Teaching And Counseling Gifted And Talented Adolescents An International Learning Style Perspective:

Teaching and Counseling Gifted and Talented Adolescents Roberta M. Milgram, Rita Dunn, Gary E. Price, 1993-10-30 The goal of this book is to provide teachers with the theoretical and practical information needed to meet the daily challenge of individualizing instruction for gifted and talented students with different learning styles in regular classrooms These students spend most of their time in regular courses Teachers and counselors often are urged to provide for the unique needs of each of these learners without being shown how such adolescents differ from each other in their learning style traits This is the first book devoted entirely to the topic and it is based on a two year study in many different nations **Multiculturalism and Learning Style** Rita Dunn, Shirley A. Griggs, 1998-08-20 This text synthesizes the research on the learning style characteristics of five culturally diverse groups Native Americans Hispanic Americans African Americans Asian Americans and European Americans Although each of these groups has distinguishing features and differs from other groups on some of the 22 elements that constitute learning style there are broad within group variations that preclude generalizations Dunn and Griggs identify a multidimensional model of learning style describe a comprehensive assessment instrument for identifying an individual's learning style and provide a variety of educational interventions that accommodate diverse learning style preferences International Handbook of Giftedness and Talent K. A. Heller, F. J. Mönks, R. Subotnik, Robert J. Sternberg, 2000-12-18 The first edition of this popular reference work was published in 1993 and received critical acclaim for its achievement in bringing together international perspectives on research and development in giftedness and talent Scholars welcomed it as the first comprehensive volume in the field and it has proved to be an indispensable resource to researchers Since the first edition the scholarly field of giftedness and talent studies has expanded and developed welcoming contributions from researchers in related disciplines Several theoretical frameworks outlined in the first edition have now been empirically tested and a number of new trends have emerged The Second Edition of the International Handbook of Giftedness and Talent provides an invaluable research tool to academics researchers and students interested in the field of giftedness and talent The contributors are renowned in the field and the broad range of topics on giftedness that have been studied in the past century right up to the late 1990s are represented in this volume It is truly international in scope bringing together leading scholars and teachers from all around the world This new edition has been fully updated and rewritten and includes 22 completely new chapters It provides a comprehensive review and critical synthesis of significant theory a unique cross national perspective with contributions from over 100 distinguished authors covering 24 nations significant contributions from scholars working in related fields an increased focus on empirically supported scholarship and is arranged for quick and easy reference with comprehensive subject and author indexes How to Implement and Supervise a Learning Style Program Rita Dunn Dunn, 1996-04-01 This how to book is for supervisors interested in understanding implementing and guiding staff in the proven educational methods of learning styles Learning how to learn is what the

learning styles approach is all about Advocate Rita Dunn explains learning styles and how they develop and describes how to teach students with diverse learning styles International studies and testimonials indicate statistically higher standardized achievement test scores for students who are taught to use their learning style strengths and yield evidence that this approach makes a difference for all kinds of learners As an award winning educator and a supervisor Dunn offers tips on how to introduce learning styles to your staff and students and how to respond to the cognitive physiological and sociological aspects of learning that influence the students in your school and district Differentiating Instruction for At-Risk Students Rita Dunn,Andrea Honigsfeld,2009 When the activities described herein are introduced to students whose learning styles they match most will demonstrate strong abilities to learn and remember new and difficult content within the first four months of beginning_ if not earlier This book is written to prevent more children from becoming at risk and to help those who already have fallen behind their classmates and do not enjoy school Using the National Gifted Education Standards for University Teacher Preparation Programs Susan K.
