The Dark Behind the Curtain Gillian Cross,2001 Colin Jackus doesn't want to be in the school play and is angry because he's been forced into it. But gradually he starts to realize that it's not just a play the sinister story they are acting has its roots deep in cruel reality and despair. Strange things are happening among the cast of the play and misery is seeping through them. So when the leading actor starts to take on the evil personality of the character he's supposed to be playing Jackus decides to delve deeper and try and stop the disaster that threatens. **The Dark Behind the Curtain** Gillian Cross,1984

The Dark Behind the Curtain Gillian Cross,1993 **Behind the Curtain** Jean,2013-01-25 This is a well written poignant memoir of a woman's unhappy childhood and a brave and gripping account of her triumph over alcoholism. The details of Jean's personal anguish and the obvious authenticity of her report on a life very nearly gone amiss demonstrate the kind of clout that only an honest personal account can have. The frank way the book addresses the sensitive issues of alcoholism and domestic violence and the vivid recall and dramatic impact with which some scenes are described make this a powerful testament. Both inspirational and informative also about the role AA played in her life once she admitted she had a problem. The author stopped drinking 33 years ago and after achieving sobriety her career flourished and she opened her own business in 1985. She is now in her seventies and semi retired and has grandchildren who regard her as a cool gran something that would not have been possible if she hadn't stopped drinking. The manuscript would not only appeal to help seeking addicts or to those already in rehab but very strongly too to family members and friends of such persons who are often in great need of information and support. This is a personal testimony that will be helpful to many people. Murder of the Black Museum - The Dark Secrets Behind A Hundred Years of the Most Notorious Crimes in England Gordon
