Bennett,2010-11-05 Maybe you were born to Christian parents and raised as a Christian Or maybe you are just a part of a Christian nation You might have attended church regularly or maybe just on special occasions If asked you say that you believe in God but you really never thought about what that means exactly You are a well educated person who accepts the idea of Biblical miracles but only the more reasonable ones You have read some of the Bible mostly just parts of the New Testament but never committed to reading the Bible cover to cover You are a good person who admires the many Christian values as demonstrated by Jesus Christ But something does not feel right Science tells us that the universe is 13.7 billion years old but the Bible tells us it's 6,000 years old Science tells us life is the result of emergent properties in combined molecules and we have evolved from a very primitive life form but the Bible says that God made us as is from dust and blew life in our noses You see a world where little bunnies burn to death in forest fires and wonder why an all good and loving God would allow such a thing to happen You pray to God and you realize that sometimes your prayers are answered and sometimes they aren't just as if you didn't pray at all You hear about other religions and wonder why your religion is right and every other religion on the planet is wrong You have a real problem with the idea of all your non Jesus believing friends and family spending eternity in Hell e In fact the more you look around the more you see a world absent of this perfect image of a perfect God As much as you want to avoid critical thinking and just let go and have faith you find that you cannot believe in something contrary to your logic and reason no matter how much you want to This might lead to feelings of guilt insincerity and or hypocrisy Yet you just can't imagine living life without God and you don't have to When you start asking serious questions about God and religion you begin to see through the stories of people living inside the stomachs of big fish 900 year old men and bodies coming back to life after three days and understand how man created God and not the other way around By daring to question sacred religion challenging your childhood beliefs and risking eternal damnation okay so there might be a minor side effect to reading this book you will discover an appreciation for religion on a new level as well as a renewed appreciation for the human race Through a unique blend of science philosophy theology and a touch of humor you will see how you can trust your logic and reason be true to yourself and embrace God not as a being but as a concept The Concept

A Critical Analysis of the Concept of the Church A. Chudasama,2013-04-16 Religion can be looked upon as a way of life but being religious does not make anyone Gods adopted child Congregating with other persons does not make one the Church That is why the requirements are to be born again of the water the Holy Spirit and the blood as rightly mentioned but it also involves living and walking by faith in Jesus Christ the Lord and the Saviour of mankind Being the Church as the world knows is not just going into a building to congregate for worship making empty noises preaching enticing words and saying thus said the Lord Hence the reason for the schisms when forms of spirit filled actions take place among churchgoers who are saying the Spirit of God fell upon the Church Truly those are the actions of churchgoers True worship and walking in the Spirit are demonstrated through the Church in man Gods dwelling place in man known as the

D. Samuels, 2019-06-13 The Doctrine of the Eons God s Immutable Plan is an account of how God will bring about the salvation and reconciliation of all mankind Each chapter provides a theological account of how this will be accomplished including dispelling common myths about God and focusing on the meaning of the word immutable This leads to a discussion of the Hebrew and Greek definitions of eon and eternal and we discover that neither the Old nor the New Testament uses the word eternal Eternal tends to refer to an indefinite amount of time whereas eon is more definite the latter term is primarily used when the Bible talks about the end times Finally the doctrine of universal salvation is presented arguing that God will have all men be saved and that he will eventually reconcile all creation Job in the Modern World Stephen J.
