The Academic Tribes

Ulrich Teichler, William K. Cummings

The Academic Tribes:

Academic Tribes And Territories Becher, Tony, Trowler, Paul, 2001-10-01 Acclaim for the first edition of *Academic Tribes and Territories* Becher's insistence upon in depth analysis of the extant literature while reporting his own sustained research doubled the thickness of the material to be covered *Academic Tribes and Territories* is a superb addition to the literature on higher education There is here an education to be had Burton R Clark *Higher Education* Becher's landmark work The higher education community both practitioners and educational researchers need to assimilate and to heed the message of this important and insightful book Alan E Bayer *Journal of Higher Education* a bold approach to a theory of academic relations The result is a debt to him Becher for all students of higher education The Times Educational Supplement a classic in its field The book is readily accessible to any member of the academic profession but it also adds significantly to a specialist understanding of the internal life of higher education institutions in Britain and North America I confidently predict that it will appear prominently on citation indices for many years Gareth Williams *Studies in Higher Education* How do academics perceive themselves and colleagues in their own disciplines and how do they rate those in other subjects How closely related are their intellectual tasks and their ways of organizing their professional lives What are the interconnections between academic cultures and the nature of disciplines *Academic Tribes and Territories* maps academic knowledge and explores the diverse characteristics of those who inhabit and cultivate it This second edition provides a thorough update to Tony Becher's classic text first published in 1989 and incorporates research findings and new theoretical perspectives Fundamental changes in the nature of higher education and in the academic's role are reviewed and their significance for academic cultures is assessed This edition moves beyond the first edition's focus on elite universities and the research role to examine academic cultures in lower status institutions internationally and to place a new emphasis on issues of gender and ethnicity This second edition successfully renews a classic in the field of higher education

The Academic Tribes Hazard Adams, 1976

Academic Tribes and Territories Tony Becher, 1989

Tribes and Territories in the 21st Century Paul Trowler, Murray Saunders, Veronica Bamber, 2012-01-25 The tribes and territories metaphor for the cultures of academic disciplines and their roots in different knowledge characteristics has been used by those interested in university life and work since the early 1990s This book draws together research data and theory to show how higher education has gone through major change since then and how social theory has evolved in parallel Together these changes mean there is a need to re theorise academic life in a way which reflects changed contexts in universities in the twenty first century and so a need for new metaphors Using a social practice approach the editors and contributors argue that disciplines are alive and well but that in a turbulent environment where many other forces conditioning academic practices exist their influence is generally weaker than before However the social practice approach adopted in the book highlights how this influence is contextually contingent how disciplines are deployed in different ways for different purposes and with varying degrees of purchase This

important book pulls together the latest thinking on the subject and offers a new framework for conceptualising the influences on academic practices in universities It brings together a distinguished group of scholars from across the world to address questions such as Have disciplines been displaced by inter disciplinarity having outlived their usefulness Have other forces acting on the academy pushed disciplines into the background as factors shaping the practices of academics and students there How significant are disciplinary differences in teaching and research practices What is their significance in other areas of work in universities This timely book addresses a pressing concern in modern education and will be of great interest to university professionals managers and policy makers in the field of higher education Academic Tribes and Territories Tony Becher,Paul Trowler,2001-10-16 Acclaim for the first edition of Academic Tribes and Territories Becher s insistence upon in depth analysis of the extant literature while reporting his own sustained research doubled the thickness of the material to be covered Academic Tribes and Territories is a superb addition to the literature on higher education There is here an education to be had Burton R Clark Higher Education Becher s landmark work The higher education community both practitioners and educational researchers need to assimilate and to heed the message of this important and insightful book Alan E Bayer Journal of Higher Education a bold approach to a theory of academic relations The result is a debt to him Becher for all students of higher education The Times Educational Supplement a classic in its field The book is readily accessible to any member of the academic profession but it also adds significantly to a specialist understanding of the internal life of higher education institutions in Britain and North America I confidently predict that it will appear prominently on citation indices for many years Gareth Williams Studies in Higher Education How do academics perceive themselves and colleagues in their own disciplines and how do they rate those in other subjects How closely related are their intellectual tasks and their ways of organizing their professional lives What are the interconnections between academic cultures and the nature of disciplines Academic Tribes and Territories maps academic knowledge and explores the diverse characteristics of those who inhabit and cultivate it This second edition provides a thorough update to Tony Becher s classic text first published in 1989 and incorporates research findings and new theoretical perspectives Fundamental changes in the nature of higher education and in the academic s role are reviewed and their significance for academic cultures is assessed This edition moves beyond the first edition s focus on elite universities and the research role to examine academic cultures in lower status institutions internationally and to place a new emphasis on issues of gender and ethnicity This second edition successfully renews a classic in the field of higher education **Mapping the Academic Tribes** Bill Brugger,1989 **Rethinking the Academic Experience** Malcolm Tight,2025-08-11 Rethinking the Academic Experience explores the collective experiences of everyone in higher education settings from students to those who teach and support them Malcolm Tight presents the academy as a single but highly complex and interconnected entity examining its individual stakeholders and elements to better understand these institutions **The Academic Citizen** Bruce Macfarlane,2006-09-27 With increasing focus on

