics and policy but where does the movement come from This book brings together views from a range of subjects some

not always associated with health promotion such as marketing or communication theory Others such as social policy of psychology may have obvious connections to make here the implications for practice are discussed fully for the first time The volume adds up to a timely reflection on the state of health promotion today and will provide practitioners and academics alike with a clearer understanding of a discipline at the frontier of contemporary policy and practice **Realising**

Participation Kathryn Roberts, Tom Chapman, 2017-10-05 This title was first published in 2001 During the last twenty years government rhetoric in the UK has increasingly advocated that statutory health and social care services should regard and treat recipients as consumers in the same way as companies and organizations in the private sector This involves a considerable cultural change on the part of both service providers and their clients and this timely study explores the extent to which such a cultural change is actually taking place in British society The utilization of welfare services by a sample of people aged 70 and above on discharge from inpatient care and in a short period afterwards is examined as a critical testbed for key components of consumerism including participation representation access choice information and redress The book explores not only the extent to which opportunities are being provided for users to play an active role in their care but also their degree of willingness to assume such a role By investigating the experiences of clients from a generation which might be considered relatively resistant to a more active participation in health and social care the study offers an important insight into the extent to which a real social transformation is indeed taking place in the British welfare services
