Rembrandt Drawings Seymour Slive,2019-09-17 Seymour Slive who should be considered the dean of scholars of 17th century Dutch art brings a lifetime of study and erudition to Rembrandt Drawings You would have to go a long way to find a better guide than Mr Slive Wall Street Journal

Written by renowned Rembrandt scholar Seymour Slive this gorgeous volume explores the artist's extraordinary achievements as a draftsman by examining more than 150 of his drawings. Reproduced in color, these works are accompanied by etchings and paintings by Rembrandt and others including Leonardo and Raphael. Unlike other publications of Rembrandt's drawings, here they are arranged thematically, which makes his genius abundantly clear. Individual chapters focus on self-portraits, portraits of family members and friends, the lives of women and children, nudes, copies, model and study sheets, animals, landscapes, and buildings, religious and mythological subjects, historical subjects, and genre scenes. Slive discusses possible doubtful attributions which account for the considerable reduction from earlier times in the number of drawings now ascribed to the master.
