The Conversations Of Jesus Learning From His Encounters:

The Conversations of Jesus Simon J. Kistemaker, 2004-10-01 Through Scripture and spoken word Jesus continues to attract millions of followers today In many ways those who seek Christ now differ little from those whose stories we learn in the Gospels Peter Nicodemus Mary the Samaritan leper even Judas Professor Simon J Kistemaker has spent his professional life studying the words and actions of those who spent time with Jesus In The Conversations of Jesus he offers a glimpse into the lives of those who were touched by encounters with Jesus Christ Readers will find much in common with these first century people including their feelings of inadequacy confusion and joy at meeting the Savior Ideal for laypersons and pastors The Conversations of Jesus helps readers strengthen their walks with Christ as they learn about others who have walked this path before

Biblical Narrative Learning Tung Chiew Ha, 2015-10-02 Biblical narrative learning is a non critical educational approach for Christian communities with diverse learning backgrounds involving three sets of movement inquire and invent interpret and imagine inspire and imitate and impart It is grounded in humankind s universal capacity to teach and learn through stories and built on practices in narrative learning along with biblical narratives The Gospel of John provides a model for this interpretive process that continues the teaching of living in a loving relationship with God and one another John uses many literary devices to enhance an affective and reflective learning The literary devices create the familiar strange effect John s narrative fosters remembrance of the Story and guides the learner to adequate faith in God It inculcates adequate faith to wait in suspense while the Jesus Story and our stories when they are remembered create new understanding and transform the life experiences of the person

The Heart of Evangelism Jerram Barrs, 2005-02-08 All Christians are called Called to love God with all that we are Called to serve Him Called to reach out to the lost However if we are honest the majority of us would admit that we find this last calling the most difficult While we gladly support the evangelistic ministries of others many of us feel discouraged by our own attempts at witnessing because our memorized approaches don t seem to work This biblical study of evangelism gracefully reminds us that the New Testament model of witnessing is not a one size fits all methodology With compassion for the lost filling every page Jerram Barrs shows the variety of approaches used in the New Testament where the same uncompromised Gospel was packaged as differently as the audience and calls you to follow its example You can learn to witness comfortably in your particular circumstances so that sharing Christ doesn t feel like a chore And as you watch God work in the lives of others and see the great blessings He brings you ll discover what a privilege it is to live out the heart of evangelism truly loving others to Christ

Receptive Ecumenism as Transformative Ecclesial Learning Paul D. Murray, Gregory A. Ryan, Paul Lakeland, 2022-05-26 Receptive Ecumenism asks not what other churches can learn from us but what can we learn and receive with integrity from our ecclesial others Since the publication of Receptive Ecumenism and the Call to Catholic Learning Exploring a Way for Contemporary Ecumenism OUP 2008 this fresh ecumenical strategy has been adopted critiqued and developed in different

Christian traditions and in local national and international settings including the most recent bilateral dialogue of the Anglican Roman Catholic International Commission ARCIC III The thirty eight chapters in this new volume by academics church leaders and ecumenical practitioners who have adopted and adapted Receptive Ecumenism in various ecclesial and cultural contexts show how Receptive Ecumenism has grown and matured Part One demonstrates how Receptive Ecumenism itself is capable of being received with integrity into very different ecclesiologies and ecclesial traditions In Part Two this approach to transformative ecumenical learning is applied to some recurrent ecclesial problems such as the understanding and practice of ministry revealing new insights and practical opportunities Part Three examines the potential and challenges for Receptive Ecumenism in different international settings Part Four draws on scripture hermeneutics and pneumatology to offer critical reflection on how Receptive Ecumenism itself implements transformative ecclesial learning Addressing the 70th Anniversary of the World Council of Churches Archbishop Justin Welby said that One of the most important of recent ecumenical developments has been the concept of Receptive Ecumenism This volume provides an indispensable point of reference for understanding and applying that concept in the life of the Christian churches today **Back to the Well**
