Speeches And Writings 18321858

James T. Kloppenberg

Speeches And Writings 18321858:

Abraham Lincoln: Speeches and Writings Vol. 1 1832-1858 (LOA #45) Abraham Lincoln, 1989-10-01 Abraham Lincoln measured the promise and cost of American freedom in lucid and extraordinarily moving prose famous for its native wit simple dignity of expressions and peculiarly American flavor This volume with its companion *Abraham Lincoln Speeches and Writing 1859 1865* comprises the most comprehensive selection ever published over 240 speeches letters and drafts take Lincoln from rural law practice to national prominence and chart his emergence as an eloquent antislavery advocate and defender of the constitution included are the complete Lincoln Douglas debates perhaps the most famous confrontation in American political history LIBRARY OF AMERICA is an independent nonprofit cultural organization founded in 1979 to preserve our nation's literary heritage by publishing and keeping permanently in print America's best and most significant writing The Library of America series includes more than 300 volumes to date authoritative editions that average 1 000 pages in length feature cloth covers sewn bindings and ribbon markers and are printed on premium acid free paper that will last for centuries

Educating Democracy Brian Danoff, 2010-01-04 Do strong leaders inevitably undermine democracies Drawing upon the insights of Alexis de Tocqueville Brian Danoff offers a compelling revisionist analysis of the role of leadership in democratic societies Rather than focusing on effectiveness or character to assess the quality of leaders in democracies Tocqueville suggests that great democratic leaders are those who educate elevate and empower their fellow citizens certain types of leadership enhance rather than diminish self rule Danoff then enriches and expands Tocqueville's perspective through the ideas of American theorists and statesmen such as Woodrow Wilson Abraham Lincoln and the Antifederalists Timely and necessary this book sheds new light on both Tocqueville and on the role of leadership in American democracy

Sovereign of a Free People James H. Read, 2023-08-21 When Abraham Lincoln was sworn into office seven slave states had preemptively seceded rather than recognize the legitimacy of his election In his first inaugural address on March 4 1861 Lincoln replied to the secessionists and set forth a principled defense of majority rule as the only true sovereign of a free people His immediate purpose was to argue against the legitimacy of a powerful minority forcibly partitioning the United States because it was dissatisfied with the results of a free constitutionally conducted election His wider purpose was to make the case that a deliberate constitutionally checked majority though by no means infallible was the appropriate ultimate authority not only on routine political questions but even on the kind of difficult deeply divisive questions like the future of slavery that could otherwise trigger violent contests *Sovereign of a Free People* examines Lincoln's defense of majority rule his understanding of its capabilities and limitations and his hope that slavery could be peacefully and gradually extinguished through the action of a committed national majority James Read argues that Lincoln offered an innovative account of the interplay between majorities and minorities in the context of crosscutting issues and shifting public opinion This story is particularly timely today as a new minority of dissatisfied voters has threatened and enacted violence in

response to a valid election Read offers the first book focused on Lincoln's understanding of majority rule He also highlights the similarities and differences between the threats to American democracy in Lincoln's time and in our own Sovereign of a Free People challenges common assumptions about what caused the Civil War takes seriously the alternative path of a peaceful democratic abolition of slavery in the United States and offers a fresh treatment of Lincoln and race **With Liberty and Justice for All?** Steven A. Steinbach, Maeva Marcus, Robert Cohen, 2022 A valuable resource for students teachers and citizens looking to better understand US Constitutional history With Liberty and Justice for All The Constitution in the Classroom is designed to help teachers and students generate analysis and debate in our nation's classrooms about an aspect of US history that has produced intense disagreements about rights and wrongs constitutional history For more than two centuries Americans have argued about what the US Constitution permits or requires or not and what values and ideals it enshrines or not indeed who is to be included or not in the very definition of We the People This book provides abundant resources to explore key moments of debate about the Constitution and its meaning focusing on fundamental questions of citizenship and rights It analyzes American history through the use and misuse of the Constitution over time from early disputes about liberty and slavery to more recent quarrels over equality and dignity With a foreword by Ruth Bader Ginsburg this book's succinct and probing essays by prize winning historians including Linda Greenhouse Mary Sarah Bilder Annette Gordon Reed Eric Foner Sam Erman Julie Suk Laura Kalman and Melissa Murray provide the core of the book Their topics encompass woman suffrage school desegregation Japanese internment McCarthyism all dramatic turning points in American history Carefully selected and annotated primary sources and focused discussion questions provide teachers with the tools to bring constitutional history into the classroom with ease As this book amply demonstrates United States history is constitutional history A companion website provides additional resources for teachers *Toward Democracy* James T. Kloppenberg, 2016-05-06 In this magnificent and encyclopedic overview James T. Kloppenberg presents the history of democracy from the perspective of those who struggled to envision and achieve it The story of democracy remains one without an ending a dynamic of progress and regress that continues to our own day In the classical age democracy was seen as the failure rather than the ideal of good governance Democracies were deemed chaotic and bloody indicative of rule by the rabble rather than by enlightened minds Beginning in the 16th and 17th centuries however first in Europe and then in England's North American colonies the reputation of democracy began to rise resulting in changes that were sometimes revolutionary and dramatic sometimes gradual and incremental Kloppenberg offers a fresh look at how concepts and institutions of representative government developed and how understandings of self rule changed over time on both sides of the Atlantic Notions about what constituted true democracy preoccupied many of the most influential thinkers of the Western world from Montaigne and Roger Williams to Milton and John Locke from Rousseau and Jefferson to Wollstonecraft and Madison and from de Tocqueville and J. S. Mill to Lincoln and Frederick Douglass Over three centuries explosive ideas and

