Forthcoming Books Rose Arny,1999 *The Monomyth Reboot* Nadia Salem,2023-12-12 In this book Nadia Salem examines and questions the enduring relevance of the monomyth or the hero's journey for storytellers and their audiences Created by Joseph Campbell and largely popularized by George Lucas the hero's journey has come to define mythic quests for all However in recent years this genderless paradigm has lost its appeal as a repetitive Bildungsroman and as a result Salem argues for the inclusion of the heroine's journey as a K ntlerroman and a voice of alterity Where the hero's journey reflects a coming of age the heroine's journey reflects a coming of middle age which are arguably equally necessary for the complete fulfillment of character Taking a fresh look at the monomyth Salem analyzes the narratives of Eros and Psyche Jane Eyre and Titanic to argue for an emphasis on the integration of both the hero's and the heroine's journeys Ultimately this book demonstrates how the monomyth as rebooted turns monomythic mythopoesis into fertile ground for the kinds of epiphanies demanded by transmodernism Scholars of film studies communication composition and mythology will find this book of particular interest Index to Sixteen (i.e., 16) mm Educational Films National Information Center for Educational Media,1975 *The Encyclopedia of Animated Cartoon Series* Jeff Lenburg,1983 La 4e de couv indique This is the most comprehensive book on the animated cartoons ever produced with inside stuff on every series made between the years 1909 and 1981 Betty Boop Mickey Mouse Bugs Bunny Popeye Rocky His Friends Huckleberry Hound Top Cat Spider Man The Flintstones they re all here along with information on their creators directors producing studios episode titles voices running times dates of release and little known items about the origin of each series Jeff Lenburg provides plot summaries character descriptions easy reference guides and more than 160 cartoon illustrations For cartoonatics film societies or anyone who half remembers Saturday morning TV episodes of the Roadrunner here is a rare and entertaining treat **Books In Print** **2004-2005** Ed Bowker Staff,Staff Bowker, Ed,2004 **Bowker's Directory of Videocassettes for Children 1999** R R Bowker Publishing,Bowker,1999-03 **The Publishers Weekly** ,1884 **Be a little mythological, will you? If this is Social Studies, why Isn't it Boring? Stephanie Steffey,Wendy J. Hood,1994 The provocative title of this book plays on a too familiar response from teachers and students alike But now many teachers have begun to seek an approach to social studies that takes account of the ways children learn and that builds on their own knowledge and strengths The authors in this book have found ways to do this Wendy Hood writes in the Introduction that they have not only rediscovered social studies education in general they have also found themselves exploring the many disciplines of the social sciences that combine to make social studies The issues of the disciplines are visible the content of the disciplines is visible and the questions central to each discipline are central in these classrooms While the studies described began in one discipline they branched out or melted into one or more of the others In this contributed collection twenty three teachers explain their successful strategies for teaching the social studies disciplines in a whole language context If This Is Social Studies covers contemporary subjects the Gulf War traditional topics students as historians well known projects Scottish Storyline social studies in the community and multicultural matters Teachers at elementary through middle and high school levels will find this book s holistic approach to social studies a refreshing departure and a source of new practical ideas Indeed the diversity of ideas and styles is as broad as the book s subject **Merchant Vessels of the United States ...