excellence in research and teaching the service role of the individual academic is often neglected This book calls for greater recognition of this important aspect of academic life highlighting the importance of mentoring committee work and pastoral care in the daily running of universities Drawing from extensive examples from models around the world The Academic Citizen points to the benefits of effective communication with colleagues in the faculty across the university and in corresponding faculties across the world as well as those in maintaining positive associations with the wider world

The Academic's Handbook A. Leigh DeNeef, Craufurd D. Goodwin, 2007 This new revised and expanded edition of the popular Academic's Handbook is an essential guide for those planning or beginning an academic career Faculty members administrators and professionals with experience at all levels of higher education offer candid practical advice to help beginning academics understand matters including The different kinds of institutions of higher learning and expectations of faculty at each The advantages and disadvantages of teaching at four year colleges instead of research universities The ins and outs of the job market Alternatives to tenure track research oriented positions Salary and benefits The tenure system Pedagogy in both large lecture courses and small discussion based seminars The difficulties facing women and minorities within academia Corporations foundations and the federal government as potential sources of research funds The challenges of faculty mentoring The impact of technology on contemporary teaching and learning Different types of publishers and the publishing process at university presses The modern research library The structure of university governance The role of departments within the university With the inclusion of eight new chapters this edition of The Academic's Handbook is designed to ease the transition from graduate school to a well rounded and rewarding career Contributors Judith K Argon Louis J Budd Ronald R Butters Norman L Christensen Joel Colton Paul L Conway John G Cross Fred E Crossland Cathy N Davidson A Leigh DeNeef Beth A Eastlick Matthew W Finkin Jerry G Gaff Edie N Goldenberg Craufurd D Goodwin Stanley M Hauerwas Deborah L Jakubs L Gregory Jones Nellie Y McKay Patrick M Murphy Elizabeth Studley Nathans A Kenneth Pye Zachary B Robbins Anne Firor Scott Sudhir Shetty Samuel Schuman Philip Stewart Boyd R Strain Emily Toth P Aarne Vesilind Judith S White Henry M Wilbur Ken Wissoker

The Academic Profession in Europe: New Tasks and New Challenges Barbara M. Kehm, Ulrich Teichler, 2012-08-21 This book is the first of several with the results of a collaborative European project supported by the European Science Foundation on changes in the academic profession in Europe EUROAC It provides a short description of the ESF EUROHESC programme and the particular forms of international collaborative research projects which are funded under the umbrella of this programme It then outlines the EUROAC project This project has chosen three foci governance professionalisation academic careers to analyse changes in the work of the academic profession The first results in the form of in depth literature reviews constitute the content of the book These eight literature reviews about the state of the art of existing research feature the various dimensions of the overall theme A particular emphasis is put on factors leading to changes in the work tasks of the academic profession in Europe and how the academic

profession is coping with these new challenges Thus the book provides a state of the art account of existing research about the following themes main results of previous studies on the academic profession the academic profession and their interaction with new higher education professionals professional identities in higher education extending work tasks civic mission and sustainable development academic careers in academic markets the changing role of academics in the face of rising managerialism the influence of quality assurance governance and relevance on the satisfaction of the academic profession

