Snake Back Solos:

Snake-back Solos Quincy Troupe, 1978 Translating Jazz Into Poetry Erik Redling, 2017-02-20 The study develops a new theoretical approach to the relationship between two media jazz music and writing and demonstrates its explanatory power with the help of a rich sampling of jazz poems Currently the mimetic approach to intermediality e g the notion that jazz poetry imitates jazz music still dominates the field of criticism This book challenges that interpretive approach It demonstrates that a mimetic view of jazz poetry hinders readers from perceiving the metaphoric ways poets rendered music in writing Drawing on and extending recent cognitive metaphor theories Lakoff Johnson Turner Fauconnier it promotes a conceptual metaphor model that allows readers to discover the innovative ways poets translate melody dynamics tempo mood and other musical elements into literal and figurative expressions that invite readers to imagine the music in their mind s eye i e their mind s ear *Seeking St. Louis* Lee Ann Sandweiss, 2000 Complementing the new permanent exhibition at the Missouri Historical Society this anthology gathers over three centuries of writings on St Louis by 100 individuals who have been inspired to describe the physical and cultural essence of this region The volume contains excerpted selections from all genres travel diaries poetry fiction journalism drama and rare out of print and previously unpublished archival material including poems by Angus Umphrville from the first volume of verse published west of the Mississippi and newspaper articles by Theodore Dreiser when he was a beat reporter for the St Louis Globe Democrat Other compelling excerpts were authored by such notables as Auguste Chouteau Charles Dickens William Wells Brown William T Sherman Sara Teasdale T S Eliot Tennessee Williams Fanny Hurst William S Burroughs Miles Davis Nzotake Shange John Lutz Carl Phillips and Quincy Troupe A biographical introduction precedes each entry to place the author and the excerpt in the proper historical context The content of *Seeking St Louis* was enriched by the involvement of several of the St Louis area s foremost literary experts Robert Boyd Jan Garden Castro Gerald Early Wayne Fields and Karen Goering who served as contributing editors *Going Solo* Roald Dahl, 2012-02-02 In *Going Solo* the world s favourite storyteller Roald Dahl tells of life as a fighter pilot in Africa They did not think for one moment that they would find anything but a burnt out fuselage and a charred skeleton and they were astounded when they came upon my still breathing body lying in the sand nearby In 1938 Roald Dahl was fresh out of school and bound for his first job in Africa hoping to find adventure far from home However he got far more excitement than he bargained for when the outbreak of the Second World War led him to join the RAF His account of his experiences in Africa crashing a plane in the Western Desert rescue and recovery from his horrific injuries in Alexandria flying a Hurricane as Greece fell to the Germans and many other daring deeds recreates a world as bizarre and unnerving as any he wrote about in his fiction Very nearly as grotesque as his fiction The same compulsive blend of wide eyed innocence and fascination with danger and horror Evening Standard A non stop demonstration of expert raconteurship The New York Times Book Review Roald Dahl the brilliant and worldwide acclaimed author of *Charlie and the Chocolate Factory* *James and the Giant Peach*

