The Almanac Of American Politics 2002

Michal Rosen-Zvi

The Almanac Of American Politics 2002:

Almanac of American Politics James A. Barnes, 2015-10-15 The 2016 Almanac remains the gold standard of accessible political information relied on by everyone involved invested or interested in American politics Highly regarded for its in depth analysis and comprehensive profiles of every congressional district state governor and member of Congress The Almanac is the tool you need to better understand the context of the people and perspectives shaping the issues that matter to you The Almanac of American Politics is the must have resource for understanding the American political landscape The 2016 edition includes In depth profile of every governor Senator and House member Updated demographic information for every state and district including information from the Census Bureau s American Community Survey with new categories of economic occupational social and geographic data **The Almanac of American Politics 2002** Michael Barone, 2002

The Dynamics of Southern Politics Seth C. McKee, 2018-07-17 I cannot praise the author enough for rising to the challenge of providing students with an accessible trip through time to show the emergence of the one party South and how the South evolved over time Keith Lee Georgia College Taking a hard look at the changing demographics in the American South The Dynamics of Southern Politics discusses how this region remains exceptional while also addressing how that exceptionalism is eroding Author Seth McKee tells a historically rich story going back to the end of the Civil War tracks electoral changes to the present and explores some of the most significant components contributing to partisan change Supported by a host of detailed tables and figures this book pairs a strong historical foundation with an in depth analysis of the contemporary region The Almanac of American Politics, 2002 Michael Barone, 2001 Describes each congressional district and includes profiles of governors and members of Congress Almanac of American Politics 2002 , The National Journal Group Inc based in Washington D C presents an online version of its print publication entitled Almanac of American Politics 2002 The online version comprises a regularly updated news resource about American politics Categories include key votes of the 107th U S Congress results from special and interim elections important committee changes election forecasts primary results and more A site search form is available The Christian Right in American Politics John C. Green, Mark J. Rozell, Clyde Wilcox, 2003-05-06 From the first rumblings of the Moral Majority over twenty years ago the Christian Right has been marshalling its forces and maneuvering its troops in an effort to re shape the landscape of American politics It has fascinated social scientists and journalists as the first right wing social movement in postwar America to achieve significant political and popular support and it has repeatedly defied those who would step up to write its obituary In 2000 while many touted the demise of the Christian Coalition the broader undercurrents of the movement were instrumental in helping George W Bush win the GOP nomination and the White House Bush repaid that swell of support by choosing Senator John Ashcroft once the movement s favored presidential candidate as attorney general The Christian Right in American Politics under the direction of three of the nation s leading scholars in the field of religion and politics recognizing the movement as a force still

to be reckoned with undertakes the important task of making an historical analysis of the Christian Right in state politics during its heyday 1980 to the millennium Its twelve chapters written by outstanding scholars review the impact and influence of the Christian Right in those states where it has had its most significant presence South Carolina Virginia Texas Florida Michigan Iowa Kansas Minnesota Colorado California Maine and Oregon and Washington Since 1980 scholars have learned a good deal about the social characteristics religious doctrine and political beliefs of activists in and supporters of the Christian Right in these states and each contribution is based on rigorous dispassionate scholarship The writers explore the gains and losses of the movement as it attempts to re shape political landscapes More precisely they provide in depth descriptions of the resources organizations and the group ecologies in which the Christian Right operates the distinct elements that drove the movement forward As the editors state the Christian Right has been engaged in a long and torturous march toward the millennium from outsider status into the thick of American politics Those formative years 1980 2000 are essential for any understanding of this uniquely American social movement This rigorous analysis over many states and many elections provides the clearest picture yet of the goals tactics and hopes of the Christian Right in America Rotten Boroughs, Political Thickets, and Legislative Donnybrooks Gary A. Keith, 2013-07-01 Every ten years the Texas legislature redistricts itself and the state s congressional districts in an attempt to ensure equality in representation With a richly textured cultural fabric Texas often experiences redistricting battles that are heated enough to gain national attention Collecting a variety of voices including legislators themselves in addition to lawyers community organizers political historians and political scientists Rotten Boroughs Political Thickets and Legislative Donnybrooks delivers a multidimensional picture of how redistricting works in Texas today and how the process evolved In addition to editor Gary Keith s historical narrative which emphasizes the aftermath of the Warren Court s redistricting decisions longtime litigators David Richards and J D Pauerstein describe the contentious lines drawn from the 1970s into the 2000s Former state legislator and congressman Craig Washington provides an insider s view while redistricting attorney and grassroots organizer Jose Garza describes the repercussions for Mexican Americans in Texas Balancing these essays with a quantitative perspective political scientists Seth McKee and Mark McKenzie analyze the voting data for the 2000 decade to describe the outcomes of redistricting The result is a timely tour that provides up to date context particularly on the role of the Voting Rights Act in the twenty first century From local community engagement to the halls of the Capitol this is the definitive portrait of redistricting and its repercussions for all Texans **Politics USA** Robert McKeever, 2014-05-22 Politics USA is a lively and authoritative introduction to American politics giving students a rich and varied resource for all aspects of their course The book provides expert and comprehensive analysis of US politics and government including in depth coverage of the presidency the Congress the Supreme Court and American foreign policy This third edition of Politics USA has been thoroughly updated to include analysis of Challenges and policies of the first Obama administration Recent results and developments in US

