Encarnación,2016-09-23 This interdisciplinary anthology takes as its starting point the belief that as the material grounds of lived experience material culture provides an avenue of historical access to women s lives extending beyond the reaches of textual evidence Studies here range from utilitarian tools used in Late Roman abortion to sacred magical or ritual objects associated with sex procreation and marriage in the Renaissance Together the essays demonstrate the complex relationship between language and object and explore the ways in which objects become forms of communication in their own right transmitting both rather specific messages and more generalized social and cultural values **Niccolò Ridolfi and the Cardinal's Court** Lucinda Byatt,2022-08-29 Niccol Ridolfi 1501 50 was a Florentine cardinal nephew and cousin to the Medici popes Leo X and Clement VII and he owed his status and wealth to their patronage He remained actively engaged in Florentine politics above all during the years of crisis that saw the Florentine state change from republic to duchy A widely respected patron and scholar throughout his life his sudden death during the conclave of 1549 50 led to allegations of poison that an autopsy appears to confirm This book examines Cardinal Ridolfi and his court in order to understand the extent to which cardinalate courts played a key part in Rome s resurgence and acted as hubs of knowledge located on the fault lines of politics and reform in church and state hospitable spaces that can be analysed in the context of entanglements in Florentine and Roman cultural and political patronage and intersections between the princely court and a more professional and complex knowledge and practice of household management in the consumer and service economy of early modern Rome Based on an array of archival sources and on three treatises whose authors were closely linked to Ridolfi s court this monograph explores these multidisciplinary intersections to allow the more traditional fields of church and political history to be approached from different angles Niccol Ridolfi and the Cardinal s Court will appeal to all those interested in the
