leaves in the wind Ellie had a huge mind and was full of illusions just like most kids her age She also found beauty in everything around her On a day that seemed normal Ellie s life took a sudden turn that looked like it was ending The day had gone as planned and I had spent hours lost in books that were full of wonderful and exciting things that happened As the sun went down and the sky turned pink and orange Ellie chose to explore her garden a place she knew well and where she loved to read stories But this evening was different from the others Ellie could feel a soft breeze pulling her closer with a whisper that sounded like the earth itself Ellie was interested in what the wind was saying and followed it her heart beating fast like butterfly wings It took her to the farthest part of her garden where the flowers seemed to reach out and give her a soft push There was a doorway that was hidden by the flowers and wavy vines This wasn t just any gate though the light didn t shimmer it seemed to move and flicker casting shadows in Ellie s field of view Ellie got closer her big interested eyes sparkling It was getting louder and she could hear the wind calling for her to go through the opening As she reached out and ran her fingers along the smooth sparkling surface the whole universe seemed to stop and hold its breath Beyond the line was the Invisible Circus a magical and amazing world that could only be seen by people who really believed Ellie had never seen anything like this show not even in her wildest dreams In this place the everyday seemed impossible and magic filled the air She saw a sea of color with tents spread out in front of her The stars were so bright that they made the tents panels shine The music and laughter filling the air gave a hint of the riches that were waiting to be found Ellie moved forward and entered a realm where magic was the main way to measure being The wind which had been whispering behind her was now buzzing softly in her ears It was a constant friend who always made her feel better As she watched the show came to life all around her with each new sight and sound being more amazing than the last The Invisible Circus did not have to follow the rules that everyone else did In this place animals spoke human languages and told stories from places far away Without a net the acrobats did beautiful acrobatic dances that made it look like they were part of the wind The Tent of Mirrors showed Ellie s face but it also showed her hopes and dreams giving her a glimpse of what might be if she had the guts to believe For Ellie every step she took in this area was a discovery trip an adventure to the heart of magic The circus artists treated her like one of their own and they taught her a new lesson about how strong it is to believe in yourself and your magic To really live she learned one had to laugh with the joy of a heart full of faith To fly she learned one had to trust and to see the unseen one had to believe Ellie s trip through the Invisible Circus was more than just a quick stop at a cool place The trip she took to learn more about herself taught her that the magic she was looking for was inside her as well as the things around her With all of its secrets and wonders the circus was like a mirror showing us the magic that s inside each of us just waiting to be brought out by faith Ellie knew that the Invisible Circus would always be a part of her It was a special moment that would remind her to see beyond the obvious and find beauty in everyday things As the night went on it was time for her to go back to her own world Now that she was back home the wind that had led her to the portal was saying goodbye and offering more adventures

Because being amazed never ends in a world where magic lives in the shadows and people who believe can always reach the extraordinary Chapter 2 The Front Desk Ellie stood in front of the strangest ticket booth in the middle of the beautiful world beyond the entry that sparkled This wasn't the kind of ticket booth you'd find at the movies or on the train Oh no Its structure shone under the starry circus sky made from whispers of magic and imaginations It was warm and welcoming Things all around it looked like they were waiting for Ellie like magic was waiting for her to show up Ellie was shocked when she saw that the shop was being run by a beautiful owl whose feathers were the same color as the stars in the sky This owl wasn't like any other Its voice which was both smart and gentle showed how magical the circus had always been The owl said Welcome Ellie and its eyes seemed to understand everything that was going on in space and time A golden ticket glowing with its own light was held out by the owl It promised mystery and excitement It said To explore the wonders of the Invisible Circus you must first accept this golden ticket Ellie took out her hand shaking with joy and took the ticket It was warm to the touch and looked like it was living because it was pulsing with energy The owl then gave Ellie some advice that would help her on her journey through the circus This ticket is not just a pass to explore the wonders within it is a symbol of belief For in this circus belief is the key that unlocks the true magic of the world around you Ellie's first lesson in magic which she got from the talking owl at the magical ticket office changed her life She knew that she had to let go of her expectations and believe in both her and the magic of the circus in order to fully see and feel the wonders of the Invisible Circus Ellie had a golden ticket but it was more than just a way to get in It showed that she believed in the fantastic which is what brought her to the circus in the first place and it would now let her into a world where the impossible became possible With the ticket she could meet interesting people see all the tents and other attractions at the circus and see amazing magic shows With the help of the light from her golden ticket Ellie felt something change inside her as she walked by the ticket booth It looked like everything around her had a new sparkle to it The colors and sounds were more vivid and beautiful Buying the ticket seemed to have taken her to a world where magic was a part of everyday life and opened the gates to the circus together The talking owl smiled and watched Ellie as she walked deeper into the show This was because the owl knew Ellie's next trip would involve more than just seeing the
