**Enlightenment** Anton M. Matytsin,2016-10-26 8 A Matter of Debate Conceptions of Material Substance in the Scientific Revolution 9 War of the Worlds Cartesian Vortices and Newtonian Gravitation in Eighteenth Century Astronomy 10 Historical Pyrrhonism and Its Discontents Conclusion Notes Bibliography Index A B C D E F G H I J K L M N O P R S T U V W Y Z

**The Cambridge Companion to the Age of Nero** Shadi Bartsch,Kirk Freudenburg,Cedric Littlewood,2017-11-09 The age of Nero has appealed to the popular imagination more than any other period of Roman history This volume provides a lively and accessible guide to the various representations and interpretations of the Emperor Nero as well as to the rich literary philosophical and artistic achievements of his eventful reign The major achievements of the period in the fields of literature governance architecture and art are freshly described and analysed and special attention is paid to the reception of Nero in the Roman and Christian eras of the first centuries AD and beyond Written by an international team of leading experts the chapters provide students and non specialists with clear and comprehensive accounts of the most important trends in the study of Neronian Rome They also offer numerous original insights into the period and open new areas of study for scholars to pursue      Words on Cassette, 2002 R R Bowker Publishing,2002      **Retrying Galileo, 1633-1992** Maurice

A. Finocchiaro,2005-04-11 In 1633 at the end of one of the most famous trials in history the Inquisition condemned Galileo for contending that the Earth moves and that the Bible is not a scientific authority Galileo s condemnation set off a controversy that has acquired a fascinating life of its own and that continues to this day This absorbing book is the first to examine the entire span of the Galileo affair from his condemnation to his alleged rehabilitation by the Pope in 1992 Filled with primary sources many translated into English for the first time Retrying Galileo will acquaint readers with the historical facts of the trial its aftermath and repercussions the rich variety of reflections on it throughout history and the main issues it raises

The Power of Distraction Alessandra Aloisi,2023-09-07 From Pascal to contemporary anxieties about attention we have constantly been urged to avoid distraction if we want to live and work better But Alessandra Aloisi argues that we are missing the point Drawing on a broad range of European philosophy and literature this book considers distraction not as an expression of human imperfection but as a creative subversive and aesthetic capability In contrast to the traditional accounts from Saint Augustine to Robert Burton which either associated distraction with sin or considered it as a symptom of melancholy Aloisi argues that it is often precisely when we stop thinking about something that inspiration finds us Why else are artists described as having their heads in the clouds This book demonstrates the serendipity of distraction through close readings of cultural and visual sources ranging from the mathematician Poincaré to the Netflix show Black Mirror With

inspiration from La Bruyere Rousseau Leopardi Stendhal Baudelaire and others Aloisi further examines the political value of distraction After all in an age of ubiquitous technology and 24/7 availability fighting for our attention distraction provides what Bergson called a slight revolt from the codes and behaviors that society dictates Combining philosophy literature art and politics *The Power of Distraction* encourages us to think differently about our attention and considers just how productive daydreams can be Poole's Index to Periodical Literature: Rev. ed., pt. 1, A-J, 1802-1881. pt. 2, K-Z, 1882 **A New English Dictionary on Historical Principles: part 1. F (1901)** James Augustus Henry Murray, 1901 **Slavery and the American Founding** Jude M. Pfister, 2025-03-21 Since 1776 the Founding generation has been portrayed as creators of a new world where liberty and freedom were the inherent birthright of all peoples The Founders although brilliant were nonetheless human and fashioned a country conceived in liberty and freedom for themselves The enslaved women and other minorities were not part of the original Founding documents All men created equal was a political statement not some ethereal message of Enlightenment understanding This book demonstrates that to understand the American Founding is to understand the totality of America The American Founding and the so called compromises forged by state delegates to ensure national unity despite existing alternatives that could have rejected enslavement defined the period from 1765 to 1800 and planted the seeds for a horrific civil war Two of the most debated words from the Age of Enlightenment freedom and liberty not only made America independent but also made it dependent on an execrable system rejected by most of the European thinkers who inspired the uprising against Britain **A Cultural History of Tragedy in the Age of Enlightenment** Mitchell Greenberg, 2021-05-20 The period covered by this volume in the Cultural History of Tragedy set is bookended by two shockingly similar historical events the beheading of a king Charles I of England in 1649 and Louis XIV of France in 1793 The period between these two dates saw enormous political social and economic changes that altered European society's cultural life Tragedy which had dominated the European stage at the beginning of this period gradually saw itself replaced by new literary forms culminating in the gradual decline of theatrical tragedy from the heights it had reached in the 1660s The dominance of France's military and cultural prestige during this period is reflected in the important almost exclusive space dedicated in this volume to the French stage This book covers the tragedies of France's two greatest playwrights Pierre Corneille 1606-84 and Jean Racine 1639-99 which would dominate not only the French stage but through translations and adaptations became the model of tragic theater across Europe finding imitators in England Dryden Italy Alfieri and as far afield as Russia This dominance continued well into the 18th century with the triumph of Voltaire's tragedies This volume also examines how the writings of Diderot and Lessing changed the direction of theatre and how after the Revolution in the writings of Goethe Schiller Hegel tragedy and the tragic were reimagined and became the sign of European modernity Each chapter takes a different theme as its focus forms and media sites of performance and circulation communities of production and consumption philosophy and social theory religion ritual and myth politics of city and nation