elections Latest major decisions of the US Supreme Court Contemporary American Foreign Policy This is an ideal introduction for students of US politics as well as anyone seeking to understand any or all aspects of politics in one of the world's most powerful and globally influential countries

Republican Ascendancy in Southern U.S. House Elections
 Seth C. McKee, 2018-04-17 Tremendous transformation marks the last three decades of American politics and nowhere has this change been as distinctive and penetrating as in the American South After 120 consecutive years of minority status the rapid ascendancy of Southern House Republicans in the 1990s has reshaped the contours of contemporary American politics increasing party polarization making a Republican House majority possible and most recently contributing to the revival of Democratic fortunes in national congressional elections Southern Republican ascendancy constitutes an exemplar of party system change made possible by three sequential factors increasing Republican identification redistricting and the emergence of viable Republican candidates Relying on existing and original data sources this text presents the most recent example of large scale partisan change Beyond serving as a primer for the study of political parties campaigns and elections and Southern politics Republican Ascendancy in Southern U S House Elections provides an original theoretical argument and an expansive view of why political change in the South has such strong implications for national politics

Waves of Discontent
 Jacob F. H. Smith, 2025-08-21 After a period of relative calm in congressional elections prior to 2006 America has experienced a series of highly competitive volatile national elections Since then at least one of the US House US Senate and presidency has flipped party control often with a large House or Senate seat swing with the exception of the 2012 election In Waves of Discontent Jacob F H Smith argues that a pervasive feeling of displeasure in the American public has caused this increase in electoral volatility Conducting statistical analyses of a wide array of surveys Smith found that these feelings of displeasure translate to lower turnout among voters from the president's party and a higher percentage of independents voting for the other party Subsequently he conducted a content analysis of New York Times articles to look at the connection between unrest in American society and seat swings in congressional elections even before the existence of polling Examining the consequences of volatility in congressional elections reveals that political amateurs are more likely to win in wave years than in normal years Based on this data Smith presents a new theory about the policy process the policy doom loop in which frustration among voters at both the inability of Congress to pass policy and anger at policies that actually do pass results in even more churn in congressional elections Waves of Discontent offers some suggestions to promote constructive policymaking efforts in Washington to reduce frustration in the electorate

Going Dirty
 David Mark, 2007-03-09 Going Dirty is a history of negative campaigning in American politics and an examination of how candidates and political consultants have employed this often controversial technique The book includes case studies on notable races throughout the television era in which new negative campaign strategies were introduced or existing tactics were refined and amplified upon Strategies have included labeling opponents from non traditional political backgrounds as dumb or

lightweight an approach that got upended when a veteran actor and rookie candidate named Ronald Reagan won the California governorship in 1966 setting him on a path to the White House The negative tone of campaigns has also been ratcheted up dramatically since the terrorist attacks of September 11 2001 Campaign commercials now routinely run pictures of international villains and suggest sometimes overtly at other times more subtly that political opponents are less than resolute in prosecuting the war on terror The book also outlines a series of races in which negative campaigning has backfired because the charges were not credible or the candidate on the attack did not understand the political sentiments of the local electorate they were trying to persuade The effect of newer technologies on negative campaigning is also examined including blogs and Web video in addition to tried and true methods like direct mail

