Higher Educational Leadership in VUCA Contexts Upasana Gitanjali Singh,Cecile Gerwel Proches,Angela Antoinette James,Robyn Ruttenberg-Rozen,2025-11-05 Higher Educational Leadership in VUCA Contexts addresses emerging issues in Higher Education leadership in a Volatile Uncertain Complex and Ambiguous VUCA contexts that have rapidly exasperated since the COVID 19 pandemic

[Leadership in Educational Contexts in Finland](#) Raisa Ahtiainen,Eija Hanhimäki,Jaana Leinonen,Mika Risku,Ann-Sofie Smeds-Nylund,2023-10-06 This open access book provides a comprehensive overview and in depth coverage of contemporary aspects of leadership in the field of education in Finland It brings together Finnish scholars to critically explore and discuss

leadership in education in the context of the Finnish education system and in relation to international discourses around the topic It discusses the phenomenon of leadership in educational contexts through several novel empirical and theoretical research designs It includes themes such as distributed leadership and collaborative governance changing aspects in the leadership profession and contradictions in everyday organizational practices and realities The work also combines conceptual discussions in educational and pedagogical leadership to analyze and to clarify the theoretical and conceptual multidimensionality and ambiguities

Climate and Health Education: Defining the Needs of Society in a Changing Climate Cecilia Sorensen,Gaurab Basu,Lisa H. Patel,Arianne Teherani,2023-11-16 The adverse effects of climate change are now apparent and present urgent and complex challenges to human health and health systems globally There is an imperative for quick action on many fronts to recognize and respond to climate health threats prevent climate change at its source by reducing greenhouse gas emissions support greener systems throughout the economy including healthcare understand the health co benefits of adaptation and mitigation and communicate effectively about these issues Climate change is intertwined with historical and structural inequities and effective solutions must actively improve health equity To meaningfully address these deep and interconnected issues there is a growing imperative across the educational landscape to move beyond existing constraints toward new ways of thinking and learning Many have recognized that we must create societal systems that account for the health of all people now and into the future while simultaneously preserving and improving the environment on which our life depends Such transformations rest on the skills knowledge values and attitudes of the workforce not just in health and health care but within all sectors However despite the health crisis of climate change at our doorstep development of climate and health curricula is nascent although is a growing consideration of leaders globally Because the health impacts from climate and planetary change are so myriad and intertwined sectors must work together like never before to move beyond existing silos of practice to a shared landscape and vision in practice but first in education
