Social Class Language And Communication:

Social class language and communication Walter Brandis, Dorothy Henderson, 1974 **Social Class, Language and Communication** W. Brandis, D. Henderson, 2025-05-09 Originally published in 1970 *Social Class Language and Communication* explores the different effects of parental social class the ability and sex of the child and a measure of the mother's reported communication to her child upon aspects of five year old children's speech The study shows the relationship between a measure of linguistic flexibility in children and their family's social class position and includes the construction and application of an index of maternal communication and control Today it can be read in its historical context

Social class language and communication, 1970 **Social Class, Language and Communication** W. Brandis, D. Henderson, 2025-05 Originally published in 1970 this title explores the different effects of parental social class the ability and sex of the child and a measure of the mother's reported communication to her child upon aspects of five year old children's speech *Social Class Language and Education* Denis Lawton, 2006-10-19 Titles in the Class Race and Social Structure set of the International Library of Sociology consider every problem of socio political importance that affected society in the years following the Second World War *Applied Studies Towards a Sociology of Language* Basil Bernstein, 2004-11-23 The papers in this second volume show some of the results of the empirical exploration of Bernstein's hypothesis The volume represents a significant contribution not only to the study of the sociology of language but also to education and the social sciences This collection demonstrates the magnitude of Bernstein's pioneering contribution to socio linguistic studies S John Eggleston Times Educational Supplement **Theoretical Studies Towards a Sociology of Language** Basil Bernstein, 2005-11-23 The papers in this volume show the origin and development of Bernstein's theoretical studies into the relationships between social class patterns of language use and the primary socialization of the child Bernstein's hypothesis will require teachers to look afresh not only at their pupils language but at how they teach and how their pupils learn Douglas Barnes Times Educational Supplement His honesty is such that it illuminates several aspects of what it is to be a genius Josephine Klein British Journal of Educational Studies **The Psychology of Social Class** Michael Argyle, 1994 In *The Psychology of Social Class* leading social psychologist Michael Argyle provides a comprehensive account of psychological and other research into social class using data from Britain the United States and elsewhere By addressing differences in social class the book broadens the perspective of social psychological research to examine such topics as the effect of achievement motivation and other personality variables on social mobility and the effect of social class on health After examining the historical development of class and the attempts to abolish it Argyle describes the class system currently existing in Britain and compares it with others in the modern world Included are discussions of psychological models of class and hierarchies in small groups and social organizations A detailed account is provided of class differences in behavior and beliefs covering such aspects as marriage friendship speech style personality sexual behavior crime religion and leisure

Finally Argyle examines the images people have of the class system the effects of class on well being and discusses possible explanations of class differences in terms of genetics socialization work experience differences in lifestyle and the sheer effects of social status Language, Structure and Reproduction (Routledge Revivals) Paul Atkinson,2014-06-17 Basil Bernstein is one of the most creative and influential of contemporary British sociologists yet his work especially that relating to language and social structure is widely misunderstood and misrepresented This book first published in 1985 addresses the underlying themes and continuities in Bernstein s work and portrays him as a sociologist in the Durkheimian tradition This reissue will be of particular value to students interested in the sociology of education language and society anthropological linguistics and communication studies *Class, Codes and Control: Applied studies towards a sociology of language* Basil Bernstein,2003 The papers in this second volume show some of the results of the empirical exploration of Bernstein s hypothesis The volume represents a significant contribution not only to the study of the sociology of language but also to education and the social sciences Class, Codes and Control: Theoretical studies towards a sociology of language Basil B. Bernstein,2003 Bernstein s hypothesis will require teachers to look afresh not only at their pupils language but at how they teach and how their pupils learn Douglas Barnes Times Educational Supplement His honesty is such that it illuminates several aspects of what it is to be a genius Josephine Klein British Journal of Educati **Selected Studies and Applications** Joshua A. Fishman,2018-11-05 No detailed description available for Selected Studies and Applications

Language Development and Disorders W. Yule,M. Rutter,1987 Communication disabilities are common although their precise nature and degree of severity vary greatly among individuals They are among the most handicapping of disabilities because they isolate a person and in so doing restrict social educational and occupational opportunities One of the purposes of this book was to bring together theoretical practical and clinical knowledge from several disciplines that bear on language and communication into some reasonably accessible form The intent is to provide a broad and multi faceted view of language development and language disorders Thus contributions from education linguistics psychology pediatrics psychiatry neurology neuropsychology and speech therapy are included They describe our current knowledge of language development suggest classifications for language pathology outline what is known of the epidemiology of language difficulties consider assessment and therapy alternative communication systems and the impact of the new technology on communication aids The variety of perspectives that it provides will make it particularly useful to the range of specialists who are concerned with the development of communication skills and language disorders *Schooling in Hong Kong* Gerard A. Postiglione,Wing On Lee,1997-09-01 This volume presents readers with background material for understanding more about the characteristics of Hong Kong education as well as social and organizational perspectives that will contribute to informed discussion about key educational issues facing Hong Kong educators The book is organized into three parts The first part introduces the Hong Kong education system and its relationship to the labour market manpower planning and the policymaking process The

second part introduces the organizational and managerial aspects of schools The third part examines social factors as they affect educational attainment Here attention is focused upon social stratification language of instruction and special education A comprehensive and timely publication this volume should be of interest to practising teachers and participants in teacher education programmes in Hong Kong

