Sizing Up the Soviet Army Jeffrey Record, 1975 Record har blandt andet p grundlag af russiske kilder studeret den russiske h rs st rrelse og organisation og draget konklusioner med hensyn til Kremls hensigter Alt peger p at russerne forbereder en kort intensiv konflikt karakteriseret ved deres egen massive offensiv til overrumpling af fjenden The Defense Policies of Nations Douglas J. Murray, Paul R. Viotti, 1994 Now in its third edition The Defense Policies of Nations has been thoroughly updated to take into account the dramatic developments of recent years the dissolution of the Soviet Union the resurgence of East Asian powers the emergence of newly independent nations in Eastern Europe the continuing instability of the Middle East and the growing importance of third world nations in global security matters For those dealing with national defense issues on a daily basis or even for those interested in the subject because of its current relevance The Defense Policy of Nations is must reading Gen Theodore J Conway Military Review American Academy of Political and Social Science **Defense Manpower Commission Staff Studies and Supporting Papers** United States. Rosefielde, 2013-03-09 The collection of essays presented in this volume grew out of a series of lec tures given at the University of North Carolina during the

academic year 1976 1977 The series was sponsored by the Soviet and East European Studies Program which I chaired at the time and the Curriculum of Peace War and Defense headed by James Leutze In the ensuing years almost all the manuscripts have been redrafted at frequent intervals to reflect the changing state of knowledge in each respective discipline The final version of the text that appears here is therefore the outcome of a long developmental process It is up to date and embodies our individual views on world communism at the present juncture Although the recent Soviet invasion of Afghanistan occurred shortly after this volume was completed that event has not impaired the book's timeliness The findings of Rosefield Lee Valenta and Leutze all point toward a resurgence of Soviet expansionism and Parker explicitly predicted the Afghan invasion in the first draft of his essay June 1978 see p 32 *National Security Affairs Conference*, 1980 **Proceedings of the National Security Affairs Conference**, 1980 *International Security Yearbook 1984/85* Barry M. Posen, 2014-01-13 In this sobering book Barry R Posen demonstrates how the interplay between conventional military operations and nuclear forces could in conflicts among states armed with both conventional and nuclear weaponry inadvertently produce pressures for nuclear escalation Knowledge of these hidden pressures he believes may help some future decision maker avoid catastrophe Building a formidable argument that moves with cumulative force he details the way in which escalation could occur not by mindless accident or by deliberate preference for nuclear escalation but rather as a natural accompaniment of land naval or air warfare at the conventional level Posen bases his analysis on an empirical study of the east west military competition in Europe during the 1980s using a conceptual framework drawn from international relations theory organization theory and strategic theory The lessons of his book however go well beyond the east west competition Since his observations are relevant to all military competitions between states armed with both conventional and

nuclear weaponry his book speaks to some of the problems that attend the proliferation of nuclear weapons in longstanding regional conflicts Optimism that small and medium nuclear powers can easily achieve stable nuclear balances is he believes unwarranted
