**The Daughter's Dilemma** Paula Marantz Cohen, 2025-10-01 The Daughter's Dilemma breaks new ground in literary

studies through its application of family systems theory to the analysis of nineteenth century domestic novels Cohen argues for structural correspondences between families and novels as systems seeking closure they are governed by certain analogous laws She argues further that the father daughter dyad is the pivotal structure by which the nuclear family and the domestic novel were able to define themselves as closed systems The study treats novels by Samuel Richardson Jane Austen Emily Bronte George Eliot and Henry James and places them in the context of the writers individual family experiences Drawing on recent work in literary and feminist criticism anthropology history and psychoanalysis as well as family systems theory Cohen seeks to critique the limitations of these theoretical models even as she employs them to illuminate the texts under discussion The study's approach leads to insights about the contemporary family and about the present state of literature and literary criticism Cohen concludes by suggesting that the modern period marked the demise of an ideology favoring closed systems The result has been both a nostalgia for those systems and a redefinition of experience and relationship as open and subject to endless interpretation Such an ideological reformulation helps explain the present insistence by literary theorists on the inescapability of the text and the reality of representation

**The Uses Of Autobiography** Julia Swindells Homerton College, Cambridge.,2014-03-18 First Published in 1995 Autobiography is commonly understood in terms of giving readers insight into the private lives of unique individuals but in recent years the autobiographical project has absorbed a wide variety of social concerns The contributors to this book explore a range of the uses of autobiography from the nineteenth century to the present day and from Africa USA the Middle East France New Zealand and the United Kingdom The chapters draw on a number of approaches including historical and literary methods to represent the autobiography's purpose of establishing communities of interest and social change

**Inside the Victorian Home** Judith Flanders,2004 A rich selection from diaries letters advice books magazines and paintings creates a room by room portrait of Victorian life from childbirth in the master bedroom to separate gender domains in the drawing room and parlor

**The Vanishing Subject** Judith Ryan,1991-10-08 Is thinking personal Or should we not rather say it thinks just as we say it rains In the late nineteenth century a number of psychologies emerged that began to divorce consciousness from the notion of a personal self They asked whether subject and object are truly distinct whether consciousness is unified or composed of disparate elements what grounds exist for regarding today's self as continuous with yesterday's If the American pragmatist William James declared himself on balance in favor of a real and verifiable personal identity which we feel his Austrian counterpart the empiricist Ernst Mach propounded the view that the self is unsalvageable The Vanishing Subject is the first comprehensive study of the impact of these pre Freudian debates on modernist literature In lucid and engaging prose Ryan traces a complex set of filiations between writers and thinkers over a sixty year period and restores a lost element in the genesis and development of modernism From writers who see the self as nothing more or less than a bundle of sensory impressions Ryan moves to others who hesitate between empiricist and Freudian views of subjectivity and

consciousness and to those who wish to salvage the self from its apparent disintegration Finally she looks at a group of writers who abandon not only the dualisms of subject and object but dualistic thinking altogether Literary impressionism stream of consciousness and point of view narration and the question of epiphany in literature acquire a new aspect when seen in the context of the psychologies without the self Rilke s development of a position akin to phenomenology Henry and Alice James s relation to their psychologist brother Kafka s place in the modernist movements Joyce s rewriting of Pater Proust s engagement with contemporary thought Woolf s presentation of consciousness and Musil s projection of a utopian counter reality are problems familiar to readers and critics The Vanishing Subject radically revises the way we see them

*The Invention of Telepathy, 1870-1901* Roger Luckhurst, 2002 The Invention of Telepathy explores one of the enduring concepts to emerge from the late nineteenth century Telepathy was coined by Frederic Myers in 1882 He defined it as the communication of any kind from one mind to another independently of the recognised channels of sense By 1901 it had become a disputed phenomenon amongst physical scientists yet was the royal road to the unconscious mind Telepathy was discussed by eminent men and women of the day including Sigmund Freud Thomas Huxley Henry and William James Mary Kingsley Andrew Lang Vernon Lee W T Stead and Oscar Wilde Did telepathy signal evolutionary advance or possible decline Could it be a means of binding the Empire closer together or was it used by natives to subvert imperial communications Were women more sensitive than men and if so why Roger Luckhurst investigates these questions in an exciting and accessible study that mixes history of science with cultural history and literary analysis *Letters, Fictions, Lives* Michael Anesko, 1997-08-28 In this unique and long awaited volume Michael Anesko documents the literary cross fertilization between Henry James and William Dean Howells collecting 151 letters nearly all the extant correspondence between the two men as well as the most significant critical commentary James wrote on Howells and Howells wrote on James Scholars have long recognized the peculiar importance of the relationship between these two exponents of realistic fiction their mutual respect and occasional animosity But the record of their affinities and substantial differences has never before been so amply and compellingly established Containing dozens of previously unpublished letters by James and featuring a detailed biographical chronology as well as extensive interpretive commentaries that meticulously chart the development of this remarkable literary friendship *Letters Fictions Lives* edited to the highest standards of scholarly excellence will prove an invaluable resource for scholars and students of James and Howells and will hold great interest for dedicated readers of their fiction and for those studying epistolary issues and literary influence between contemporaries *Misogyny, Misandry, and Misanthropy* R.
