a more participatory welfare state treating these diverse political approaches as inextricably intertwined While common wisdom holds that the New Left rejected all state involvement as cooptative at best Jennifer Frost traces the ways in which New Left and community activists did in fact put forward a prescriptive even visionary alternative to the welfare state After Students for a Democratic Society and its community organizing unit the Economic Research and Action Project disbanded New Left and community participants went on to apply their strategies and goals to the welfare rights women s liberation and the antiwar movements In her study of activism before the age of identity politics Frost has given us the first full fledged history of what was arguably the most innovative community organizing campaign in post war American history

war in Vietnam and continuing racial inequality Poor and working class whites have often been painted as spectators reactionaries and even racists But authors James Tracy and Amy Sonnie disprove that narrative Through over ten years of research interviewing activists along with unprecedented access to their personal archives Tracy and Sonnie tell a crucial untold story of the New Left Their deeply sourced narrative history shows how poor and working class individuals from diverse ethnic rural and urban backgrounds cooperated and drew strength from one another The groups they founded redefined community organizing and transformed the lives and communities they touched Hillbilly Nationalists Urban Race Rebels and Black Power is an important contribution to our understanding of a pivotal moment in U S history Among the groups in the book JOIN Community Union brought together southern migrants student radicals and welfare recipients in Chicago to fight for housing health and welfare The Young Patriots Organization and Rising Up Angry organized self identified hillbillies Chicago greasers Vietnam vets and young feminists into a legendary Rainbow Coalition with Black and Puerto Rican activists In Philadelphia the October 4th Organization united residents of industrial Kensington against big business war and a repressive police force In the Bronx White Lightning occupied hospitals and built coalitions with doctors to fight for the rights of drug addicts and the poor     *Newsletter* ,1971     *Newsletter* United States.