practices of democracy sparked revolutions English American and French that again and again culminated in civil wars disastrous failures of democracy that impeded further progress Comprehensive provocative and authoritative Toward Democracy traces self government through three pivotal centuries The product of twenty years of research and reflection this momentous work reveals how nations have repeatedly fallen short in their attempts to construct democratic societies based on the principles of autonomy equality deliberation and reciprocity that they have claimed to prize Underlying this exploration lies Kloppenberg s compelling conviction that democracy was and remains an ethical ideal rather than merely a set of institutions a goal toward which we continue to struggle *Political Liberalism and the Rise of American Romanticism* Scott M. Reznick,2024 This volume traces how American literature evolved in response to widespread conflicts over the very nature of US democracy in the early republic and antebellum eras It examines how American writers reacted to three moments of profound divisiveness in the 1790s 1830s and 1850s New Perspectives on the Union War Gary W. Gallagher,Elizabeth R. Varon,2019-06-04 Edited by Gary Gallagher and Elizabeth Varon two of the most prominent nineteenth century American historians in the nation New Perspectives on the Union War provides a more nuanced understanding of what Union meant in the Civil War North by exploring how various groups of northerners conceived of the term The essays in this volume demonstrate that while there was a broad consensus that the war was fought or should be fought for the cause of Union there was bitter disagreement over how to define that cause debate not only between political camps but also within them The chapters touch on economics politics culture military affairs ethnicity and questions relating to just war Contributors Michael T Caires Frank Cirillo D H Dilbeck Jack Furniss Jesse George Nichol William B Kurtz Peter C Luebke and Tamika Nunley *Friends and Citizens* Peter Dennis Bathory,Nancy Lynn Schwartz,2001 The prominent contributors in Friends and Citizens examine the relationship between friendship and politics in American thought and contend that democratic politics is incomplete without citizen friendship and similarly friends need political life to provide a framework for virtue This volume honors Wilson Carey McWilliams a leading teacher and scholar of our time Fourteen essays by teachers colleagues and students pay tribute to him as friend and citizen and seek to share their understanding of McWilliams s thinking through their own analyses of American political life Friends and Citizens is rich in the humor insights heritage despair and hope that characterize the work of Carey McWilliams and his unique vision of America s political promise This is an important book for anyone interested in modern politics Lincoln & Davis Augustin Stucker,2011-11-04 *The Rediscovery of America* Edward J. Erler,Ken Masugi,2019-02-08 Harry V Jaffa 1918 2015 one of the profoundest political thinkers of his time is known most prominently for his pathbreaking work on Abraham Lincoln Jaffa who taught for 50 years at the Claremont Colleges and was a Distinguished Fellow of the Claremont Institute sought to produce a revolution in political philosophy by applying Strauss s controversial thinking about natural right Scripture and human greatness to American politics In these 10 essays beginning in the 1980s Jaffa rediscovered the moral and intellectual complexity of

statesmanship in particular that of Lincoln and the American founders. The essays reveal the profundity of the Declaration of Independence in observations both theoretical e.g. Aristotle and Aquinas and practical e.g. campus radicalism. Jaffa takes aim at the interpretations of America made by some of Leo Strauss's students chastising their imputation of radically liberal theorizing to the Declaration and their ignorance of the meaning of all men are created equal. The Declaration's radicalism lies rather in its synthesis of ancient political philosophy and Scriptural authority on the good human life. Jaffa is particularly critical of Allan Bloom and in previously unpublished essays Irving Kristol and Harvey Mansfield for their errors about America. Jaffa's essays recover political philosophy in its political and philosophic dimensions so that it can be a continuing guide for our politics today.
