The Twelfth Wonder of the World Jerry L. Rhoads, 2017-08-31

Poetry is so personal. It is hard to convince readers to take the time to feel the words, not just read them. The Eighth Wonder of the World presents something we all possess and don't realize its value. So for this fifth book, The Twelfth Wonder of the World, to resonate with the buyer, reader, a love of poetry will initially be the reason it sells. After that, it will be the value to each reader as they capitalize on the wonders we all possess. The series of Wonders of the World poems are to relate all humans on Earth to a common denominator. The mind, eighth wonder, and the soul, ninth wonder, are our human metaphysical commonalities, whereas the heart, tenth wonder, and the brain, the eleventh wonder, are physical commonalities to all of us as individuals. And finally, the spirit, twelfth wonder, our infinite energy is what each of us are metaphysically for the infinite trip from here to there, the final wonder.
