A Tutorial on the Dispensation of Baha'u'llah

Fazel Naghdy, 2012 Shoghi Effendi stated that the first duty and the focus of sustained efforts of every faithful follower of the Bah Faith is to strive to acquire a more adequate understanding of the Revelation of Bah u ll h Although a full comprehension of such a Revelation is beyond the limits of our understanding a clearer understanding of its basic truths will empower us to derive fresh inspiration and to gain further spiritual nourishment which in turn will support and maintain our services to the Cause Shoghi Effendi The World Order of Bah u ll h p 100 Shoghi Effendi wrote The Dispensation of Bah u ll h in 1934 in the form of a letter addressed to the Bah s of the West to assist them to fulfil the obligation of deepening their understanding The letter was published together with a selection of his other letters in 1938 in the book entitled The World Order of Bah u ll h The Dispensation of Bah u ll h provides an accurate and clear description of the fundamental verities of the Bah Faith concerning the station of its Central Figures as well as the twin crowning institutions of the Guardianship and the Universal House of Justice Grasping and upholding these verities will enrich the spiritual life of the individual This tutorial is designed to assist you in studying and assimilating the content of The Dispensation of Bah u ll h It is called a tutorial to emphasize the concept underlying its development In a tutorial a tutor facilitates learning for an individual or a small group This book has been designed and developed to simulate as much as possible the tutor tutored relationship in a self paced personal study The tutorial identifies the main themes covered in Shoghi Effendi s letter and splits related paragraphs into chapters Hence the 130 paragraphs of The Dispensation of Bah u ll h are apportioned for study across 27 chapters The size and complexity of each chapter reflects the content and intricacy of the issues addressed in the paragraphs included therein The title chosen for each chapter reflects the main theme covered in the paragraphs In addition two extra chapters address those questions that arose following the sudden passing of Shoghi Effendi and the lack of any lineal descendant to succeed him as the next Guardian The first chapter explores the possible reasons that Shoghi Effendi did not leave a will nor appoint a successor The second chapter examines the defection of Charles Mason Remey after the passing of Shoghi Effendi and his unsubstantiated claim to the Guardianship

The Bahá'í Faith and African American History Loni Bramson, 2021-09-09 This book examines the intersection of African American history with that of the Bah Faith in the United States Since the turn of the twentieth century Bah s in America have actively worked to establish interracial harmony within its own ranks and to contribute to

social justice in the wider community becoming in the process one of the country's most diverse religious bodies. Spanning from the start of the twentieth century to the early twenty-first, the essays in this volume examine aspects of the phenomenon of this religion confronting America's original sin of racism and the significant roles African Americans came to play in the development of the Bahá'í Faith's culture, identity, administrative structures, and aspirations. *Religion on the Healing Edge* Frank Stetzer, 2007. An introduction to the Bahá'í Faith that challenges readers to view religion, civilization, and spirituality in a new way. *Religion on the Healing Edge* What Bahá'ís Believe examines the defining beliefs animating the Bahá'í Faith and its distinctive practices which are intended to change the world. Author Frank Stetzer offers insights into the Bahá'í community and its vision to establish a new global civilization based on the recognition of the oneness of humanity. The vision he presents is a bold and audacious one full of unique opportunities and unusual challenges. A marvelous book for anyone interested in learning more about the mission of the Bahá'í Faith and the relevance of its teachings. **Exploring the Kitáb-i-Aqdas** Omid Ghaemmaghami, Shahin Vafai, 2025-01-23. The Kitáb-i-Aqdas is considered the most important and sacred text of the Bahá'í Faith, a religion with some eight million adherents found in nearly every country of the world. It sets out the laws, teachings, and institutions that shape and influence individual and collective life for members of the Bahá'í community. Despite the Kitáb-i-Aqdas's significance, it has not been extensively researched. *Exploring the Kitáb-i-Aqdas: The Laws and Teachings of the Bahá'í Faith* now offers a comprehensive academic study of the text. This important new publication explores and analyzes the significance and history of the Kitáb-i-Aqdas, its language, style, and translation, and its theological and spiritual foundations, including its conceptions of God, religion, and human beings. The book moreover examines the Kitáb-i-Aqdas's provisions for succession, interpretation, and administration within the Bahá'í religion, its devotional and other personal laws, its ordinances for promoting unity, its perspectives on justice and law, and its addresses to the world's political and religious leaders. Academically rigorous yet eminently clear and accessible, *Exploring the Kitáb-i-Aqdas* is an essential read for students of religion and Middle East studies. **Outlaw Justice** Theodore W. Jennings, Jr., 2013-04-17. This book offers a close reading of *Romans* that treats Paul as a radical political thinker by showing the relationship between Paul's perspective and that of secular political theorists. Turning to both ancient political philosophers (Plato, Aristotle, and Cicero) and contemporary post-Marxists (Agamben, Badiou, Derrida, and Žižek), Jennings presents *Romans* as a sustained argument for a new sort of political thinking concerned with the possibility and constitution of just societies. Reading *Romans* as an essay on messianic politics in conversation with ancient and postmodern political theory challenges the stereotype of Paul as a reactionary theologian who invented Christianity and demonstrates his importance for all, regardless of religious affiliation or academic guild, who dream and work for a society based on respect rather than domination, division, and death. In the current context of unjust global empires constituted by avarice, arrogance, and violence, Jennings finds in Paul a stunning vision for creating just societies outside the law. *Historical Dictionary of the Bahá'í Faith* Hugh C. Adamson, 2006-12-21. Growing out

of the teachings of the Báb who introduced the idea of the coming of a great prophet the one promised in the scriptures of all the world's major religions the Bahá'í Faith was founded by Bahá'u'lláh when in 1866 he publicly declared that he was the One the Báb prophesized The 2nd edition of the Historical Dictionary of the Bahá'í Faith presents a general historical overview of both Bábí and Bahá'í religions as well as a theological overview of the Bahá'í Faith from their inception in the mid 19th century to the middle of 2005 It presents biographical details of the Founders and Central Figures along with numerous leaders and pioneers most of the basic principles and precepts as well as aspects of its organization and administration Through the use of photographs a list of acronyms a chronology an introductory essay a bibliography hundreds of cross referenced dictionary entries on nearly every aspect of the religion and appendixes listing the genealogy of the Founders statistical information and lists of apostles disciples Hands of the Cause Knights of Bahá'u'lláh as well as of more than 930 believers who have contributed to its growth and development this book is a fundamental tool for finding information on all things related to the Bahá'í Faith
