The Healing Heart—Families Allison M. Cox, David H. Albert, 2009-03-01 Stories and narratives aimed at helping families work through an array of subjects like health illness grief adoption sexual identity and school The Healing Heart provides powerful examples of the use of stories and storytelling in encouraging resiliency empathy respect and healing These engaging books contain stories and narratives about the use of the stories in activities with different populations children teens those with disabilities seniors inmates etc or which address specific social or community problems addictions poverty violence racism environmental degradation homelessness abuse The books are a collective effort containing the expertise of more than 60 storytellers and health professionals who illustrate the power of story in moving others to commitment and action in building self esteem and mutual respect The Healing Heart Families focuses on families dealing specifically with healing through story health promotion disease prevention early childhood intervention children with medical problems adopting families schools sexual identities grief and spiritual healing The Healing Heart Communities focuses on community building with sections on youth violence prevention poverty domestic violence substance abuse and addiction racism elders culture environmental protection homelessness and community development Praise for The Healing Heart Families Both children and adults sick or well need the embrace of soulful storytelling They need to witness and be witnessed for it is in this state that healing occurs If newscasters were to read aloud each night to their listeners for 1 001 nights one of the stories from this treasury we would all be healed and lose our fear recapturing real security in our homeland N Michael Murphy MD author of The Wisdom of Dying An extraordinary work Hit the bulls eye by providing both process and practice Thought provoking and insightful theory is intertwined with appropriate stories for direct application It makes clear that story can be a powerful catalyst for change giving eloquent voice to what many of us have known for some time but have been unable to express What a gift for those who work with families Elizabeth Ellis co author of Inviting the Wolf In Thinking about Difficult Stories

Our Bodies Are Selves Philip Hefner, Ann Pederson, Susan Barreto, 2015-08-11 Our Bodies Are Selves is a look at what it means to be human in a world where medical technology and emerging ethical insight force us to rethink the boundaries of humanity spirit and man machine This book gives us a fresh look at how our expanding biological views of ourselves and our shared evolutionary history shows us a picture that may not always illumine who and

where we are as Christians Offering up Christian theological views of embodiment the authors give everyday examples of lives of love faith and bodily realities that offer the potential to create new definitions of what it means to be a faith community in an increasingly technological age of medicine *Media Review Digest* C. Edward Wall,2004 **Breast Cancer: Beyond Convention** Isaac Cohen,Debu Tripathy,2011-03-01 Today more breast cancer treatment options are available than ever before But how can you determine the course of action that is right for YOU Breast Cancer Beyond Convention is the only single resource that lays out all of the traditional and alternative approaches available today Assembling a dream team of breast cancer experts the editors of this truly groundbreaking guide encourage readers to work with their practitioners as they consider a variety of approaches all explained in clear nontechnical language Readers will discover how to find the right caregiver and how to best complement conventional medical treatment with alternative medicine how to be healed without necessarily being cured how to incorporate traditional Chinese medicine including herbs qigong and acupuncture the right diet to choose no matter the form of treatment the importance of soy products plus fifteen delicious recipes to sample the best vitamins minerals and natural foods and the specific benefits and possible dangers of each the merits of spiritual treatments from meditation and directed prayer to the powerful mystery of the will to live The guide features an encyclopedic appendix of websites and lists of national support organizations care centers recommended audiotapes CDs and books making this the single source to help patients take control of their treatment assuage their fears and get them on the road to healing A portion of the proceeds from the sale of this book will be donated to the Carol Franc Buck Breast Care Center Complementary and Alternative Medicine Program at the University of California San Francisco

Textbook for Transcultural Health Care: A Population Approach Larry D. Purnell,Eric A. Fenkl,2020-09-05 This textbook is the new edition of Purnell s famous Transcultural Health Care based on the Purnell twelve step model and theory of cultural competence This textbook an extended version of the recently published Handbook focuses on specific populations and provides the most recent research and evidence in the field This new updated edition discusses individual competences and evidence based practices as well as international standards organizational cultural competence and perspectives on health care in a global context The individual chapters present selected populations offering a balance of collectivistic and individualistic cultures Featuring a uniquely comprehensive assessment guide it is the only book that provides a complete profile of a population group across clinical practice settings Further it includes a personal understanding of the traditions and customs of society offering all health professionals a unique perspective on the implications for patient care *Talking About Treatment* Felicia D. Roberts,1999-01-28 Clear and accessible this book is the first qualitative analysis of the complex conversations that occur between breast cancer patients and their oncologists Roberts focuses on discussions about possible avenues of treatment and shows them to be an active and mutual collaboration of information on the one hand and a subtle delineation of the roles of expert and novice on the other Her work highlights how doctors achieve a delicate balance

between promoting one particular treatment option while not guaranteeing a cure