A Linguistic Description and Computer Program for Children's Speech
 Geoffrey J. Turner, Bernard A. Mohan, 2014-01-10 This book presents a framework for the linguistic analysis of speech and a computer program to process the results of this analysis The model of description for the linguistic analysis is that known as scale and category grammar It is particularly suited for a study of how people use their language and especially for a sociologically oriented study of linguistic behaviour By incorporating a concept of delicacy it enables the investigator to vary according to his particular interests the amount of detail he enters into at various points in the description The present authors have made use of this facility and discuss the special interests sociological and psychological that influenced their choice of detail The computer program analyzes the grammatical structures written in a linear notation A second version has been written which allows easy modification to handle a variety of grammatical schemes and the program has application to the processing of the analysis of sequential behaviour in general especially where there are complex relations between the units analyzed

The Structuring of Pedagogic Discourse Basil Bernstein, 2004-11-23 This book represents part of an ongoing effort to understand the rules practices agencies and agents which shape and change the social construction of pedagogic discourse It draws together and re examines the findings of the author's earlier work

Language and State
 Xing Yu, 2021-12-21 Language and State A Theory of the Progress of Civilization Second Edition argues that the state takes form because of language It argues that since humans began to use language they have been able to create and use media Media include materials human behavior human consciousness and humans themselves Media extend the distance of linguistic communication and then humans interact with one another on a large scale and form themselves into a large community This leads to the formation of the state and the dissolution of tribes Linguistic communication then structures human interactions in the formation of the state Humans exchange information with one another give interpretations display attitudes and make promises to one another They even allow for one person to issue commands to all others Humans organize the state in various types of linguistic interaction which further create a condition for the formation of the common interest of all a foundation for the building of the state Then humans rationalize the organization of the state in extending the distance of linguistic communication Humans realize freedom equality peace democracy and justice in their mutual linguistic interactions Language gives origin to the state and sustains the development of the state Language has preset the whole process of the progress of human civilization

Sociolinguistics / Soziolinguistik. Volume 2 Ulrich Ammon, Norbert Dittmar, Klaus J. Mattheier, Peter Trudgill, 2008-07-14 No detailed description available for SOCIOLINGUISTICS AMMON 2

TLBD HSK 3 2 2A E BOOK **Social Encounters** Michael Argyle, 2017-07-05 Social Encounters is an approach to social

psychology that is not what one might expect to find in textbooks on this subject As a companion to Social Interaction advocated by Michael Argyle and his associates it has been used by a rapidly growing number of researchers in social psychology and related aspects of ethology anthropology and linguistics The two key ideas are to study the detailed processes of social interaction at the level of the elements of interaction and to relate social behavior to its biological basis and cultural setting This work collects excellent representative studies of different aspects of social interaction as such they are important in their own right Within the general approach described a range of different academic orientations are included All selections report empirical findings and most of them introduce conceptual notions as well One achievement of the volume has been to establish the basic elements of which social interaction consists current research is concerned with finding out precisely how these elements function The contributors agree that the field consists of various signals verbal and non verbal tactile visible and audible bodily contact proximity orientation bodily posture physical appearance facial expression movements of head and hands direction of gaze timing of speech emotional tone of speech speech errors type of utterance and linguistic structure of utterance These elements can be further analyzed and divided into categories or dimensions each plays a distinctive role in social interaction Social behavior is studied in natural settings or replicas of natural settings for which there are cultural rules familiar to the subjects This is a pioneering statement in sociobiology

Language Use and Social Change Wilfred Whiteley, 2017-09-18 The social implications of multilingualism is a field of study on which systematic research began only in the second half of the 20th century in Africa This book originally published in 1971 contains papers which concentrate on East Africa but it also discusses theoretical problems and methods arising from socio linguistic studies outside the African field These include studies on national languages and languages of wider communication in developing nations the communication role of languages in multilingual societies and social and cognitive aspects of bilingualism

Decoding **Social Class Language And Communication**: Revealing the Captivating Potential of Verbal Expression

In an era characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force. Its capability to evoke sentiments, stimulate introspection, and incite profound transformations is genuinely awe-inspiring. Within the pages of "**Social Class Language And Communication**," a mesmerizing literary creation penned by a celebrated wordsmith, readers embark on an enlightening odyssey, unraveling the intricate significance of language and its enduring impact on our lives. In this appraisal, we shall explore the book's central themes, evaluate its distinctive writing style, and gauge its pervasive influence on the hearts and minds of its readership.
