The Air Mines Of Mistila:

The Air Mines of Mistila Sylvia Kantaris, Philip Gross, 1988 High above the plain up where the mountainside melts into cloud lies an unmapped plateau Kantaris son was in Colombia and he told her about Mistila She mentioned it to Gross In response he sent her a poem She replied In three months they populated the Mistilan plateau with a cast of characters who live eke out their livelihoods and die Like us almost This collaboration between two poets was a Poetry Book Society Choice

In Black and Gold C. C. Barfoot, 1994 In Black and Goldindicates that opposed styles of poetry reveal subterranean correspondences that occasionally meet and run together Austerity or tomfoolery are two of the many valid responses to the human condition that create the contiguous traditions that cannot help touching and reacting to each other The poetry discussed in this book deals with the relation of individuals to strange or to familiar landscapes and what this means to their own sense of displacement or rootedness with the use of history as an escape from or as a challenge to an apparently failing present and with the role of nationalism either as a refuge for angry frustration or as a weapon against the affronting world or as an ambivalent loyalty that needs to be scoured or as all three Here we find poetry as a means of discovering true or false allegiances and valid or invalid public and private identities poetry as a medium for exploring the uses of the demotic in confronting the breakdowns and injustices of modern democracy poetry as play in the midst of private and public woe poetry as a spiritual guest as a spiritual scourging as a wrestling with spiritual absences and poetry as an intermittent and sporadic commemoration of the triumphs and delights of epiphanic encounters with the physical world The Oxford Companion to Twentieth-century Literature in English Jenny Stringer, 1996 Survey of twentieth century English language writers and writing from around the world celebrating all major genres with entries on literary movements periodicals more than 400 individual works and articles on approximately 2 400 authors The Poetry Review ,1988 The Oxford Companion to Modern Poetry in English Jeremy Noel-Tod, Ian Hamilton, 2013-05-23 This impressive volume provides over 1 700 biographical entries on poets writing in English from 1910 to the present day including T S Eliot Dylan Thomas and Carol Ann Duffy Authoritative and accessible it is a must have for students of English and creative writing as well as for anyone A History of Twentieth-Century British Women's Poetry Jane Dowson, Alice with an interest in poetry Entwistle, 2005-05-19 Publisher Description Poetry with an Edge Neil Astley, 1988 Bloodaxe's house anthology was first published to mark the press s tenth anniversary in 1988 This was a 320 page anthology A revised second edition appeared in 1993 with the same ISBN expanded to 384 pages With its bold uncompromising stable of new and established British Irish American and European writers Bloodaxe has revolutionised poetry publishing in Britain Bloodaxe poets can t be labelled They are all different and they include some of the major writers of our time Irina Ratushinskaya Miroslav Holub Tony Harrison Denise Levertov R S Thomas Kamau Brathwaite Marin Sorescu and Tomas Transtr mer But if you want a de nition of poetry with an edge the poems in this book will supply it Poetry with an Edge is a startling anthology of vital vigorous