The Academic's Handbook, Fourth Edition Lori A. Flores, Jocelyn H. Olcott, 2020-09-21 In recent years the academy has undergone significant changes a more competitive and volatile job market has led to widespread precarity teaching and service loads have become more burdensome and higher education is becoming increasingly corporatized In this revised and expanded edition of *The Academic's Handbook* more than fifty contributors from a wide range of disciplines and backgrounds offer practical advice for academics at every career stage whether they are first entering the job market or negotiating the post tenure challenges of leadership and administrative roles Contributors affirm what is exciting and fulfilling about academic work while advising readers about how to set and protect boundaries around their energy and labor In addition the contributors tackle topics such as debates regarding technology social media and free speech on campus publishing and grant writing attending to the many kinds of diversity among students staff and faculty and how to balance work and personal responsibilities A passionate and compassionate volume *The Academic's Handbook* is an essential guide to navigating life in the academy Contributors Luis Alvarez Steven Alvarez Eladio Bobadilla Genevieve Carpio Marcia Chatelain Ernesto Chavez Miroslava Chavez Garcia Nathan D B Connolly Jeremy V Cruz Cathy N Davidson Sarah Deutsch Brenda Elsey Sylvanna M Falcon Michelle Falkoff Kelly Fayard Matthew W Finkin Lori A Flores Kathryn J Fox Frederico Freitas Neil Garg Nanibaa A Garrison Joy Gaston Gayles Tiffany Jasmin Gonzalez Cynthia R Greenlee Romeo Guzman Lauren Hall Lew David Hansen Heidi Harley Laura M Harrison Sonia Hernandez Sharon P Holland Elizabeth Q Hutchison Deborah Jakubs Bridget Turner Kelly Karen Kelsky Stephen Kuusisto Magdalena Maczynska Sheila McManus Cary Nelson Jocelyn H Olcott Rosanna Olsen Natalia Mehlman Petrzela Charles Piot Bryan Pitts Sarah Portnoy Laura Portwood Stacer Yuridia Ramirez Meghan K Roberts John Elder Robison David Schultz Lynn Stephen James E Sutton Antar A Tichavakunda Keri Watson Ken Wissoker Karin Wulf

The Changing Academic Profession Ulrich Teichler, Akira Arimoto, William K. Cummings, 2013-03-15 This book provides an overview on the major findings of a questionnaire survey of academic profession in international perspective More than 25 000 professors and junior staff at universities and other institutions of higher education at almost 20 countries from all over the world provide information on their working situation their views and activities The study *The Changing Academic Profession* is the second major study of its kind and changes of views and activities are presented through a comparison of the findings with those of the earlier study undertaken in the early 1990s Major themes are the academics perception of their societal and institutional environments the views on the major tasks of teaching research and services

their professional preferences and actual activities their career their perceived influence and their overall job satisfaction Emphasis is placed on the influence of recent changes in higher education the internationalisation and globalisation the increasing expectation to provide evidence of the relevance of academic work and finally the growing power of management at higher education institutions Overall the academics surveyed show that worldwide discourses and trends in higher education put their mark on the academic profession but differences by country continue to be noteworthy Academics consider themselves to be more strongly exposed to mechanism of regulations incentives and sanctions as well as various assessments than in the past yet their own freedom and responsibilities and influence shape their identity more strongly and are reflected in widespread professional satisfaction *Engaging The Curriculum* Barnett, Ronald, Coate, Kelly, 2004-10-01

This book discusses the changes taking place in higher education especially in the UK in which curricula are being reframed to enable students to acquire skills that have market value **The Intersections of a Working-Class Academic Identity**

Teresa Crew, 2024-07-09 The ebook edition of this title is Open Access thanks to Knowledge Unlatched funding and freely available to read online Acknowledging the institutional challenges that hinder the work and careers of working class academics Teresa Crew calls for a more inclusive and equitable higher education landscape **E-Learning as a**

Socio-Cultural System: A Multidimensional Analysis Zuzevičiūtė, Vaiva, Butrimė, Edita, Vitkutė-Adžgauskienė, Daiva, Vladimirovich Fomin, Vladislav, Kikis-Papadakis, Kathy, 2014-06-30 Information and communication technologies play a crucial role in a number of modern industries Among these education has perhaps seen the greatest increases in efficiency and availability through Internet based technologies E Learning as a Socio Cultural System A Multidimensional Analysis provides readers with a critical examination of the theories models and best practices in online education from a social perspective evaluating blended distance and mobile learning systems with a focus on the interactions of their practitioners Within the pages of this volume teachers students administrators policy makers and IT professionals will all find valuable advice and enriching personal experiences in the field of online education **Being an Academic** Joëlle

