Horning, Elizabeth W. Kraemer, 2013-09-06 Reconnecting Reading and Writing explores the ways in which reading can and should have a strong role in the teaching of writing in college Reconnecting Reading and Writing draws on broad perspectives from history and international work to show how and why reading should be reunited with writing in college and high school classrooms It presents an overview of relevant research on reading and how it can best be used to support and enhance writing instruction Intoxication Sébastien Tutenges, 2022-11-11 For two decades Sébastien Tutenges has conducted research in bars nightclubs festivals drug dens nightlife resorts and underground dance parties in a quest to answer a fundamental question Why do people across cultures gather regularly to intoxicate themselves Vivid and at times deeply personal this book offers new insights into a wide variety of intoxicating experiences from the intimate feeling of connection among concertgoers to the adrenaline fueled rush of a fight to the thrill of jumping off a balcony into a swimming pool Tutenges shows what it means and feels to move beyond the ordinary into altered states in which the transgressive spectacular and unexpected take place He argues that the primary aim of group intoxication is the religious experience that Émile Durkheim calls collective effervescence the essence of which is a sense of connecting with other people and being part of a larger whole This experience is empowering and emboldening and may lead to crime and deviance but it is at the same time vital to our humanity because it strengthens social bonds and solidarity The book fills important gaps in Durkheim's social theory and contributes to current debates in micro sociology as well as cultural criminology and cultural sociology Here for the first time readers will discover a detailed account of collective effervescence in contemporary society that includes an explanation of what collective effervescence is a description of the conditions that generate collective effervescence a typology of the varieties of collective effervescence a discussion of how collective effervescence manifests in the realm of nightlife politics sports and religion and an analysis of how commercial forces amplify and capitalize on the universal human need for intoxication This book is also freely available online as an open access digital edition Download the open access ebook here Outcomes Book Susanmarie Harrington, 2005-02-28 The WPA Outcomes Statement is important because it represents a working consensus among composition scholars about what college students should learn and do in a composition program But as a single page document the statement cannot convey the kind of reflective process that a writing program must undertake to address the learning outcomes described The Outcomes Book relates the fuller process by exploring the matrix of concerns that surrounded the developing Statement itself and by presenting the experience of many who have since employed it in their own settings Curious Reader Ballenger, Payne, 2002-08 *The Enigma of*
