Hsiao, Audrea Lim, 2020-06-16 Throughout the ages and across every continent people have struggled against those in power and raised their voices in protest rallying others around them and inspiring uprisings in eras yet to come Their echoes reverberate from Ancient Greece China and Egypt via the dissident poets and philosophers of Islam and Judaism through to the Arab slave revolts and anti Ottoman rebellions of the Middle Ages These sources were tapped during the Dutch and

English revolutions at the outset of the Modern world and in turn flowed into the French Haitian American Russian and Chinese revolutions More recently resistance to war and economic oppression has flared up on battlefields and in public spaces from Beijing and Baghdad to Caracas and Los Angeles This anthology global in scope presents voices of dissent from every era of human history speeches and pamphlets poems and songs plays and manifestos Every age has its iconoclasts and yet the greatest among them build on the words and actions of their forerunners The Verso Book of Dissent will become an invaluable resource reminding today's citizens that these traditions will never die **The Flaming Womb** Barbara Watson Andaya, 2006-07-31 The Princess of the Flaming Womb the Javanese legend that introduces this pioneering study symbolizes the many ambiguities attached to femaleness in Southeast Asian societies Yet despite these ambiguities the relatively egalitarian nature of male female relations in Southeast Asia is central to arguments claiming a coherent identity for the region This challenging work by senior scholar Barbara Watson Andaya considers such contradictions while offering a thought provoking view of Southeast Asian history that focuses on women's roles and perceptions Andaya explores the broad themes of the early modern era 1500 1800 the introduction of new religions major economic shifts changing patterns of state control the impact of elite lifestyles and behaviors drawing on an extraordinary range of sources and citing numerous examples from Thai Vietnamese Burmese Philippine and Malay societies In the process she provides a timely and innovative model for putting women back into world history Andaya approaches the problematic issue of Southeast Asia by considering ways in which topography helped describe a geo cultural zone and contributed to regional distinctiveness in gender construction She examines the degree to which world religions have been instrumental in re constructing conceptions of gender an issue especially pertinent to Southeast Asian societies because of the leading role so often played by women in indigenous ritual She also considers the effects of the expansion of long distance trade the incorporation of the region into a global trading network the beginnings of cash cropping and wage labor and the increase in slavery on the position of women Erudite nuanced and accessible The Flaming Womb makes a major contribution to a Southeast Asia history that is both regional and global in content and perspective WLA ,2008 **The Everything Writing Poetry Book** Tina D Eliopoulos, Todd Scott Moffett, 2005-06-01 Poetry is what gets lost in translation Robert Frost Giving voice to what gets lost in translation is the challenge every poet faces With The Everything Writing Poetry Book that challenge just got easier Featuring examples from works of celebrated poets and instruction on communicating your ideas this clear and accessible reference helps you gain confidence as you find your own voice Written by a team who each hold a master's degree and teach creative writing and literature this easy to follow guide has all you need to take your work to the next level With this handy guide you will learn to Create meter and rhyme Express your innermost thoughts Use imagery and metaphor Polish your word play Find your own rhythm Work with other writers and more The Everything Writing Poetry Book helps you make the most of this rewarding craft whether you're a fledgling poet or a seasoned wordsmith **Thinking Its Presence** Dorothy J.

