Taiwanese Americans:

The Taiwanese Americans Bloomsbury Publishing, 1998-05-26 Despite the relatively short history of the Taiwanese in the United States they have been a significant presence in America Since 1965 immigration law changes have led to a dramatic increase in the Asian population in the United States Taiwanese Americans the immigrants from Taiwan and their descendants are a prominent group in this increasing Asian population This is the first book length study about the Taiwanese American community in the United States While most articles have discussed the economic impact of their immigration this study focuses on their community organization information networks religious practices cultural observances and the growing second generation Finally it concludes with an assessment of the contributions of Taiwanese Americans to U S society Biographical sketches of noted Taiwanese Americans complete the text The identity of the Taiwanese American community is complex and evolving because it is partly determined by the politics between Taiwan and China As relations between Taiwan and China change so will the identity of Taiwanese Americans Other variables affecting their identity include the relations between mainlanders and native Taiwanese in Taiwan political liberalization within Taiwan the role of U S policy towards Taiwan and China and the nurturing of a Taiwanese consciousness An increasingly important variable is the orientation of the second generation American born Taiwanese Americans They have the options of being simultaneously Taiwanese American Chinese American Asian American and American Taiwanese Americans are helping to reinvent America by transforming the economic and cultural landscape of the U S as have previous waves of immigrants

The Taiwanese Americans Franklin Ng, 1998 Finally it concludes with an assessment of the contributions of Taiwanese Americans to American society **The Resilient Self** Chien-Juh Gu, 2018-01-22 The Resilient Self explores how international migration re shapes women s senses of themselves Chien Juh Gu uses life history interviews and ethnographic observations to illustrate how immigration creates gendered work and family contexts for middle class Taiwanese American women who in turn negotiate and resist the social and psychological effects of the processes of immigration and settlement Most of the women immigrated as dependents when their U S educated husbands found professional jobs upon graduation Constrained by their dependent visas these women could not work outside of the home during the initial phase of their settlement The significant contrast of their lives before and after immigration changing from successful professionals to foreign housewives generated feelings of boredom loneliness and depression Mourning their lost careers and lacking fulfillment in homemaking these highly educated immigrant women were forced to redefine the meaning of work and housework which in time shaped their perceptions of themselves and others in the family at work and in the larger community *Getting Saved in America* Carolyn Chen, 2008-03-10 What does becoming American have to do with becoming religious Many immigrants become more religious after coming to the United States Taiwanese are no different Like many Asian immigrants to the United States Taiwanese frequently convert to Christianity after immigrating But Americanization is

more than simply a process of Christianization Most Taiwanese American Buddhists also say they converted only after arriving in the United States even though Buddhism is a part of Taiwan s dominant religion By examining the experiences of Christian and Buddhist Taiwanese Americans *Getting Saved in America* tells a story of how people become religious by becoming American and how people become American by becoming religious Carolyn Chen argues that many Taiwanese immigrants deal with the challenges of becoming American by becoming religious Based on in depth interviews with Taiwanese American Christians and Buddhists and extensive ethnographic fieldwork at a Taiwanese Buddhist temple and a Taiwanese Christian church in Southern California *Getting Saved in America* is the first book to compare how two religions influence the experiences of one immigrant group By showing how religion transforms many immigrants into Americans it sheds new light on the question of how immigrants become American

Mental Health Among Taiwanese Americans Chien-Juh Gu,2006 Gu examines how Taiwanese Americans immigration background gender and relations in the family and workplace affect their mental health She argues that Taiwanese Americans experience of distress is not only gendered but also transnational Men s and women s experiences differ and transnational culture influences how they interpret their worlds While work situations frustrate men family life bothers women Their identities are multiple and fluid and they struggle with their American ness and Chinese ness in everyday life Men feel excluded by the majority culture in the workplace because they are too Chinese Women in contrast wonder if they should follow Chinese or American norms in dealing with their families
