Small Claims Courts A Comparative Study:

A Comparative Study of Chinese and Western Legal Language and Culture Falian Zhang, 2021-03-08 This book involves a variety of aspects and levels including the diachronic and synchronic dimensions Law profoundly affects our daily lives but its language and culture can at times be nearly impossible to understand As a comparative study of Chinese and Western legal language and legal culture this book investigates the similarities and differences of both sides and identifies their respective advantages and disadvantages Accordingly it considers both social and cultural functions and both theoretical and practical values Firstly the book addresses the differences that is the basic frameworks and disparities between the Chinese and Western legal languages and legal cultures Secondly it explores relevant changes over time that is the historical evolution and the basic driving forces that were at work before the Chinese and Western legal languages and cultures met Lastly the book elaborates on their fusion that is the conflicts and changes in Chinese and Western legal languages and cultures in China in the modern era as well as the introduction transplantation and transformation of Western legal culture

Courts, Justice, and Efficiency Hector Fix-Fierro, 2004-01-06 This study explores the socio legal context of economic rationality in the legal and judicial systems It examines the meaning and relevance of the concept of efficiency for the operation of courts and court systems seeking to answer questions such as in what sense can we say that the adjudicative process works efficiently What are the relevant criteria for the measurement and assessment of court efficiency Should the courts try to operate efficiently and to what extent is this viable What is the proper relationship between efficiency and justice considerations in a judicial proceeding To answer these questions a conceptual framework is developed on the basis of empirical studies and surveys carried out mainly in the United States Western Europe and Latin America Two basic ideas emerge from it First economic rationality has penetrated the legal and judicial systems at all levels and dimensions from the level of society as a whole to the day to day operation of the courts from the institutional dimension of adjudication to the organizational context of judicial decisions Far from being an alien value in the judicial process efficiency has become an inseparable part of the structure of expectations we place on the legal system Second economic rationality is not the prevalent value in legal decision making as it is subject to all kinds of constraints local conditions and concrete negotiations with other values and interests

The Transformation of Enforcement Hans-W. Micklitz, Andrea Wechsler, 2016-04-07 This insightful book considers the phenomenon of the transformation of enforcement in European economic law while adopting a distinct global perspective The editors identify and respond to the need for reflection on transformation processes in the area of

enforcement by bringing together the leading international and European scholars in a variety of disciplines to share and compare experiences and learning in different areas of law Rooted in a wide and regulatory understanding of enforcement this book showcases the transformation of enforcement with reference to both European economic law especially transnational commercial law competition law intellectual property law consumer law and to the current context of significant global economic challenges Comparative perspectives facilitate the formation of a holistic perspective on enforcement that reaches beyond distinct theoretical accounts political agendas regulatory systems institutional patterns particular remedies industry sectors and stakeholder perspectives As the first comprehensive and comparative analysis of the enforcement of European economic law that reaches beyond closely confined areas of law it constitutes a crucial contribution to the theoretical and policy questions of how to design a coherent European enforcement architecture in accordance with essential principles and objectives of the EU economic order This unique study will have broad appeal By exploring enforcement transformations from a legal and a cross disciplinary perspective it will be essential reading for scholars practitioners and policymakers from different disciplines

Consumer ADR in Europe Christopher Hodges,Iris Benöhr,Naomi Creutzfeldt,2012-05-10 This is the first systematic comparative study into how consumer ADR systems usually ombudsmen and mediators work the differing national architectures within which they operate and how they can be improved It describes ADR schemes in Belgium France Germany Lithuania the Netherlands Poland Slovenia Spain Sweden and the United Kingdom as well as emerging pan EU dispute resolution schemes Use of the techniques of mediation conciliation and adjudication are noted It also covers EU measures on consumer ADR and 2011 proposals for legislation on ADR and ODR Data on volumes cost and duration of ADR schemes are compared both between different systems and with courts The authors findings underpin EU and national developments and outline options for future policy Findings and proposals are included for the functions scope performance essential requirements architecture and operation of ADR systems The relationships between ADR courts and regulators are discussed and need for reforms are noted This is a ground breaking work that will have a major impact on European legal systems This title is included in Bloomsbury Professional s International Arbitration online service *Staff Studies: Small claims courts* National Institute for Consumer Justice,1972

small claims courts drawing on audio recorded arbitration hearings and ethnographic fieldwork *Alternative dispute resolution* Jeremy McBride, Claude Samson, 1993 Vulnerable Consumers and the Law Christine Riefa, Severine Saintier, 2020-10-27 This book charts the difficulties encountered by vulnerable consumers in their access to justice through the contributions of prominent authors academic practitioners and consultants in the field of consumer law and access to justice It demonstrates that despite the development of ADR access to justice is still severely lacking for the vulnerable consumer The book highlights that a broad understanding of access to justice which encompasses good regulation and its public enforcement is an essential ingredient alongside access to the mechanisms of traditional private justice courts and ADR to protect the vulnerable consumer Indeed many of the difficulties are linked to normative obstacles and lack of access to justice is primarily a vulnerability in itself that can exacerbate existing ones In addition because it may contribute to pushing already vulnerable consumers into social exclusion it is not simply about economic justice but also about social justice The book shows that lack of access to justice is not irreversible nor is it necessarily linked to consumer apathy New technologies could provide solutions The book concludes with a plea for developing inclusive justice systems with more emphasis on public enforcement alongside effective courts systems to offer the vulnerable with adequate means to defend themselves This book will be suitable for both students and practitioners and all those with an interest in the justice system

