Getting Real Gary Tyra, 2018-02-08 Some reputable sociological research indicates that a surprising number of evangelical churchgoers are living out a version of the Christian life that is more informed by the values of the surrounding culture than by the discipleship teachings of Jesus and his apostles Viewing the cause of this disturbing trend in the church to be a discipleship deficit that is exacerbated by a pneumatological deficit Gary Tyra has written a book that addresses both In this work Tyra encourages evangelical Christians of all stripes to become more fully aware of the tremendous difference it makes when the Holy Spirit is experienced in ways that are real and existentially impactful rather than merely theoretical conceptual and or ritualistic Intended to be read by church leaders as well as by students in Christian colleges and seminaries the message here is that the cure for the ministry malady currently confronting us is the recovery of a robust fully Trinitarian doctrine of the Spirit A pneumatological realism says Tyra combined with an understanding of just how important a spiritual moral and missional faithfulness is to a genuine Christian discipleship can revitalize the lives of individual Christians and churches making it possible for them to reach their post Christian peers for Christ

Preaching Justice James M. Childs, Jr., 2000-03-01 The principal concern of this book is not complex theoretical discussions of justice so common to the discipline of ethics but how working for justice fits into the church s mission and especially into its preaching An opening chapter sets forth a biblical and theological basis for the conviction that justice is at the heart of the church s mission and witness Then follows a chapter on preaching that distinguishes between merely moralizing about justice and genuinely preaching it The remaining chapters in the book speak of preaching justice in dialogue with current contextual realities such as 1 the racism of our American context 2 the church s pentecostal heritage of communicating in and through all cultures 3 the fact that much of the injustice in our society is a by product of greed in its individual and enculturated manifestations and 4 the need to deal appropriately and faithfully with the multicultural context of today A concluding chapter brings the preacher back into the context of the church and its gospel foundations that is the source of preaching justice and walking together with the people of God in quest of it James M Childs is the Joseph A Sittler Professor of Theology and Ethics and Academic Dean at Trinity Lutheran Seminary Columbus Ohio He is the author of Faith Formation and Decision Ethics in the Community of Promise 1991 and Ethics in Business Faith at Work 1995 For Clergy seminarians homiletics ethicists peace and justice readerships students of mission and modern culture

Ethical Approaches to Preaching John S.

McClure,2021-02-23 Different ethical situations require different homiletical responses John McClure organizes recent literature on ethics and preaching into four ethical approaches Does your situation require public moral leadership Then a communicative ethic is best Does your situation require the development of countercultural moral character Then a witness ethic is best Does your situation require ethical consciousness raising and organizing for social justice Then a liberationist ethic is best Does your situation require genuine moral conversation and the discernment of shared commitments in spite of our differences Then a hospitality ethic is best Each ethical approach is briefly and carefully explored correlated with appropriate contexts and situations and demonstrated with model sermons The result is a useful handbook for quickly discerning what ethical approach is needed how to preach that approach and what to expect as a result
