Engaging in Narrative Inquiry D. Jean Clandinin, 2016-06-16 Narrative inquiry examines human lives through the lens of a narrative honoring lived experience as a source of important knowledge and understanding. In this concise volume D. Jean Clandinin, one of the pioneers in using narrative as research, updates her classic formulation on narrative inquiry with F. Michael Connelly, clarifying, extending, and refining the method based on an additional decade of work. A valuable feature is the inclusion of several exemplary cases with the author's critique and analysis of the work. The rise of interest in narrative inquiry in recent years makes this an essential guide for researchers and an excellent text for graduate courses in qualitative inquiry.

weight once you're wearing those extra pounds your metabolism shifts gears triggering multiple hormonal changes that perpetuate weight gain by making your body resistant to losing weight. The only way to lose weight is to rebalance your hormone systems and the Thyroid Solution Diet is meticulously crafted to do just that. Ask yourself these questions: Are you always tired? Do you have dry skin and dry hair? Is your hair thinning? Are your hands and feet always cold? Do you have a lack of motivation or are you moody, anxious, irritable or depressed? A thyroid imbalance could be causing any of these symptoms and your weight gain too. For decades researchers knew that the thyroid, a butterfly shaped gland at the front of the neck, governed metabolism, mood, body fat, brain function and even hearing and vision. But the details on how thyroid hormones control appetite, energy and weight weren't clear until recently. Even if you haven't been diagnosed with a thyroid condition or your doctor has told you your blood tests are normal, you might have a subclinical thyroid imbalance meaning your blood tests are minimally abnormal or borderline. Many doctors ignore these small abnormalities but losing weight with a borderline low thyroid condition is extremely difficult.

Michael Jackson Shawn Henning, 2010-06-17. Shawn Hennings new book is a powerful and overwhelming tribute and legacy to Michael Jackson. In one book he's collected love letters, reflections, eulogies, poems, essays and drawings from people throughout the world who have a special appreciation for the King of Pop. Michael Jackson. I was particularly impressed at the diversity of material from so many different countries and cultures, all of it heartfelt and illuminating. In *We Love You More* we learn about the many different ways that Michael Jackson affected people from all walks of life. The participants talk about how Michael's music, creativity and public example affected their lives and helped them to be better people. The contributions are a wonderful cathartic output to help to come to terms with the loss of Michael's huge talent. They will not only comfort those who have written them but those who read them. People will learn about the experiences they have in common with people throughout the world who followed Michael's career, his music, his good deeds and the example he set for this generation and generations to come. The book will also be of comfort to Michael's own family. They will see that the spirit of Michael will continue in people everywhere and in many ways and for many reasons. It's also fascinating to learn what people have to say about different songs and what they meant to their lives. I'm impressed by the diverse elements in the book, from eulogies to memories to poems and beautiful drawings and paintings and even photo montages at the end. Mr. Henning, you've done a wonderful service to the Michael Jackson fan community and I commend you.
