The True Path Roy J. Mathew, M.d., 2009-02-18 In The True Path Duke psychiatrist Roy J Mathew draws on his own extensive knowledge of neuroscience as he looks at the centuries old Indian idea that spirituality is a state of mind a higher form of consciousness Mathew shows how the latest brain research demonstrates that activities such as prayer music art nature intuitive knowledge altruism and meditation stimulate the non dominant hemisphere of the brain Spirituality is intimately connected to this area of the brain and must be accessed according to Indian philosophy by removing the sheaths of everyday life With scientific evidence that this pure consciousness truly exists Mathew shows readers how to use meditation yoga and other traditional methods of contemplation to achieve this spiritual

Gates of the Lord Amit Ambalal, Kalyan Krishna, Emilia Bachrach, Tryna Lyons, Anita Shah, 2015-01-01 The Pushtimarg a Hindu sect established in India in the fifteenth century possesses a unique culture reaching back centuries and still vital today in which art and devotion are deeply intertwined This important volume illustrated with more than one hundred vivid images offers a new in depth look at the Pushtimarg and its rich aesthetic traditions which are largely unknown outside of South Asia Original essays by eminent scholars of Indian art focus on the style of worship patterns of patronage and artistic heritage that generated pichvais large paintings on cloth designed to hang in temples as well as other paintings for the Pushtimarg In this expansive study the authors deftly examine how pichvais were and still are used in the seasonal and daily veneration of

Shrinathji an aspect of Krishna as a child who is the chief deity of the temple town of Nathdwara in Rajasthan Gates of the Lord introduces readers not only to the visual world of the Pushtimarg but also to the spirit of Nathdwara **Traversing the Heart** Richard Kearney, Eileen Rizo-Patron, 2010-07-12 The key wager of Traversing the Heart Journeys of the Inter religious Imagination is that a spiritual imaginary operating at the level of metaphor narrative symbol and epiphany can traverse the borders of dogma and ideology and open genuine conversations between wisdom traditions Like every hermeneutics of the heart this journey begins to unfold in a concrete space and time the interreligious conference at Bangalore in June 2007 While this collection does not claim to cover the religious traditions of all continents its concluding essay on transculturation in Andean Christian art highlights the importance of the North South dialogue as a necessary supplement to the East West one largely addressed in the book As a call to future journeys and dialogue this volume aims to communicate the one seminal lesson learned during the India conference that in our third millennium religions will be inter religious or they will not be at peace **Nectar #5** Babaji Bob Kinder, Annapurna Sarada, Reyhan al-Jerrahi, Alan Hunter, Marisela Bracho, Arawana Hayashi, Akiko Masuda, Kristin Cato, Seta Chandran, 2001-10-31 If science art and religion are all open pathways when utilized properly we attempt in this issue to discover what true art consists of Ask the practitioner and inquire of the adept is the recourse we have resorted to herein Music poetry dance painting and film described in these pages are duly five sacred constituents of the infinite expanse of Advaitic experience We have heard seen possibly have even known what these sacred forms have suffered at the hands of people with a desire for fame a yen for pleasure and the singular search for wealth that occludes and excludes all other considerations The sweet exalted and transporting presence of God simply disappears from the medium and atmosphere which covets such fugacious spurious and soporific attainments Led on by artists who support a mere masquerade of true attainment beings rush to the affluent and the popular for their inner fulfillment scarcely ever experiencing the superlative presence of divinity residing in pure artistic expression Thus the authentic luminaries of art science and religion seldom get recognized by the masses and the masses then have little recourse and access to the more profound insights and inspirations of the various refined fields How is music made sacred Is it sacred already Is all dance divine Does all poetry reflect the divine muse within Do all works of art speak of the highest realization Does it really matter or is all realization like beauty in the eye of the beholder Possibly some of these questions may find answers in the following pages But if not suffice to say that where the medium is purified where a lustral regimen has been adhered to there spiritualized expression will reach its zenith When sensitive artists seeking the highest place their gifts and talents in action and offer the fruits of such before the world they must first and necessarily have subjected them to purification and intensification Any instrument whether it be a metal tube or a fleshy tube a wooden box with strings or a metal box containing film a tome of writings a paintbrush or the human body is always under the control of consciousness Like different conditions of water some fit for drinking some for swimming some for washing dishes and some

only for carrying waste the consciousness of human minds is also pure or impure as the case may be In artistic endeavor then as in spiritual practice purification of what is limited or impure renders the medium fit to emanate the truth or essence of any given expression such as inspired choreography a masterpiece on canvas an original composition a unique film or a work of literary genius all which have the ability to transform lives So here is the acid test with regards to true artforms at least for the discriminating person As is consistent with all modes of existence with work dreams visions relative experiences of all types if they help reveal the divine essence in human nature and assist human character by way of positive accretion then they can be said to be real authentic and ultimately meaningful Otherwise too much distraction and wasted energy plague them as well as their host all amounting to vanity and vexation of human spirit **Accomplishing the Accomplished**

Anantanand Rambachan, 2021-05-25 All major schools of Indian philosophical and religious thought originated and developed with the aim of providing a viable means for the attainment of moksa This is not to affirm that this end was uniformly conceived in all systems The point is that Indian philosophy always had a practical or pragmatic end in view if these terms can be admitted in respect to the quest for moksa This subservience to the accomplishment of moksa is what makes it difficult to distinguish Indian philosophy from Indian religion The centrality of the moksa concern is one of the keys to understanding the motivation which prompts Indian philosophy and the nature of argument both within and among the various schools It is also the interest which influences and lies at the center of this study This study is undertaken in the general spirit of philosophical inquiry as sadhana In the specific context of the Advaita Vedanta system with which it is concerned this study is an exercise in the discipline of manana or rational reflection upon some of its fundamental propositions This discipline which is explained more fully in the body of this text aimed essentially at clarification evaluation the removal of doubts and the assessment of rival views Various methods were used in achieving these aims including scriptural exegesis and philosophical argument It offered the scope for both criticism and creativity and it is in the tradition of this kind of analysis that this work belongs
