The Divine Pilgrim:

Pilgrimage of Love Joy Ann McDougall, 2005-10-13 In *Pilgrimage of Love* Joy Ann McDougall offers an original reading and critical analysis of German Protestant theologian Jürgen Moltmann's social trinitarian theology. She identifies the driving theological impulses, methodological convictions, and practical concerns that shape the author's evolving trinitarian vision. She uncovers the narrative of divine love in Moltmann's early trilogy and shows how its conceptual trajectory shifts and deepens in his six-volume *Systematic Contributions to Theology*. Building on her analysis, McDougall advances a compelling case for the concept of trinitarian fellowship as the structuring theological principle in Moltmann's later work. She demonstrates how this concept of divine love unifies the author's theological anthropology, theology of grace, and the practices of the life of faith. Finally, she shows how this social trinitarian analogy of fellowship serves as an elastic rule of faith in the personal, political, and ecclesial realms of human existence. While McDougall highlights the prophetic potential of Moltmann's trinitarian theology for Christian praxis, she also challenges the author's underdeveloped doctrine of sin and theory of theological language. *Pilgrimage of Love* offers one of the first comprehensive interpretations of Moltmann's mature trinitarian theology. It introduces, systematizes, and clarifies the thought of one of the most significant Protestant theologians at the turn of the twenty-first century. This study will be an invaluable resource on Moltmann's thought for scholars of modern Protestant theology and for all those interested in the current renaissance of trinitarian theology. [The Seductions of Pilgrimage](#) Michael A. Di Giovine, David Picard, 2016-03-09 *The Seductions of Pilgrimage* explores the simultaneously attractive and repellent beguiling and alluring forms of seduction in pilgrimage. It focuses on the varied discursive, imaginative, and practical mechanisms of seduction that draw individual pilgrims to a pilgrimage site, the objects, places, and paradigms that pilgrims leave behind as they embark on their hyper-meaningful travel experience, and the often unforeseen elements that lead pilgrims off their desired course. Presenting the first comprehensive study of the role of seduction on individual pilgrims in the study of pilgrimage and tourism, it will appeal to scholars of anthropology, cultural geography, tourism, heritage, and religious studies. [Pilgrim People](#) Clifford M. Yearly, Little Rock Scripture Study Staff, 2020-03-03 Come along on four major pilgrimages in Scripture: the journey of trust with Abraham and Sarah, the journey of freedom with Moses and the Hebrew people, the journey of exile and return with Israel, and the journey of discipleship with Jesus and his followers. God's call sometimes leads and sometimes sends, and the destinations can be new and wondrous or even dark and dangerous. What makes the journey a pilgrimage is God's abiding companionship. Commentary, study, and reflection questions, prayer, and access to online lectures are included. 4 lessons. [Pilgrims, Patrons, and Place](#) Phyllis Granoff, Koichi Shinohara, 2003 This book brings together essays by anthropologists, scholars of religion, and art historians on the subject of sacred place and sacred biography in Asia. The chapters span a broad geographical area that includes India, Nepal, Thailand, Indonesia, and China, and explore issues from the classical and medieval periods to the present. They show how sacred places

have a plurality of meanings and how in their construction secular politics private religious experience and sectarian rivalry intersect Contributors explore the fundamental challenges that religious groups face as they expand from their homeland or confront the demands of modernity While some chapters deal with well known religious movements and sites others discuss little known groups and help to enrich our understanding of the diversity of religious belief in Asia The book will be of interest not only to scholars of Asian religion and hagiography but also to others who seek to understand the ways in which religious groups accommodate the challenges of new environments and new times **Pilgrimage—The Sacred Art** Dr.

Transformative Process Heather A. Warfield, Kate Hetherington, 2018-11-26 The construct of transformation has emerged as a prominent theme in academic discourse Based on the accepted notion that processes and living organisms are in an ongoing state of development it is unsurprising that this concept of transformation would find resonance within literature on the pilgrimage phenomenon Examples of transformational processes intersecting with pilgrimage are the movement from sickness to wellness from grief to closure and from fractured to integrated That the pilgrimage journey itself can be construed as a transformational quest was noted by Winkleman and Dubisch 2005 who stated Life transforming experiences are at the core of both traditional and more contemporary forms of pilgrimage In the current volume Warfield and Hetherington examine the transformational process of pilgrimage journeys Contributors are Sharenda Holland Barlar Anne M Blankenship Valentina Bold Shirley du Plooy Alexandria M Egler Miguel Tain Guzman Kate Hetherington Scott Libson Chadwick Co Sy Su Kip Redick Roy Tamashiro and Heather A Warfield *The Pilgrimage Pattern in Exodus* Mark S.
