between the playwrights can be as great as between men and women and acknowledging that her subjects are limited to a narrow class and race population Detsi Diamanti the cultural and historical specificity of women playwrights of the period and the interrelationship between their dramatic efforts and the formation of an American national and literary identity Her major themes are metaphors of freedom industrial capitalism and gender perspective and ideology **Nineteenth Century American Plays** Myron Matlaw, 2001 Applause Books Seven hits that have been the staples of the American dramatic repertoire Myron Matlaw's introduction provides a splendid survey of the development of American drama Individual prefaces focus each work in the perspective of its historical context **Encyclopedia of American Drama** Jackson R.
