intrínsecamente vinculado con la bioquímica una herramienta única y reveladora que se convierte en el mapa para evaluar y mejorar nuestra inmunidad. Es en la conexión entre ambos pilares donde se revela el punto de partida de un proceso que con la ayuda fundamental de las vitaminas conduce a una vida con mayor vitalidad y bienestar. Con su visión innovadora el Dr Albizzati lidera el camino en la aplicación de la medicina ortomolecular y el abordaje del estrés oxidativo para mejorar la calidad de vida de sus pacientes y promover un envejecimiento activo y saludable. Por esto a lo largo de estas páginas el lector se encontrará no solo con una guía práctica y útil sino también con un texto no convencional que con su enfoque innovador de la salud redefine la relación entre la medicina y la experiencia del paciente.

Negociación comercial. Hacia la slowbalisation Sánchez González, Pilar, Fernández Hernández, Ruth, 2020-10-29 Estimado lector estás leyendo un trabajo real sobre una situación posible si es que se puede alterar la situación actual el cambio hacia un nuevo paradigma basado en la descripción de una nueva forma de hacer negocios. Slowbalisation es un concepto que implica innovar. Acercarse a algo diferente y a su vez mantener su esencia. En el último Foro de Davos 2020 se trató el concepto de moralizar la globalización. Los excesos cometidos han provocado un cambio necesario. Ya no vale todo no se puede mirar para otro lado y no es adecuado decir el responsable ha sido mi socio local. El mundo está cambiando la empresa el marketing y la comunicación han de hacerlo también. El respeto por el otro y la sostenibilidad implican compromiso. Sin estos dos conceptos no se puede ni se podrá crecer comercialmente. La alteridad por tanto se convierte en principio de vida en este caso de la nueva vida empresarial. Negociar es compartir y si se trata de negociación cultural empresarial supone respetar las otras culturas. El marketing y el mundo empresarial han de considerar la diferencia como parte del proceso de lo que se ha llamado inteligencia cultural. Este libro es un compendio que bajo la premisa de la slowbalisation implica un acercamiento a una nueva realidad empresarial y por ende de negociación. Se tratan aspectos negociables del cliente interno y del externo en entornos on y off en situaciones de realidad y de ficción de ámbito nacional e internacional de B2B de C2B de B2C etc de grandes empresas y de pymes de lobbies y de relaciones públicas y por último de conflictos sociales y empresariales. Es posible hacer negocios de otra forma. Nos acompaña