Handbook of Research on International Consumer Law Geraint G. Howells, I. Ramsay, Thomas Wilhelmsson, 2010 This is a truly international effort and one with a strong commitment to human rights by the highly reputable authors coming from different jurisdictions The many facets of today's consumer law are presented to the reader including developing countries a fascinating effort in a dynamically emerging field of law We are comprehensively informed about such bread and butter areas as advertising unfair terms consumer guarantees product safety and liability consumer credit and redress But traditional consumer law concepts and remedies are facing challenges in more complex areas like services of general internet where consumers and private users should enjoy equal access to universal services with the internet where speed must not be a pretext to eliminate standards of fair dealing with risky investment services under the problematic paradigm shift from investor protection to investor confidence A book to read to think about to work with for everybody interested in the future of consumer markets and law in a time of economic crisis Norbert Reich University of Bremen Germany This is a richly interesting collection of essays written by leading names in the field It offers a thoroughly reliable survey of key tensions and challenges in modern consumer law and brilliantly combines thematic overview with detailed analysis It will stimulate comparative thinking it will provide a source of information and it will be welcomed by consumer law scholars all over the world Stephen Weatherill University of Oxford UK Consumer law and policy has emerged in the last half century as a major policy concern for all nations This Handbook of original contributions provides an international and comparative analysis of central issues in consumer law and policy in developed and developing economies The Handbook encompasses questions of

both social policy and effective business regulation Many of the issues are common to all countries and are becoming increasingly globalised due to the growth in international trade and technological developments such as the Internet The authors provide a broad coverage of both substantive topics and institutional questions concerning optimal approaches to enforcement and the role of class actions in consumer policy It also includes comparative insights into the influential EU and US models of consumer law and relates consumer law to contemporary trends in human rights law Written by a carefully selected group of international experts this text represents an authoritative resource for understanding contemporary and future developments in consumer law This Handbook will provide students researchers and policymakers with an insight to the main policy debates in each context and provide models of legal regulation to assist in the evaluation of laws and the development of consumer law and policy

Law and the Market Economy in China Perry Keller, 2017-07-05 This volume concerns several aspects of China's changing market based economy These include commercial contract enforcement corporate structures competition law and other issues related to China's membership in the WTO In the past two decades the rapid integration of China's economy into the global marketplace has created obligations and expectations of non discrimination and regulatory transparency in domestic markets The Chinese government has responded by demanding better governance within major companies market sectors and public administration generally However as the articles in this volume show it has struggled to find a corporate structure capable of absorbing external equity investment and participation but still amenable to direct and indirect state guidance It has also moved cautiously in creating legal controls over unfair competition Moreover the protection of state owned enterprises which serve as vehicles for domestic economic social and political policy has been a recurring issue in China's WTO trade disputes

Everyday Law in Russia Kathryn Hendley, 2017-02-07 Everyday Law in Russia challenges the prevailing common wisdom that Russians cannot rely on their law and that Russian courts are hopelessly politicized and corrupt While acknowledging the persistence of verdicts dictated by the Kremlin in politically charged cases Kathryn Hendley explores how ordinary Russian citizens experience law Relying on her own extensive observational research in Russia's new justice of the peace courts as well as her analysis of a series of focus groups she documents Russians complicated attitudes regarding law The same Russian citizen who might shy away from taking a dispute with a state agency or powerful individual to court might be willing to sue her insurance company if it refuses to compensate her for damages following an auto accident Hendley finds that Russian judges pay close attention to the law in mundane disputes which account for the vast majority of the cases brought to the Russian courts Any reluctance on the part of ordinary Russian citizens to use the courts is driven primarily by

their fear of the time and cost measured in both financial and emotional terms of the judicial process Like their American counterparts Russians grow more willing to pursue disputes as the social distance between them and their opponents increases Russians are loath to sue friends and neighbors but are less reluctant when it comes to strangers or acquaintances Hendley concludes that the rule of law rubric is ill suited to Russia and other authoritarian polities where law matters most but not all of the time

The Three Paths of Justice Neil Andrews,2018-05-08 This revised second edition takes account of developments in the field of dispute resolution including mediation and arbitration The book presents a concise account of the English system of civil litigation covering court proceedings in England and Wales It is an original and important study of a system which is the historical root of the US litigation system The volume offers a comprehensive and properly balanced account of the entire range of dispute resolution techniques As the first revised book on this subject to be published in the USA it enables American lawyers to gain an overview of the main institutions of English Civil Procedure including mediation and arbitration It will render the English system of civil justice accessible to law students in the US practitioners of law professors judges and policy makers

Law in Culture and Society Laura Nader,2023-11-15 As conflict resolution becomes increasingly important to urban and rural peoples around the globe the value of this classic anthology of studies of process structure comparison and perception of the law is acclaimed by policy makers as well as anthropologists throughout the world The case studies include evidence from Africa Europe the Americas and Oceania and they reflect the important shift from a concern with what law is to what law does As conflict resolution becomes increasingly important to urban and rural peoples around the globe the value of this classic anthology of studies of process structure comparison and perception of the law is acclaimed by policy makers as well as anthrop
