Corsi, Craig R. Smith, 2021-05-14 It is estimated that Americans consume more than 25 percent of the world's oil but have control over less than 3 percent of its proven supply This extremely

unbalanced pattern of consumption makes it possible for foreign governments corrupt political leaders terrorist organizations and oil conglomerates to place the citizens of the United States in a stranglehold of supply and demand There is no greater proof of this than the direct relationship between skyrocketing gas prices and the exploding wealth of those who control the supply of oil In *Black Gold Stranglehold* Jerome R Corsi and Craig R Smith expose the fraudulent science that has been sold to the American people in order to enslave them the belief that oil is a fossil fuel and a finite resource On the contrary this book presents authoritative research currently known mostly in the scientific community that oil is not a product of decaying dinosaurs and prehistoric forests Rather it is a natural product of the earth The scientific evidence cited by Corsi and Smith suggests that oil is constantly being produced by the earth far below the planet s surface and that it is brought to attainable depths by the centrifugal forces of the earth s rotation In great detail Corsi and Smith explore the international and domestic politics of oil production and consumption This includes the wealth and power of major oil conglomerates the manipulation of world economies by oil producing states and rogue terrorist regimes and the political agenda of radical environmentalists and conservationists who obstruct the use of oil reserves currently controlled by the U S government The authors offer an understanding of the dangerous situation America faces because its currency is no longer tied to any precious and truly scarce metals such as gold as it was until 1973 This situation could easily lead to the devastation of the U S economy if Middle Eastern countries are able to enact current plans to accept only the Euro or gold backed currencies such as the Gold Dinar instead of the U S dollar as the standard currency for oil *Black Gold Stranglehold* will dramatically change the debate about oil The significance of its message is sure to cause thoughtful people to reconsider the current dependence of the U S economy on imported oil *United States Air Services* ,1919 **Billboard** ,1952-03-22 In its 114th year Billboard remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends **Fodor's 07 Alaska** Fodor's Travel Publications, Inc,2007 A guide to America s last frontier provides practical information on accommodations restaurants national parks and wilderness areas as well as ratings of all ships cruising to Alaska and essays on Alaskan history **My Downside Up Life** Weldon Munter,2005 Rising from poor and loveless childhood homes Weldon Munter successfully fought his way through good times and bad to become a successful pilot in both the military and civilian fields amassing over 10 000 hours of flight time *Alaska 2008* Fodor's,2007-12-04 Packed with lively reader feedback extensive reviews and personal advice Fodors *Alaska 2008* has been revamped and revised A photo rich interior a pullout color map and updated topographical maps of the best parks and preserves are also included *U.S. Air Services* ,1919 *Regional Development Plan Report for 1942 ...* United States.