Wang,2013-12-04 When will American poetry and poetics stop viewing poetry by racialized persons as a secondary subject within the field Dorothy J Wang makes an impassioned case that now is the time Thinking Its Presence calls for a radical rethinking of how American poetry is being read today offering its own reading as a roadmap While focusing on the work of five contemporary Asian American poets Li Young Lee Marilyn Chin John Yau Mei mei Berssenbrugge and Pamela Lu the book contends that aesthetic forms are inseparable from social political and historical contexts in the writing and reception of all poetry Wang questions the tendency of critics and academics alike to occlude the role of race in their discussions of the American poetic tradition and casts a harsh light on the double standard they apply in reading poems by poets who are racial minorities This is the first sustained study of the formal properties in Asian American poetry across a range of aesthetic styles from traditional lyric to avant garde Wang argues with conviction that critics should read minority poetry with the same attention to language and form that they bring to their analyses of writing by white poets Encyclopedia of Love in World Religions Yudit Kornberg Greenberg,2007-11-15 This is the first comprehensive resource on the subject of love in the teachings of the world s major religions cultures and philosophies Encyclopedia of Love in World Religions is the first reference work to offer a comprehensive portrait of love in the context of the classic and contemporary literature of Judaism Christianity Islam Buddhism and Hinduism as well as other cultures and philosophies Like no volume published to date it reveals the full richness of religious teachings on love in all its many forms exploring an extensive range of topics that offer philosophical psychological and religious perspectives to guide the quest for the meaning of love Encyclopedia of Love in World Religions features approximately 300 subject entries as well as insightful biographic sketches of preeminent thinkers all written by a multidisciplinary team of some of the foremost scholars on the subject Entries examine both general and culture specific interpretations of love not just the dichotomy of spiritual and physical love but the full emotional spectrum of love in relationships and practices Collectively they encompass love s integral and sometimes conflicting role in shaping beliefs and behavior in a vastly diverse world **Sons Of Heaven** Terrence Cheng,2007-05-21 Sons of Heaven is an epic novel set against the backdrop of one of modern history s most haunting events the Tiananmen Square Massacre In June 1989 the world watched in horror as China s military was mobilized to suppress a student movement that stood for peaceful democracy Hundreds were killed others say thousands No one knows for sure But the image that remains most powerful is that of a lone young man looking confused yet terribly brave as he held his ground before a rolling line of tanks Who was he and why did he do what he did No one has ever been able to determine his identity or fate Within the pages of Sons of Heaven in a stunning blend of history and fiction Terrence Cheng has vividly created a life for this young hero and given him a voice Cheng imagines the young man s life as he goes away to America to complete his education He falls in love with a beautiful young American girl who opens up to him a free life filled with opportunity When he returns to China he is embittered and disillusioned only the potential for political change seems to revive him Also unraveled is the story of the

young man's older brother an ardent member of the Red Army who is ordered to capture his little brother In the end their political differences turn deadly On one level this is a novel of history as played out in modern China but first and foremost it is about the universal ties of family and the difficult process of boys learning to become men Also under scrutiny is the life and history of Deng Xiaoping China's leader who is suspected of giving the final orders to turn the People's Army against its own people What historical and political factors affected his decisions that fateful summer Was Deng the monster that the world made him out to be A revolving narrative of family faith and courage Sons of Heaven braids the lives of peasants and soldiers politicians and gods It is a powerful novel of one of the most memorable and moving moments of our time Praise for SONS OF HEAVEN This remarkably structured and textured debut epic seeks to attach a face to the mysterious man who by stepping in front of the rolling army tanks became the most recognizable symbol of the massacres Cheng succeeds in his endeavor a multifaceted and sophisticated portrait of the Chinese people is rendered This is a rare find This is not the first novel to center around Tiananmen but it may be the best Publishers Weekly starred review A superb first novel Sons of Heaven succeeds because its focus is relentlessly personal and moral San Francisco Chronicle Filled with carefully measured doses of history romance and adventure Stylistically and thematically daring Miami Herald Terrence Cheng enters history in such a profound and provocative way his retelling of the events in and around Tiananmen Square is subversive lyrical and full of control Cheng is a painter and a cinematographer and a wordsmith all at once Colum McCann author of Dancer T his brave insightful and gifted writer seeks to compassionately understand these fictional and actual but fictionalized characters backgrounds motivations and uncertainties to help readers grasp the moment from divergent perspectives Eugene Weekly Compelling powerful a first class thriller set on the stage of world history that is hard to put down Pittsburgh Post Gazette Cinematic powerful Atlanta Journal Constitution Who cannot think of those days in June 1989 without recalling the image of an unknown protester facing off against a tank thanks to Terrence Cheng's Sons of Heaven we shall have an enduring reminder Denver Post An irresistible peek into the human face of modern China USA Today The writing here is terse and often beautiful this clash between pole