Matilda and many more classics for children also wrote scores of short stories for adults These delightfully disturbing tales have often been filmed and were most recently the inspiration for the West End play Roald Dahl's Twisted Tales by Jeremy Dyson Roald Dahl's stories continue to make readers shiver today *Solo Passage* Glenda Goodrich, 2025-07-30 In her search to find healing and meaning in midlife Glenda Goodrich undertakes a series of wilderness quests into the backcountry of Oregon Washington and California to discover what the natural world has to teach her about life death happiness spirituality and forgiveness This book chronicles the sacred ceremonies that connected Goodrich to the land wove her into nature's web and transformed her from a woman who worked to please others into a woman who forged her own path It is a brilliant collection of adventures the touch of coyote fur a snake's kiss a ceremonial blood offering and a profound reflection on the healing and restorative power of nature African American Literature Hans Ostrom, J. David Macey Jr., 2019-11-15 This essential volume provides an overview of and introduction to African American writers and literary periods from their beginnings through the 21st century This compact encyclopedia aimed at students selects the most important authors literary movements and key topics for them to know Entries cover the most influential and highly regarded African American writers including novelists playwrights poets and nonfiction writers The book covers key periods of African American literature such as the Harlem Renaissance the Black Arts Movement and the Civil Rights Era and touches on the influence of the vernacular including blues and hip hop The volume provides historical context for critical viewpoints including feminism social class and racial politics Entries are organized A to Z and provide biographies that focus on the contributions of key literary figures as well as overviews background information and definitions for key subjects *Duende* Quincy Troupe, 2022-07-26 The selected poems from over fifty years by the great poet and biographer and friend of Miles Davis Quincy Troupe writes poetry in great waves The words are just notes It's the music you make with them that matters He's not a wordsmith he's a shaman conjuring long repetitive lines cadences of looking across the sea towards Africa and haunted by the legacy of slavery and racism or of remembering fellow conjurers poets and musical artists celebrating always celebrating but never only that In the fifty page incantatory poem Ghost Voices there is a longing to be reconnected to the past and a longing too to be free of it In the short title poem Duende For Garcia Lorca and Miles Davis there lies nakedly Troupe's credo secrets mystery infused in black magic that enters bodies in forms of music art poetry imbuing language with sovereignty in blood spooling back through violent centuries The version of the great poem Avalanche number 3 that appears here is different from the version of the same poem he published nearly 25 years ago in exactly the same way that a jazz artist picks up his horn to play the same song a little differently every time Troupe is a generous and gregarious poet in this giant offering that includes many new poems as well as a selection chosen from across his eleven previously published volumes What's remarkable is the constancy the energy and how he's always looking right at you in the here and now and at the same time sees something over your shoulder that others don't see yet maybe a distant storm gathering over the waters

something we're going to need to rise up and face soon enough **African American Writers** Lynda Koolish, 2001 This volume of photos of African American authors highlights the diversity within African American literature and celebrates the many genres it explores 59 photos *The Lever of Riches* Joel Mokyr, 1992-04-09 In a world of supercomputers genetic engineering and fiber optics technological creativity is ever more the key to economic success But why are some nations more creative than others and why do some highly innovative societies such as ancient China or Britain in the industrial revolution pass into stagnation Beginning with a fascinating concise history of technological progress Mokyr sets the background for his analysis by tracing the major inventions and innovations that have transformed society since ancient Greece and Rome What emerges from this survey is often surprising the classical world for instance was largely barren of new technology the relatively backward society of medieval Europe bristled with inventions and the period between the Reformation and the Industrial Revolution was one of slow and unspectacular progress in technology despite the tumultuous developments associated with the Voyages of Discovery and the Scientific Revolution What were the causes of technological creativity Mokyr distinguishes between the relationship of inventors and their physical environment which determined their willingness to challenge nature and the social environment which determined the openness to new ideas He discusses a long list of such factors showing how they interact to help or hinder a nation's creativity and then illustrates them by a number of detailed comparative studies examining the differences between Europe and China between classical antiquity and medieval Europe and between Britain and the rest of Europe during the industrial revolution He examines such aspects as the role of the state the Chinese gave up a millennium wide lead in shipping to the Europeans for example when an Emperor banned large ocean going vessels the impact of science as well as religion politics and even nutrition He questions the importance of such commonly cited factors as the spill over benefits of war the abundance of natural resources life expectancy and labor costs Today an ever greater number of industrial economies are competing in the global market locked in a struggle that revolves around technological ingenuity *The Lever of Riches* with its keen analysis derived from a sweeping survey of creativity throughout history offers telling insights into the question of how Western economies can maintain and developing nations can unlock their creative potential *Black Writers* Sharon Malinowski, 1994 This text presents comprehensive coverage of more than 400 of the most studied black authors from the Harlem Renaissance social and political activists and foreign black writers of interest to American Audiences