The Future of Organized Labor in American Politics Peter L. Francia, 2006-02-01 In 1995 promising a more active political presence for unions John Sweeney was elected president of the AFL CIO Labor would develop a new voice one that could not be ignored or taken for granted by Democratic and Republican politicians However by the summer of 2005 opposition to Sweeney s leadership threatened to divide the labor movement In *The Future of Organized Labor in American Politics* Peter L Francia discusses the effects of Sweeney s controversial tenure as president and assesses labor s influence on American political elections and legislation Drawing on interviews with union and business leaders as well as campaign finance and public opinion data Francia argues that Sweeney has employed a more effective and expansive grassroots political operation than his predecessors He challenges critics who dismiss Sweeney s efforts as a failure but cautions that the decline in union membership presents a serious crisis for the labor movement When unions emphasize grassroots strategies they can effectively compete against the financial power of big business and can make a significant difference in congressional politics Francia analyzes organized labor s political activities its coalitions with other interest groups and its influence on voter turnout election results and votes in Congress He also examines the effects of Sweeney s embrace of progressive causes and labor s increasing willingness to challenge Democrats who vote against labor s interests For all his successes Sweeney s tenure has not been without its problems Labor s presence in American politics is threatened by shrinking membership in unions Francia suggests that if unions want to remain a viable political force in congressional politics they must devote more resources to organizing workers

Black Americans in Congress, 1870-2007 , 2008-10-03 *Black Americans in Congress 1870-2007* provides a comprehensive history of the more than 120 African Americans who have served in the United States Congress from 1870 through 2007 Individual profiles are introduced by contextual essays that explain major events in congressional and U S history Illustrated with many portraits photographs and charts House Document 108-224 3d edition Edited by Matthew Wasniewski Paperback edition Questions that are answered include How many African Americans have served in the U S Congress How did Reconstruction the Great Migration and the post World War II civil rights movement affect black Members of Congress Who was the first African American to chair a congressional committee Read about Pioneers who overcame

racial barriers such as Oscar De Priest of Illinois the first African American elected to Congress in the 20th century and Shirley Chisholm of New York the first black Congresswoman Masters of institutional politics such as Augustus Gus Hawkins of California Louis Stokes of Ohio and Julian Dixon of California Notables such as Civil War hero Robert Smalls of South Carolina civil rights champion Adam Clayton Powell Jr of New York and constitutional scholar Barbara Jordan of Texas And many more Black Americans in Congress also includes Pictures including rarely seen historical images of each African American who has served in Congress Bibliographies and references to manuscript collections for each Member Statistical graphs and charts A comprehensive index Other related products African Americans resources collection can be found here <https://bookstore.gpo.gov/catalog/african-americans> Biographical Directory of the United States Congress 1774-2005 can be found here <https://bookstore.gpo.gov/products/sku/052-071-01418-7> Women in Congress 1917-2006 Hardcover format can be found here <https://bookstore.gpo.gov/products/sku/052-070-07480-9> United States Congressional Serial Set Serial No 14903 House Document No 223 Women in Congress 1917-2006 is available here <https://bookstore.gpo.gov/products/sku/552-108-00040-0> Hispanic Americans in Congress 1822-2012 Print Hardcover format can be found here <https://bookstore.gpo.gov/products/sku/052-071-01563-9> Print Paperback format can be found here <https://bookstore.gpo.gov/products/sku/052-071-01567-1> ePub format available for Free download is available here <https://bookstore.gpo.gov/products/sku/052-300-00008-8> MOBI format is available for Free download here <https://bookstore.gpo.gov/products/sku/052-300-00010-0>

