Spring Remembered A Scottish Jewish Childhood:

Spring Remembered Evelyn Cowan, 1978 Migration in Jewish Imagination and Experience Mara W. Cohen

Ioannides, Natalie Wynn, 2025-01-22 Migration has been a central defining element of Jewish life since Antiquity Over the centuries it has become the subject of a rich and diverse mythology that re imagines and re interprets the movements of Jews across time and space in the past whether distant or recent according to the needs and concerns of the present This volume considers the mythology of Jewish migration as a phenomenon in its own right that reflects themes concerns and historical realities common to many Jewish communities Employing methodologies from the fields of history literary and cultural studies and sociology the essays interrogate mythologized narratives of Jewish migration drawn from a range of settings exploring the diverse yet often surprisingly similar realities that they represent **The Forgotten Kindertransportees**

Frances Williams, 2014-02-25 The Forgotten Kindertransportees offers a compelling new exploration of the Kindertransport episode in Britain The Kindertransport brought close to 10 000 unaccompanied children and young people to Britain on a trans migrant basis between 1938 and 1939 with an estimated 70% of these children being of the Jewish faith The outbreak of the Second World War turned this short term initiative into a longer term episode and Britain became home to the thousands that had been forced to migrate across the continent to flee the Nazis and the tragic Holocaust that would take place This book re evaluates and challenges misconceptions about the Kindertransportees experiences in Britain misconceptions that currently pervade Kindertransport scholarship It focuses on the particularity of the Scottish experience scrutinising misleading national pictures which have dominated existing literature and excluded this important part of the Kindertransport episode An estimated 8% of Kindertransportees were cared for in Scotland for the duration of the war years and this book demonstrates how national agendas were put into practice in a region that was far removed from the administrative and bureaucratic hub of London The Forgotten Kindertransportees provides original interpretations as it considers a number of important aspects of the Kindertransportees experiences in Scotland including those of a social political and religious nature This includes an examination of Scotland s philanthropic welfare solutions for the dependent trans migrant minor the role of Zionism and the impact of Scottish Jewry s particular approach to Judaism and a Jewish lifestyle upon broader life stories of Kindertransportees Using a vast body of new research material Frances Williams provides a fascinating and detailed examination of the Kindertransport that is region specific and one that is all the more important because of its specificity This is an important text for anyone interested in the Holocaust and the social history of those involved An Introduction To Scottish Ethnology Alexander Fenton, Margaret A. Mackay, 2013-08-06 The publication of An Introduction to Scottish Ethnology sees the completion of the fourteen volume Scottish Life and Society series originally conceived by the eminent ethnologist Professor Alexander Fenton The series explores the many elements in Scottish history language and culture which have shaped the identity of Scotland and Scots at local regional and national

level placing these in an international context Each of the thirteen volumes already published focuses on a particular theme or institution within Scottish society This introduction provides an overview of the discipline of ethnology as it has developed in Scotland and more widely the sources and methods for its study and practical guidance on the means by which it can be examined within its constituent genres based on the experience of those currently working with ethnological materials Theory and practice are presented in an accessible fashion making it an ideal companion for the student the scholar and the interested amateur alike

The Scottish State and European Migrants, 1885-1939 Terence McBride, 2024-02-29 This book examines the efforts of the government in Scotland to manage the increase of migrants travelling to Britain at the end of the nineteenth century Focussing on the period between 1885 and 1939 the book explores how the Scottish machinery of government handled the administration of foreigners The author uses a comparative thematic approach to analyse migrant experiences identities and relationships with state institutions Drawing from state records held by the National Records of Scotland in Edinburgh the book argues that Scottish officials in semi autonomous boards began to recognise describe and enumerate the presence of the foreigner in the early twentieth century framing their handling of foreignness in accordance with the Aliens Act of 1905 The author goes on to explain that institutions operating in Scotland developed a distinctly Scottish approach to alien matters which continued up until the Second World War Therefore an increasing number of important decisions affecting migrants were taken by a distinctly Scottish machinery of government impacting on how Scottish officials understood foreignness and how those identified as foreigners understood their identity in relation to Scottishness Contributing significantly to current heated debates on migration and identity amongst researchers and the general public in Europe and beyond this book provides essential insights into the ways in which a sub state began to develop practices processes and attitudes towards migration which were not always in line with that of the central government

