Australian Books in Print 1994 Thorpe, D. W., Staff, 1994-04 This unique reference provides detailed bibliographic information on over 60 000 in print books published in or about Australia or written by Australian authors There are also details on the more than 3 000 publishers distributors whose titles are represented as well as information on all trade associations literary awards more **The Bulletin**, 1988-11 *Matthew Flinders, Maritime Explorer of Australia* Kenneth Morgan, 2016-03-24 This book provides a thoroughly researched biography of the naval career of Matthew Flinders with particular emphasis on his importance for the maritime discovery of Australia Sailing in the wake of the 18th century voyages of exploration by Captain Cook and others Flinders was the first naval commander to circumnavigate Australia's coastline He contributed more to the mapping and naming of places in Australia than virtually any other single person His voyage to Australia on H M S Investigator expanded the scope of imperial geographical and scientific knowledge This biography places Flinders's career within the context of Pacific exploration and the early white settlement of Australia Flinders's connections with other explorers his use of patronage the dissemination of his findings and his posthumous reputation are also discussed in what is an important new scholarly work in the field **Sprod's Views of Sydney** George Sprod, 1981 International Books in Print, 1990 **Sands and McDougall's Directory of Victoria ... Melbourne and Suburban Sections ... Country Section** Sands & McDougall, Melbourne, 1913 **Medical Journal of Australia**, 1915 **Reasonable Children** Michael S. Pritchard, 1996 The public outcry for a return to moral education in our schools has raised more dust than it has dispelled Building upon his provocative ideas in *On Becoming Responsible* Michael Pritchard clears the air with a sensible plan for promoting our children's moral education through the teaching of reasonableness Pritchard contends that children have a definite but frequently untapped capacity for reasonableness and that schools in a democratic society must make the nurturing of that capacity one of their primary aims as fundamental to learning as the development of reading writing and math skills Reasonableness itself he shows can be best cultivated through the practice of philosophical inquiry within a classroom community In such an environment children learn to work together to listen to one another to build on one another's ideas to probe assumptions and different perspectives and ultimately to think for themselves Advocating approaches to moral education that avoid mindless indoctrination and timid relativism Pritchard neither preaches nor hides behind abstractions He makes liberal use of actual classroom dialogues to illustrate children's remarkable capacity to engage in reasonable conversation about moral concepts involving fairness cheating loyalty truth-telling lying making and keeping promises obedience character and responsibility He also links such discussions to fundamental concerns over law and moral authority the roles of teachers and parents and the relationship between church and state Pritchard draws broadly and

deeply from the fields of philosophy and psychology as well as from his own extensive personal experience working with children and teachers The result is a rich and insightful work that provides real hope for the future of our children and their moral education **Australian Wine, Brewing and Spirit Review** ,1969 *Australian Journal of Jewish Studies* ,2006

Australasian Medical Gazette ,1894 **National Union Catalog** ,1978 Includes entries for maps and atlases

When God Wanted to Destroy the Chosen People Gili Kugler,2019-06-04 According to narratives in the Bible the threats of the people s end come from various sources but the most significant threat comes as learned from the Pentateuch from God himself What is the theological meaning of this tradition In what circumstances did it evolve How did it stand alongside other theological and socio political concepts known to the ancient authors and their diverse audience The book employs a diachronic method that explores the stages of the tradition s formation and development revealing the authors exegetical purposes and ploys and tracing the historical realities of their time The book proposes that the motif of the threat of destruction existed in various forms prior to the creation of the stories recorded in the final text of the Pentateuch The inclusion of the motif within specific literary contexts attenuated the concept of destruction by presenting it as a phenomenon of specific moments in the past Nevertheless the threat was resurrected repeatedly by various authors for use as a precedent or a justification for present affliction
