The Aldo Moro Murder Case:

The Aldo Moro Murder Case Richard Drake, 1995 Aldo Moro's kidnapping and violent death in 1978 had much the same effect in Italy as the assassination of President John F Kennedy had in the U S with both cases giving rise to endless conspiracy theories Drake provides a detailed portrait of the tragedy and its aftermath as complex symbols of a turbulent age in Italian history

Murder in the Vatican Lucien Gregoire, 2008 Murder in the Vatican is two books in one book The Revolutionary Life of John Paul the only existing biography of the 33 day Pope and The CIA Opus Dei and the 1978 Murders Why two books in one book Unless one understands the mystery of his life something the Vatican prefers to keep secret The Secret Life of John Paul one will never understand the mystery of his unwitnessed death This book is in its fourth edition In that time I have changed little of what I have said about this good man's life other than to expand my account in this new edition to include stories of his childhood and his young life as a seminarian and as a priest Yet the mystery of his death and the deaths of those around him has involved an investigative process that has taken me to Italy and elsewhere in the world many times and spanned many years I knew much more five years ago than I knew five years before that and I knew much more two years ago than I knew five years before that and I know much more today than I did then Here for the first time is the proof How John Paul and those around him fell victim to twentieth century capitalism as it was jointly embraced by the Vatican and the United States BEWARE OF THE USED BOOK MARKET 2003 2005 and 2006 editions do not include the complete biography or the solution to the murders Only this 404 page 2008 edition includes both complete books

The Vatican Murders: The Life and Death of John Paul I Lucien Gregoire, 2013-12 A monumental work of twentieth century capitalism as it was jointly embraced by the Vatican and the United States and those caught up in it Top shelf CIA Vatican intrigue T Francis Elliott The Times Some claim the Vatican Bank had to do with his murder Others claim his threat to change doctrine that unfairly penalizes the lives of innocent people drove curial cardinals in the clandestine deed Others claim the threat he was to the capitalistic tenets upon which the United States was founded rallied the CIA to action Others whisper his sexual orientation led to his demise The Vatican Murders reveals how each of these possibilities played a role in the murder of the youngest pope to die in four hundred years When elected based on the few bits which had reached outside Italy he was tabbed a moderate with an open mind to change doctrine in those cases it places unfair restraints on the lives of innocent people Like the time he ordered his priests to melt down their golden chalices and other implements of idol worship to build an orphanage to the times he had been caught baptizing born out of wedlock children to the times he had been caught officiating at funerals of the remarried to the times he ordered hospitals to admit partners of homosexuals into intensive care units to the time he defended their right to parent children to the times he had been caught giving the Eucharist to communists to the times he defied the ban on contraception to his courageous defense of the first artificially inseminated child just a month before his election to the time as a pope he declared God is the Father More so the Mother On

the afternoon of March 13 1978 fourteen men sat around a table in a sidewalk caf in a mountain village in northern Italy In casual clothes they went unnoticed though one was the reigning Pontiff and another the leader of the Russian Orthodox Church Included were Italian cardinals and statesmen who had been behind the rise of the Communist Party in Italy The others were cardinals of impoverished parts of the world Together they comprised the leadership of the Marxist movement in the western world They left at four o'clock and Aldo Moro reserved the table for this time next year On March 13 1979 Cardinals Benelli and Felici decided not to travel to Vittorio Veneto that day After all all the others were dead They too unaware of their impending doom were as good as dead TRUE LIFE TRUE CRIME **The Revolutionary Mystique and**

Terrorism in Contemporary Italy Richard Drake, 2021-03-02 What drives terrorists to glorify violence In *The Revolutionary Mystique and Terrorism in Contemporary Italy* Richard Drake seeks to explain the origins of Italian terrorism and the role that intellectuals played in valorizing the use of violence for political or social ends Drake argues that a combination of socioeconomic factors and the influence of intellectual elites led to a sanctioning of violence by revolutionary political groups in Italy between 1969 and 1988 Drake explores what motivated Italian terrorists on both the Left and the Right during some of the most violent decades in modern Italian history and how these terrorists perceived the modern world as something to be destroyed rather than reformed In 1989 *The Revolutionary Mystique and Terrorism in Contemporary Italy* received the Howard R Marraro Prize from the Society for Italian Historical Studies It was awarded for the best book that year on Italian history The book is reissued now with a new introduction for the light it might shed on current terrorist challenges The Italians had success in combating terrorism We might learn something from their example The section of the book dealing with the Italian superfascist philosopher Julius Evola holds special interest today Drake's original work takes on new significance in the light of Evola's recent surge of popularity for members of America's alt right movement *Conspiracy*