Fanghanel, 2011-08-26 The role of academics in universities worldwide has undergone unprecedented change over the past decade In this book Fanghanel discusses the effect on academics of modes of governance that have fostered the application of market principles to higher education and promoted flexibility and choice as levers for competition across the sector She explores what it means to be an academic in the 21st century with reference to six moments of practice through which she analyses the main facets of academic work and the responses of academics to this neoliberal drive Being an Academic effectively examines the frameworks that govern academic work and academic lives and the personal beliefs and ideals that academics bring with them as educators and researchers in higher education It argues that there is a rich critical empowering potential within the academy that can be harnessed to counter the neoliberal stance and shape a meaningful contribution to modes of enquiry that deal with complexity and uncertainty in a global world Drawing on empirical research

collected from a global range of academics this book examines how academics respond to structural challenges It offers a re appraisal of the main dynamics underpinning the professional and intellectual engagement of academics in today s universities to feed a reflection on possible responses to the complex contemporary world with which the academic endeavour is engaged The themes explored include academics positioning towards Performativity and managerialism Regulation and professionalisation of practice The relation to learning and students The discipline Research Globalisation Each chapter includes vignettes illustrating the theme addressed a discussion with reference to the context of policy and practice published literature and illustrative reference to empirical data collected through interviews amongst academics in the UK Europe North America South Africa and Australia Providing a fresh look at the role of academics in a changing world this book is essential reading for all those engaging in higher education research lecturers new to higher education and practising academics navigating through their complex role

Academic Career Handbook Baxter, Lorraine, Hughes, Christina, Tight, Malcolm, 1998-05-01 Are you planning a career in higher education an academic whose career could and should develop wondering how you can realize your potential across institutions departments and disciplines looking for a career strategy Then this timely book has been written for you Designed for those working or hoping to work within the higher education system this handbook will also be of value to those in more established positions who want to develop their own careers or want to support younger colleagues With an emphasis on supporting staff development this timely handbook offers guidance on the craft of performing five key tasks networking teaching researching writing and managing Additionally issues such as getting published networking obtaining research funding principles of teaching and assessment and seeking promotion are discussed The handbook is designed to be accessible illuminating and entertaining with useful advice and critical viewpoints juxtaposed So if you want a successfully planned career instead of just letting it happen then this handbook s for you

Stakeholders in the Law School Fiona Cownie, 2010-01-28 This collection brings together a distinguished group of researchers to examine the power relations which are played out in university law schools as a result of the different pressures exerted upon them by a range of different stakeholders From students to governments from lawyers to universities a host of institutions and actors believe that law schools should take account of a vast number of often conflicting considerations when teaching their students designing curricula carrying out research and so on How do law schools deal with these pressures What should their response be to the stakeholders who urge them to follow agendas emanating from outside the law school itself To what extent should some of these agendas play a greater role in the thinking of law schools

Conversations, Choices and Chances Anthony Bradney, 2003-04-07 Most academics in university law schools would claim to offer a liberal education Few have thought very much about what a liberal education in law means Basing itself on a detailed examination of the theory of liberal education this book looks at what the liberal university law school should be doing in terms of its teaching research and administration

Forming, Recruiting and Managing the

Academic Profession Ulrich Teichler, William K. Cummings, 2015-06-05 This book focuses on the changes in academic careers and their implications for job attachment and the management of academic work Against the background of an ageing profession with different demands on academic staff increasing insecurity accountability and internationalisation it discusses important common themes in detail This book examines such aspects as the nature of academic careers and recent changes in careers changing biographies rewards of academic work such as income and job satisfaction internationalisation of the academy and the organisation and management of academic work sites This book is the second of two books highlighting findings from research on the academic profession notably the Changing Academic Profession Study and the European project supported by the European Science Foundation on changes in the academic profession in Europe EUROAC An adapted version of the CAP questionnaire has been used to carry out the survey in those countries that had not been involved before in the CAP survey Altogether 19 countries are covered by the CAP project and an additional seven European countries are covered by EUROAC

The Academic Tribes Introduction

In today's digital age, the availability of The Academic Tribes books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of The Academic Tribes books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of The Academic Tribes books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing The Academic Tribes versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, The Academic Tribes books and manuals for download are incredibly convenient. With just

a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing The Academic Tribes books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for The Academic Tribes books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, The Academic Tribes books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of The Academic Tribes books and manuals for download and embark on your journey of knowledge?

FAQs About The Academic Tribes Books

What is a The Academic Tribes PDF? A PDF (Portable Document Format) is a file format developed by Adobe that

preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a The Academic Tribes PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a The Academic Tribes PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a The Academic Tribes PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a The Academic Tribes PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