Jewish Edinburgh M.D. Gilfillan, 2019-02-27 This first full length history of the Jews of Edinburgh chronicles their immigration to Scotland's capital city from Russia during the 1880s in the wake of Tsarist persecution and examines their reception by native Scots Smaller than its Glasgow counterpart the Jewish community in Edinburgh took on greater national significance in part through the career of Scotland's Rabbi Dr Salis Daiches of the Edinburgh Hebrew Congregation The community would also contribute Scotland's first Jewish member of parliament as well as the first Jewish president of the Scottish Football League

Living with the Dead Laura King, 2025-01-29 This is an open access title available under the terms of a CC BY NC ND 4.0 International licence It is free to read on the Oxford Academic platform and offered as a free PDF download from OUP and selected open access locations The dead are everywhere in family life From a great grandmother's recipe made time and again to a dog eared black and white photo of a family on a beach and from a carefully curated family bible to a much told story of a family fleeing their home many decades ago families are made by their pasts This book examines the relationship between the living and the dead within family life charting the way families create

afterlives for their ancestors It asks who and what gets to be remembered and why Considering different points of connection with the dead in each chapter through graves homes things photos writing research and stories this book demonstrates how death and the dead remain a crucial presence within family life Through an innovative methodology of collaborative critical family history *Living with the Dead* features interviews personal archives and the results of a collaboration with fifteen family historians including the author's own family What results is a unique way of exploring family pasts of charting not only how families have remembered their dead and passed on their histories over time but the mechanisms of how histories are constructed and shared *Living with the Dead* reveals how crucial the dead and stories of them are within families and provides new ways for historians to unpick the way history is intimately made

Connecting Histories Gemma Romain, 2013-10-28 First published in 2006 The dynamics of ethnicity diaspora identity and community are the defining features of contemporary life giving rise to important and exciting new interdisciplinary fields of study and literature on subjects that were previously seen as the exclusive domain of the social sciences *Connecting Histories* is an important contribution to this trend While using sociological and anthropological theories it is an innovative historical and comparative assessment of ethnic identities and memories Romain focuses on Afro Caribbean and Jewish individuals and groups investigating the ways in which communities remember their experiences

The 'Estranged' Generation? Social and Generational Change in Interwar British Jewry David Dee, 2017-08-22 This book focuses on the nature and extent of social change integration and identity transformation within the Jewish community of Britain during the interwar years It probes the notion widely articulated by Jewish communal leaders at this time that the immigrant second generation i.e. British and foreign born children of Russian and Eastern European Jews who migrated to Britain in the late Victorian era up to the First World War had estranged themselves from their Jewishness Jewish elders and peers and were fast assimilating into the British mainstream The volume analyses the second generation's developing outlooks and behavioural trends in a variety of environments effectively charting the changes and continuities present therein As a whole the book sheds light on the varied ways in which this group developed new identities that both drew from and reflected their Jewish and British heritage

Working-Class Courtship, Marriage, and Divorce in Scotland, 1855-1939 Eleanor Gordon, Jeff Meek, Katie Barclay, 2025-10-25 This is the first book length study of the history of working class courtship and marriage in Scotland from the establishment of civil registration to the introduction in 1939 of legislation which abolished irregular marriage and introduced civil marriage Adopting a life course approach the book explores the social economic and cultural contexts of romantic partnerships from courtship through to marital or family dissolution Drawing from a wide range of sources that capture official accounts and discourses on the one hand and the testimony and experience of working class people on the other the book offers a uniquely broad and textured view of courtship and marriage in this period In so doing it advances recent historiographical debates surrounding marriage in the Anglophone world particularly the mutability of love and

whether the late nineteenth and early twentieth centuries constituted a social and cultural turning point for the working classes in terms of choice of marriage partner the nature of the marital relationship and the parent child relationship The book also engages with debates about extra marital sexual activity in the nineteenth and early twentieth centuries whether the family was more or less stable than the contemporary family and the different ways that marriages broke down before the advent of divorce reform This has important implications for wider European and North American historiography and raises timely questions about the primacy of the traditional family in policy and public discourse
