**The Investor's Survival Guide** Joseph A. Castelluccio Jr., 2014-06-09 Most books written on investing cover the topic with terminologies glossaries historical data charts graphs and theories What they lack is How do I get started Where do I go to get started They leave you with a lot of information that is not actionable This book does what they don t do It will empower you to go out and take charge of your financial destiny as soon as you finish reading the last word The solutions are easy to

understand The complicated market place will be broken down into simple to understand language and enable you to go out and start investing immediately This book will also show you how to avoid getting into debt and equally important how to get out of debt if you are already there You will also be introduced to the broker certificate of deposit market Expanding your horizons and enabling you to reach many more banks with higher yielding CDs Although the methods are simple to grasp the results are incredibly sophisticated A book like this is long overdue Written for the novice investor and the seasoned investor alike A must read to share with your friends and family

*The Successful Investor Today* Larry E.

Swedroe, 2007-04-01 What does it take to achieve superior performance and become a successful investor Rather than great stock pricing or market timing skills it is far better for you to understand how the markets work and how to make them work best for you Larry E Swedroe argues that the right strategy never changes no matter whether the bull is stampeding or the bear has emerged from hibernation The Successful Investor Today was written during one of the greatest bear markets of the post World War II era a bear market that was a result of the inevitable bursting of the technology led bubble of the late 1990s what Federal Reserve Chairman Alan Greenspan called irrational exuberance Although millions of investors unnecessarily incurred trillions of dollars in losses neither this bubble nor the ensuing devastating losses were anything new Despite all the horrible investment experiences that have been reported those investors who followed the fourteen simple truths outlined in this book including the building of globally diversified portfolios did not suffer the devastating losses experienced by many others The fourteen simple truths withstand the tests of logic and time in the way the stock market really works rather than

the way Wall Street and the media would have you believe it works Since it is generally held that those who fail to plan plan to fail an investor must begin with an investment plan Your plan should be tailored to conform to your unique ability willingness and need to take risk In The Successful Investor Today you will learn how to build write implement and manage your investment plan over time This book will help you become a better and more informed investor and it will help you achieve your financial goals by gradually increasing your wealth Apart from offering an up to date winning strategy The Successful Investor Today presents an efficient and proven way to avoid the most common and costly mistakes investors continue to make
