Social Problems With Research Navigator:

Social Problems D. Stanley Eitzen, Maxine Baca Zinn, 2004 After years of diplomatic isolation Syria is emerging from the cold Its government is a key Middle Eastern player and will be a major element of any possible comprehensive Middle Eastern peace deal To visit Syria is to become acquainted with one of the most rewarding destinations in the Middle East Its historic attractions are stunning and the Syrians are proud and gracious hosts you can expect to be treated like a person and not just a tourist Of course there are always thorns with the roses Syria s economy is inefficient and its youth are frustrated the strong man political system that has held the country together does not encourage public intellectual life but nor does it prevent young Syrians from debating with passion in private The Syrian sense of tradition has preserved some of the bad along with the good and society remains highly patriarchal Despite such drawbacks this is a country that s rich not only in resources but also and especially in its people American author Sarah Standish looks at Syria s long history and its present day political realities She describes the many subgroups that make up the population as well as what unites all Syrians She offers practical tips for traveling and on what to expect when conducting business You ll learn how people communicate with each other and how you can communicate with them The Syrians will never stop surprising you get to know a few and they will turn the stereotypes inside out several times over

Handbook of

Research on Critical Issues and Global Trends in International Education Barker, Megel R., Hansen, Robyn

Conrad, Hammer, Liam, 2023-11-24 The Handbook of Research on Critical Issues and Global Trends in International Education addresses the growing complexity and diversity of international schools by examining the critical issues and global trends faced by practitioners in this field With a lack of research on the experiences and actions of school practitioners in these isolated workplaces this book aims to provide practical and evidence based solutions The book covers a wide range of topics including equity and access diversity teacher retention legal frameworks school typology governance cultural competence third culture kids leadership and practice technology and parent engagement Written by educational professionals researchers and anthropologists it offers a unique collection of voices from those with lived experiences in this field making it an invaluable resource for anyone interested in gaining a deeper understanding of the international school sector Whether you are an educator researcher policymaker school leader lecturer or anthropologist the Handbook of Research on Critical Issues and Global Trends in International Education is a must read comprehensive guide to the complexities and challenges of international education providing practical solutions for improving the quality of education in this rapidly evolving field If you are looking to gain a nuanced understanding of the critical issues facing international schools and evidence based approaches for addressing these challenges this book is the perfect resource for you

Research for Social Justice Elly Malihah, Tutin Aryanti, Vina Adriany, Hani Yulindrasari, Alicia Izharuddin, 2019-10-24 Individuals are equipped with a wide range of knowledge that enhances their employability health family life and social engagement On this basis providing equality for all has been set to be achieved as one of the United Nations sustainable development priorities However the international understandings are not only of what equality and inclusivity entail but also the social vision to achieve social justice Best practices provide a meaningful cross national discussion with respect to the following topics power relations within research social inequalities in society science research for social justice the redefinition of the notion of social justice education for social justice spatial justice the research of gender and marginalized groups the re conceptualization of the epistemological foundation of research hegemonic discourses on research science technology for social justice and welfare as well as culture and social justice This edited book aims to provide a new perspective for other benefits of research because generally the research carried out only aims to answer scientific problems and often override aspects of humanities In response to these concerns the book attempts to re map the main objectives of the research The authors in this book offer new perspectives especially in formulating the purposes of the studies they will perform Therefore this book presents a unique review of research with a variety of approaches that are coherent with the state of society in the world followed by eleven scopes of various cases from a variety of perspectives that highlight theoretical and methodological questions about research and social justice This book presents outstanding applications through multiple types of approaches that are relevant to the current context of world community issues The articles in this book will be of interest to undergraduate and graduate students as well as researchers who are interested in the social field

especially research for social justice *Co-operative and Mutual Enterprises Research* Tim Mazzarol, 2023-10-25 Co-operative and mutual enterprise is one of the oldest and most enduring forms of business encompassing co-operatives mutual firms friendly societies and credit unions This book provides an expert overview of contemporary research in this important field Governments around the world have encouraged the development of co-operative and mutual enterprises CMEs yet relatively little attention has been given to them within the mainstream business and economics research literature In this book the author summarises the origins impacts and structure of the research field The book does so by focusing on the CME business model and is structured around a conceptual framework for research into CMEs It also explores the historical evolution of the CME research field and presents a systematic review of the literature Foundation theories relevant to CMEs are discussed before detailed discussions of the research from a systems enterprise and member level perspective This book critically analyses the state of knowledge in the field of CMEs which delivers a concise and valuable book for scholars and students in the fields of business and management around the world
