Jordan, Catherine Waters, 2018-09-13 The Oxford Handbook of Charles Dickens is a comprehensive and up to date collection on Dickens s life and works It includes original chapters on all of Dickens s writing and new considerations of his contexts from the social political and economic to the scientific commercial and religious The contributions speak in new ways about his depictions of families environmental degradation and improvements of the industrial age as well as the law charity and communications His treatment of gender his mastery of prose in all its varieties and genres and his range of affects and dramatization all come under stimulating reconsideration His understanding of British history of empire and colonization of his own nation and foreign ones and of selfhood and otherness like all the other topics is explained in terms easy to comprehend and profoundly relevant to global modernity G K Chesterton at the Daily News, Part I, vol 3 Julia Stapleton, 2024-08-01 G K Chesterton 1874 1936 was an important figure in the Edwardian literary world He engaged closely with the vibrant new influences in literature and reviewed a stream of new editions biographies and memoirs for the Daily News This critical edition includes all of his contributions to the Daily News from 1901 to 1913

The Self in the Cell Sean C. Grass, 2014-01-27 Michel Foucault's writing about the Panopticon in Discipline and Punish

has dominated discussions of the prison and the novel and recent literary criticism draws heavily from Foucauldian ideas about surveillance to analyze metaphorical forms of confinement policing detection and public scrutiny and censure But real Victorian prisons and the novels that portray them have few similarities to the Panopticon Sean Grass provides a necessary alternative to Foucault by tracing the cultural history of the Victorian prison and pointing to the tangible relations between Victorian confinement and the narrative production of the self The Self in the Cell examines the ways in which separate confinement prisons with their demand for autobiographical production helped to provide an impetus and a model that guided novelists explorations of the private self in Victorian fiction Of Gods and Monsters John T. Soister, 2015-09-18 While Universal's Dracula and Frankenstein both 1931 have received the most coverage of any of the studio's genre releases it is the lesser known films that have long fascinated fans and historians alike Starting with The Last Warning a 1929 movie released as both a silent and a talkie Universal provided a decade of films that entertained audiences and sometimes frustrated critics Each of Universal's horror science fiction and twisted mystery films receives an in depth essay for each film The focus is first on the background to the making of the movie and its place in the Universal catalog A detailed plot synopsis with critical commentary follows Filmographic data for the film conclude the entry Universal's The Shadow short film series is covered in an appendix Many rare illustrations and movie posters are also included Charles Dickens's The Mystery of Edwin Drood Don Richard Cox, 1998 At the time of Dickens sudden death in 1870 he had completed six of the 12 monthly installments of Edwin Drood Anxious readers on both sides of the Atlantic were stranded with what Don Richard Cox calls the most popular unfinished novel ever written Speculation about the book's conclusion soon began and as the years have passed literally scores of authors have tried their hands at completing the story writing their own sequels conclusions parodies and alternative endings There have been dozens of stage radio film and television versions as well Mock trials have sought a legal solution to the puzzle and even spiritualists have tried to contact the ghost of Dickens hoping to discover what the author s plans really were **Dreams of Authority** Ronald R. Thomas, 1990 **All The Devils Are Here** David Seabrook, 2014-07-03 Twenty years ago in a series of mysterious incandescent writings David Seabrook told of the places he knew best the declining resort towns of the Kent coast The pieces were no advert for the local tourist board Here the ghosts of murderers and mad artists crawl the streets Septuagenarian rent boys recall the good old days and Carry On stars go to seed Clandestine fascist networks emerge And all the time there is Seabrook himself desperate perhaps and in danger Dark strange and immediate this is a classic work of sui generis British literature There are devils here and the reader will The Mysteries of Paris and London Richard Maxwell,1992 In this ambitious and exciting work remember them Richard Maxwell uses nineteenth century urban fiction particularly the novels of Victor Hugo and Charles Dickens to define a genre the novel of urban mysteries His title comes from the mystery mania that captured both sides of the channel with the runaway success of Eugene Sue s Les mysteres de Paris and G W M Reynold s Mysteries of London Richard Maxwell argues

that within these extravagant but fact obsessed narratives the archaic form of allegory became a means for understanding modern cities. The city dwellers drive to interpret linked the great metropolises with the discourses of literature and art the primary vehicles of allegory Dominant among allegorical figures were labyrinths panoramas crowds and paperwork and it was thought that to understand a figure was to understand the city with which it was linked Novelists such as Hugo and Dickens had a special flair for using such figures to clarify the nature of the city Maxwell draws from an array of disciplines ideas and contexts His approach to the nature and evolution of the mysteries genre includes examinations of allegorical theory journalistic practice the conventions of scientific inquiry popular psychiatry illustration and modernized wonder tales such as Victorian adaptations of the Arabian Nights In The Mysteries of Paris and London Maxwell employs a sweeping vision of the nineteenth century and a formidable grasp of both popular culture and high culture to decode the popular mysteries of the era and to reveal man's evolving consciousness of the city His style is elegant and lucid It is a book for anyone curious about the fortunes of the novel in thenineteenth century the cultural history of that period particularly in France and England the relations between art and literature or the power of the written word to produce and present social knowledge Mystery Fancier (Vol. 6 No. 6) November/December 1982 Guy M. Unequal Partners Lillian Nayder, 2018-07-05 In the first book centering on the collaborative relationship between Charles Dickens and Wilkie Collins Lillian Nayder places their coauthored works in the context of the Victorian publishing industry and shows how their fiction and drama represent and reconfigure their sometimes strained relationship She challenges the widely accepted image of Dickens as a mentor of younger writers such as Collins points to the ways in which Dickens controlled and profited from his literary satellites and charts Collins's development as an increasingly significant and independent author The pair's collaborations for Household Words and All the Year Round explicitly addressed Victorian labor disputes and political unrest and Nayder reads the stories in terms of the social and imperial conflicts that both provided their themes and enabled Dickens and Collins to mediate their own personal and professional differences Nayder's discussion of the collaboration and its principals is greatly enriched by archival research into unpublished and unfamiliar **Teaching Victorian Literature in the Twenty-First Century** material including the manuscripts of The Frozen Deep Jen Cadwallader, Laurence W Mazzeno, 2017-10-11 This edited collection offers undergraduate Literature instructors a guide to the pedagogy and teaching of Victorian literature in liberal arts classrooms With numerous essays focused on thematic course design this volume reflects the increasingly interdisciplinary nature of the literature classroom A section on genre provides suggestions on approaching individual works and discussing their influence on production of texts Sections on digital humanities and out of the classroom approaches to Victorian literature reflect current practices and developing trends The concluding section offers three different versions of an ideal course each of which shows how thematic disciplinary genre and technological strands may be woven together in meaningful ways Professors of introductory literature courses aimed at non English majors to advanced seminars for majors will find accessible and innovative course ideas supplemented with a variety of versatile teaching materials including syllabi assignments and in class activities The D Case Carlo
