To protect the human race 6T9 evolved with the flip of a switch and a few lines of code But he s made himself a killer as well as a protector The programming that may save humanity has driven him from Volka the woman he loves In the heart of the Dark s first strike against the Republic 6T9 must discover what he has become who he wants to be and who he wants to be with Slowly and almost unnoticed Volka has been evolving too Heartbroken by 6T9 s departure she is torn between love and duty Accepting the latter she takes a mission that will lead her to the edge of the universe There she will be tested and her evolution will pass a point where there will be no turning back An android who has become more than a sex bot a mutant who has developed startling abilities 6T9 and Volka have become more than human The changes they ve endured may save the galaxy but have driven them further apart Will they find a way forward together or will the bond between them be another casualty of the Dark
