The Deathword Trilogy:

Deathworld Trilogy Harry Harrison, 1980 **The Deathworld Omnibus** Harry Harrison, 1999 For the first time an omnibus edition of Harry Harrison's classic DEATHWORLD series **The Deathworld Omnibus** Harry Harrison, 1999-04-19 *The Deathworld Trilogy* Harry Harrison, 1968 This trilogy presents hero Jason DinAlt as he discovers three separate planets DinAlt finds excitement and intrigue as he investigates Pyrrus a strange place where all the beasts plants and natural elements are out to destroy man the unknown second planet where every man has to kill other men or live as a slave and Felicity where creatures are bred for thousands of years for a single deadly purpose **Deathworld Three** Harry Harrison, 2011-09-29 The planet was called Felicity The name was a joke except for those compelled to settle there Inhabiting it were beings bred for thousands of years for a single purpose to attack and kill Jason knew this But he also knew the planet on which he lived was moving towards certain disaster And Felicity was the only spot in the universe where he and his companions could survive He thought he had worked out the perfect plan But what awaited him on Felicity went far beyond his wildest imagining Deathworld Two Harry Harrison, 2011-09-29 The planet was unknown a savagely primitive place where every man had to kill every other man or live as a slave The inhabitants lived in the early Bronze Age one minute and in the early Machine Age the next Technology had degenerated into a number of mysteries jealously guarded by separate brotherhoods But Jason DinAlt was a gambler He realised that if he was ever going to get a winning hand in this game the brotherhoods would need a shuffle **Deathworld** Harry Harrison, 2011-09-29 The planet was called Pyrrus a strange place where all the beasts plants and natural elements were designed for one specific purpose to destroy man The settlers there were supermen twice as strong as ordinary men and with milli second reflexes They had to be For their business was murder It was up to Jason DinAlt interplanetary gambler to discover why Pyrrus had become so hostile during man's brief habitation **Deathworld 3** Harry Harrison, 1987 Deathworld Harry Harrison, 2011-06 Deathworld centers on Jason DinAlt originally from an agrarian planet Porgorstorsaa and a professional gambler who uses his erratic psionic abilities to tip the odds in his favor **Deathworld 2** Harry Harrison, 1987 Deathworld 2 By Harry Harrison Jason is kidnapped by a self righteous enemy out to bring him to justice for his various crimes He forces a crash landing on a planet where the human population has regressed The technology is extremely primitive and knowledge is split up among many small clans each one jealously monopolizing what it knows Jason uses his ingenuity to survive trading his knowledge for protection and power in one of these clans He constructs a device that is a primitive communication device in disguise it eventually signals his location to a spaceship piloted by his Pyrran girlfriend Meta We are delighted to publish this classic book as part of our extensive Classic Library collection Many of the books in our collection have been out of print for decades and therefore have not been accessible to the general public The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature and our view is that this is a significant literary work which deserves to be brought back into print after many

Harrison,2012-06 Kill or be killed The trilogy is one of Harrisons best machinegun typewriter books by far The opening premise of the first novel is that Deathworld is a jungle planet teeming with life that evolves with a speed and ferocity unlike any other planet in the universe To survive for even a moment on the surface you must be superbly trained and superbly armed and prepared to kill hordes of clever and supremely deadly predators And then you need to figure out how to get work done in the meanwhile And obviously people with the skills needed to survive on Deathworld might find work elsewhere in sequels perhaps Terrific non stop action Grab this one its a True Si Fi Classic Composed before the PC era of Mr Harrison when no one dies and all good people fight for equality and social justice it concerns the ultimate expression of darwinism on a planetary scale A race of people whose homeland is literally evolving to kill them will of need themselves evolve to become the most lethal race of men in the galaxy Ok so Dune was first Sarcasm wit and action ballanced with just the right level of homicidal fever and hair splitting suspense A true 70s must read This book is a classic the main character Jason dinAlt is a gambler and a scoundrel with an ability to influence luck in his favor Hes recruited to help raise money for the inhabitants of Pyrrus and has to follow the girl sent to arrange the deal to see the place for himself I refer to Deathworld and the others in the trilogy everytime someone asks me to recommend a SF classic Imagine a planet where the grass has curved needle sharp tips you sit on a rock and the lichen tries to get you all the animals have one thing in common kill the human invaders Imagine that to survive you need to attend a pre school for colonists and your survival skills never extend beyond first grade This is Deathworld If you never read another SF at least read his finest Deathworld **The Deathworld Illustrated** Harry
