De Bellis,2017-11-02 Fifty three individuals present a prismatic view of the two time Pulitzer Prize winner and his work through anecdote and insight Interviews and essays from family friends and associates reveal sides of the novelist perhaps unfamiliar to the public the high school prankster the golfer the creator of bedtime stories the charming ironist the faithful correspondent with scholars the devoted friend and the dedicated practitioner of his craft The contributors include his first wife Mary Pennington and three of their children high school and college friends authors John Barth Joyce Carol Oates and Nicholson Baker journalists Terri Gross and Ann Goldstein and scholars Jay Parini William Pritchard James Plath and Adam Begley Updike s biographer **Fairy Tales and the Social Unconscious** Ravit Raufman,Haim Weinberg,2018-03-21 The book combines two main perspectives the study of the social unconscious and the study of fairy tales Examining different versions of fairy tales told by different ethnic communities teaches us about the relations between universal and local cultural aspects of the social unconscious Exploring the unique status of fairy tales as located on the border line between concrete somatic and abstract linguistic realms sheds light on different levels of the human mind The book focuses on a specific phenomenon common in fairy tales a realization of idiomatic expressions a phenomenon in which an abstract mental idea is hidden behind a concrete event embedded in the plot Deciphering the abstract idea out of the pictorial world of the fairy tale enables to understand the stories in a way which is not available otherwise The book suggests interdisciplinary examination reminding us the rich deep messages hidden in fairy tales and connecting us to early developments in the field of psychoanalysis by suggesting new interpretation to old ancient material *The Disobedient Writer* Nancy A. Walker,1995 For centuries women who aspired to write had to enter a largely male literary tradition that offered few if any literary forms in which to express their perspectives on lived experience Since the nineteenth century however women writers and readers have been producing disobedient counter narratives that while clearly making reference to the original texts overturn their basic assumptions This book looks at both canonical and non canonical works over a variety of fiction and nonfiction genres that offer counter readings of familiar Western narratives Nancy Walker begins by probing women s revisions of two narrative traditions pervasive in Western culture the biblical story of Adam and Eve and the traditional fairy tales that have served as paradigms of women s behavior and expectations She goes on to examine the works of a wide range of writers from contemporaries Marilynne Robinson Ursula Le Guin Anne Sexton Fay Weldon Angela Carter and Margaret Atwood to precursors Caroline Kirkland Fanny Fern Mary De Morgan Mary Louisa Molesworth Edith