Impeaching Clinton Nicol C. Rae, Colton C. Campbell, 2004 Analysis of the impeachment and portrayal of the partisan and ideologically polarized state of American politics at the turn of the century Argues that the battle was not over Clinton but over control of the policy agenda back cover *Speaker Nancy Pelosi and the New American Politics* Ronald M. Peters, Jr., Cindy Simon Rosenthal, 2010-04-16 In *Speaker Nancy Pelosi and the New American Politics* Ron Peters and Cindy Simon Rosenthal provide a comprehensive account of how Pelosi became speaker and what this tells us about Congress in the twenty first century They consider the key issues that Pelosi's rise presents for American politics highlight the core themes that have shaped and continue to shape her remarkable career and discuss the challenges that women face in the male dominated world of American politics particularly at its highest levels The authors also shed light on Pelosi's political background show how twelve years out of power allowed her to fashion a new image for House Democrats and conclude with an analysis of her institutional leadership style *Public Opinion and Polling around the World* John G. Geer, 2004-07-21 Covering the intricate facets of America's most important democratic tradition this book serves as an important resource to understand how citizens' views are translated into governmental action *Public Opinion and Polling around the World* presents a thorough review of public opinion from its roots in colonial America to its role in today's emerging democracies More than 100 entries prepared by top scholars examine the 200 year history of public opinion measurement methodologies with an emphasis on telephone interviews and Internet polls and key figures like George Gallup and Elmo Roper who created their own polling

systems An analysis of theories compares schools of thought from the fields of psychology sociology and economics and explores how people form opinions A fascinating snapshot of the public s current views on economic issues foreign policy gender gay rights and other hot button topics observes patterns across genders race ethnic origins class and religion in regions all over the world Students academicians and political observers will discover answers to such questions as does public opinion shape the behavior of government

Bush on the Home Front John D. Graham,2010-03-30 Military operations in Afghanistan and Iraq consumed so much attention during his presidency that few people appreciated that George W Bush was also an activist on the home front Despite limited public support and while confronting a deeply divided Congress Bush engineered and implemented reforms of public policy on a wide range of issues taxes education health care energy environment and regulatory reform In *Bush on the Home Front* former Bush White House official and academic John D Graham analyzes Bush s successes in these areas and setbacks in other areas such as Social Security and immigration reform Graham provides valuable insights into how future presidents can shape U S domestic policy while facing continuing partisan polarization

John McCain Elaine S. Povich,2009-02-24 A rebel and risk taker from childhood John McCain son and grandson of admirals nevertheless chose to follow the traditional path marked out for him in the military Nearly six years in a North Vietnamese prison tested his resolve and proved his extraordinary resilience and will to survive Coming to Congress McCain found that making his way in politics demanded a different set of survival skills and he grew accustomed to the corridors of power while striving to keep his independence This lively biography traces McCain s unlikely ascent to the verge of attaining the nation s highest office while never ceasing to challenge himself and others to serve a cause greater than self interest

The Whips C. Lawrence Evans,2018-08-01 The party whips are essential components of the U S legislative system responsible for marshalling party votes and keeping House and Senate party members in line In *The Whips* C Lawrence Evans offers a comprehensive exploration of coalition building and legislative strategy in the U S House and Senate ranging from the relatively bipartisan committee dominated chambers of the 1950s to the highly polarized congresses of the 2000s In addition to roll call votes and personal interviews with lawmakers and staff Evans examines the personal papers of dozens of former leaders of the House and Senate especially former whips These records allowed Evans to create a database of nearly 1 500 internal leadership polls on hundreds of significant bills across five decades of recent congressional history The result is a rich and sweeping understanding of congressional party leaders at work Since the whips provide valuable political intelligence they are essential to understanding how coalitions are forged and deals are made on Capitol Hill This is a superb treatment of an important subject Every scholar of Congress every practitioner of congressional politics and every student graduate and undergraduate will learn important lessons about Congress from this book The book is exceptionally well researched written with flare and remarkably comprehensive The new data brought to bear on important issues is unparalleled in the field Steven Smith Washington University in St Louis Evans provides us with an engaging well

written and detailed study of the whip system that sheds new light on congressional coalition building and intra party politics I highly recommend Evans s significant empirical and theoretical contribution to scholars understanding of congressional party leadership congressional procedure members voting decisions and the legislative process more generally Kathryn Pearson University of Minnesota Some noteworthy advances in the understanding of Congress stem from new theoretical contributions while others are the result of gathering significant new data This book scores on both counts Larry Evans has thought deeply about the roles of party whips and he has also marshalled remarkable empirical evidence to support his contentions Everyone interested in Congress will want to read this book David Rohde Duke University *Veering Right*

Charles Tiefer, 2006-02-27 Tiefer has constructed a meticulous rigorous critical analysis of Bush Administration initiatives that he contends circumvent legal and public scrutiny