society and family and gender and sexuality      **An Introduction to Hegel's Lectures on the Philosophy of Religion** Jon Stewart, 2021-12-23 An Introduction to Hegel's Lectures on the Philosophy of Religion examines Hegel's religious thinking by seeing it against the backdrop of the main religious trends in his own day specifically the Enlightenment and Romanticism A basic introduction to Hegel's lectures it provides an account of the criticism of religion by key Enlightenment thinkers such as Voltaire Lessing Hume and Kant This is followed by an analysis of how the Romantic thinkers such as Rousseau Jacobi and Schleiermacher responded to these challenges For Hegel the views of these thinkers from both the Enlightenment and Romanticism tended to empty religion of its content The goal that he sets for his own philosophy of religion is to restore this lost content The book provides a detailed account of Hegel's Lectures on the Philosophy of Religion and argues that the basic ideas of the Enlightenment and Romanticism are still present today and remain an important issue for both academics and non academics regardless of their religious orientation      A New English Dictionary on Historical Principles: part 1. C-Comm (1893) James Augustus Henry Murray, 1893      **The Age of the Democratic Revolution** R. R. Palmer, 2014-06-01 For the Western world the period from 1760 to 1800 was the great revolutionary era in which the outlines of the modern democratic state came into being Here for the first time in one volume is R R Palmer's magisterial account of this incendiary age Palmer argues that the American French and Polish revolutions and the movements for political change in Britain Ireland Holland and elsewhere were manifestations of similar political ideas needs and conflicts Palmer traces the clash between an older form of society marked by legalized social rank and hereditary or self-perpetuating elites and a new form of society that placed a greater value on social mobility and legal equality Featuring a new foreword by David Armitage this Princeton Classics edition of *The Age of the Democratic Revolution* introduces a new generation of readers to this enduring work of political history      **The Popular Encyclopedia;: pt. 1: On the rise and progress of literature [part 1], Canaille-Congress** Sir Daniel Keyte Sandford, 1836      **The Popular Encyclopedia;: pt. 1: Sketch of the progress of physical science [part 1], A-Bankrupt** Sir Daniel Keyte Sandford, 1836      *The Popular Encyclopedia;: pt. 1: On the rise and progress of the fine arts, Hunter-Ledyard* Sir Daniel Keyte Sandford, 1836      **Catalogue of the Barton Collection, Boston Public Library** Boston Public Library. Barton Collection, 1888      **The Mammoth Book of Unexplained Phenomena** Roy Bainton, 2013-01-17 New mysteries as well as variations on recurring ones continue to surface on a weekly basis around the globe from showers of frogs over Hungary to birds falling to earth in Arkansas This compendious round up of unexplained phenomena examines everything from the experiments being done with the Large Hadron Collider to classic maritime mysteries involving inexplicably missing crews via UFOs mediums cryptozoology panics paranoia and a universe proving stranger in fact than we'd imagined      **The Cambridge History of Eighteenth-century Philosophy** Knud Haakonssen, 2006 This two volume set presents a comprehensive and up to date history of eighteenth century philosophy The subject is treated systematically by topic not by individual thinker school or movement thus enabling a much more

historically nuanced picture of the period to be painted