Theories in Contemporary Italy Gianmarco Navarini, 2024-11-25 This volume explores the role played by conspiracy narratives in the contemporary Italian political cultural and social context through a series of case studies It begins with a historical and genealogical account of the troubled success of Italian conspiracy thinking from the early 1970s to the present day Among the issues examined are the unclear division between legitimate illegitimate forms of knowledge the use of conspiracy as a confrontational discursive device the emergence of moral panic and the stabilization of information outlets against dominant official explanations The analysis covers the case of a well known national survey and a digital platform specializing in conspiracy storytelling The second axis of the book concerns the pervasive use of conspiracy as a theory or narrative that currently circulates in various Italian cultural fields multiculturalism immigration and racism Catholic traditionalism football fandom small business economics and cooking and food This volume will be of interest to researchers of conspiracy theories and Italian politics and history **Victimhood and Acknowledgement** Petra Terhoeven, 2018-10-22

The Strategy of Tension in Italy Juan Avilés, 2021-11-08 The third wave of terrorism in Europe has been the subject of numerous studies after David Rapoport's theoretical classification especially as it relates to New Left Marxist Socialist activity But one of its components has not hitherto been subject to scholarly investigation the Italian neo fascist terrorism that committed indiscriminate massacres as part of an alleged strategy of stoking political tension There is evidence that members of the intelligence services and security forces contributed to cover ups and indeed the neo fascist murders that took place may have been aimed at creating an atmosphere favourable to a coup d'état While conspiracy theories abound there is little in depth academic research on the circumstances despite the many sources available to researchers court rulings evidence gathered by various parliamentary commissions of enquiry and recently declassified official documents Juan Avilés' comprehensive study of the neo fascist killings the coup plots the cover ups and the alleged but unproven involvement of US agents the Stay Behind paramilitary structure and the P2 Masonic Lodge draws a firm line of demarcation between the real conspiracies that took place in Italy and unfounded conspiracy theories He offers an unparalleled interpretation of the alleged strategy of creating political tension based on all the available

evidence At the heart of the investigation is the threat to democracy and the way in which Italy was able to avoid the authoritarian drift to which many countries from Greece to Chile succumbed in those years The lessons learned have far reaching implications for all nations that subscribe to democratic values *A Concise History of Italy* Christopher Duggan,2014 A comprehensively updated new edition of Christopher Duggan s acclaimed introduction to the history of Italy

Conspirator Len Bracken,1999 Veteran conspiracy author Len Bracken s collection of witty essays and articles takes readers down the dark corridors of conspiracy politics murder and mayhem A fascinating maze of interwoven tales it includes juicy morsels for conspiracy theorists including the Russian conspiracy and an interview with Costa Rican novelist Joaquin Gutierrez A pop conspiracy classic it even includes a psychogeographic map of the third millennium *Terrorism in the Cold War* ,2020-09-17 Accounts of the relationships between states and terrorist organizations in the Cold War era have long been shaped by speculation a lack of primary sources and even conspiracy theories In the last few years however things have evolved rapidly Using a wide range of case studies including the British State and Loyalist Paramilitaries in Northern Ireland as well as the United States and Nicaragua this book sheds new light on the relations between state and terrorist actors allowing for a fresh and much more insightful assessment of the contacts dealings agreements and collusion with terrorist organizations undertaken by state actors on both sides of the Iron Curtain This book presents the current state of research and provides an assessment of the nature motives effects and major historical shifts of the relations between individual states

and terrorist organizations The articles collected demonstrate that these state terrorism relationships were not only much more ambiguous than much of the older literature had suggested but are in fact crucial for the understanding of global political history in the Cold War era

Postmodern Ethics Elizabeth Wren-Owens, 2009-05-05 Postmodern Ethics offers a new perspective on debates surrounding the role of the intellectual in Italian society and provides an original reading of two important Italian contemporary writers Leonardo Sciascia and Antonio Tabucchi It examines the ways in which the two writers use literature to engage with their socio political environment in a climate informed by the doubts and scepticism of postmodernism after traditional forms of impegno had been abandoned Postmodern Ethics explores ways in which Tabucchi and Sciascia further their engagement through embracing the very factors which problematized traditional committed writing such as the absence of fixed truths the inability of language to fully communicate ideas and intertextuality Postmodern Ethics provides an innovative new reading of Tabucchi's works It challenges the standard view in critical literature that his writing may be divided into engaged texts which dialogue with society and postmodern texts which focus on literary interiority suggesting instead that socio political engagement underpins all of his works It also offers a new lens on Sciascia's writing unpacking why Sciascia unlike his contemporaries is able to maintain a belief in literature as a means of dialoguing with society Postmodern Ethics explores the ways in which Tabucchi and Sciascia approach issues of terrorism justice the anti mafia movement immigration and the value of reading in connected yet distinct ways suggesting that a close genealogy may be drawn between these two key intellectual figures
