The Unfinished Revolution Minky Worden,2012-03-06 It s a time of change in the world with dictators toppling and new opportunities rising but any revolution that doesn t create equality for women will be incomplete The time has come to realize the full potential of half the world s population Christiane Amanpour from the foreword *The Unfinished Revolution* tells the story of the global struggle to secure basic rights for women and girls including in the Middle East where the Arab Spring raised high hopes but the political revolutions are so far insufficient to guarantee progress Around the world women and girls are trafficked into forced labor and sex slavery trapped in conflict zones where rape is a weapon of war prevented from attending school and kept from making deeply personal choices in their private lives such as whom and when to marry In many countries women are second class citizens by law In others religion and traditions block freedoms such as the right to work study or access health care Even in the United States women who are victims of sexual violence often do not see their attackers brought to justice More than 30 writers Nobel Prize laureates leading activists top policymakers and former victims have contributed to this anthology Drawing from their rich personal experiences they tackle some of the toughest questions and offer bold new approaches to problems affecting hundreds of millions of women This volume is indispensable reading providing thoughtful

analysis from a never before assembled group of advocates It shows that the fight for women s equality is far from over As Leymah Gbowee 2011 Nobel Peace Prize Laureate says Women are not free anywhere in this world until all women in the world are free Sexual Harassment V. P. Argos,1999 The topic of sexual harassment is a real threat to society in spite of its downplaying by a large segment of society including the 42nd President of the United States This book presents analyses designed to help shed light on it and a bibliography sorted for ease of use **The Practical Progressive** Erica Payne,2008-08-12 The essential guide to what s happening who s who and how to get involved in the growing network of progressive political organizations by a leading political strategist with input from many well known activists *Platform Governance and Social Justice* Paloma Viejo Otero,2024-11-18 Identifying four traditional approaches that have underpinned hate speech regulation in the contemporary digital landscape Paloma Viejo Otero proposes a fifth approach called the Social Justice Approach SJA an original contribution to the field of research **Freedom of Speech: Volume 21, Part 2** Ellen Frankel Paul,Fred D. Miller, Jr,Jeffrey Paul,2004-07-05 Whether free speech is defended as a fundamental right that inheres in each individual or as a guarantee that all of society s members will have a voice in democratic decision making the central role of expressive freedom in liberating the human spirit is undeniable Freedom of expression will as the essays in this volume illuminate encounter new and continuing controversies in the twenty first century Advances in digital technology raise pressing questions regarding freedom of speech and with it intellectual property and privacy rights Campaign finance reform limits the formerly sacrosanct category of political speech Expressive liberties may face their greatest challenge from government efforts to thwart terrorism The twelve legal scholars and philosophers whose work appears in this volume examine the history of free speech doctrine its relevance to other social and personal values and the radical critiques it has withstood in recent years *The World Split Open* Ruth Rosen,2006-12-26 The Newly Revised and Updated Edition In this enthralling narrative the first of its kind historian and journalist Ruth Rosen chronicles the history of the American women s movement from its beginnings in the 1960s to the present Interweaving the personal with the political she vividly evokes the events and people who participated in our era s most far reaching social revolution Rosen s fresh look at the recent past reveals fascinating but little known information including how the FBI hired hundreds of women to infiltrate the movement Using extensive archival research and interviews Rosen challenges readers to understand the impact of the women s movement and to see why the revolution is far from over
