

Teaching by Design

Using Your Computer to Create Materials
for Students with Learning Differences

Follow the step-by-step instructions and design strategies presented in this truly extraordinary book to create over 40 customized educational materials for children and adults with cognitive, sensory, or physical disabilities. *Teaching by Design* is a skillful blend of computer graphics, education concepts, and crafting know-how that parents and educators will find indispensable when teaching visual perception, math, language, communication, reading, handwriting, and self-help skills.

Loaded with illustrations and supportive anecdotal information about how the author created and used these materials to educate her daughter with multiple disabilities, *Teaching by Design* shows readers how to adapt familiar educational materials and create new ones to meet an individual's specific learning needs. The book also includes a timesaving CD-ROM full of templates that simplifies the process of making a variety of customized educational materials, including:

- Lotto Boards
- Telling Time Worksheets
- Handwriting Transparencies
- Custom Game Pieces
- Interactive Spelling Cards
- Menus
- Visual Schedules
- Reading Inventories

With this book, a computer, printer, and office and craft supplies, you can make learning for a child (or adult) with special needs immeasurably easier, richer, and fun for both of you!

"In *Teaching by Design*, Kim Voss gives you the rationale, ideas, and instructions needed to make motivating custom materials for helping special needs students. Kim shares the experiences and practical solutions that helped her daughter Ashley make progress when standard materials were ineffective. This book is a must read for professionals or parents making educational materials."

—Terry Johnson, former president of
Mayer-Johnson, Inc.

"*Teaching by Design* is a very creative compilation of communication strategies that will support meaningful learning opportunities for students with disabilities at home or school. A self-described technophile, Kimberly Voss brings her personal passion and varied life experiences to a book that makes computer use fun, accessible, and instructionally relevant."

—Michael Hershman, Associate Dean
Graduate School of Education,
University of Utah

"*Teaching by Design* is an excellent book for the first-year teacher, the concerned parent, or the seasoned professional. The combined use of picture-based communication and kinesthetic learning approaches is very effective with children with autism and other disabilities. This book is an excellent resource for parents and professionals seeking to encourage children to receptively and expressively communicate in a variety of settings."

—Miri Peterson, Third-year autism teacher
Reidsville Middle School in Reidsville,
North Carolina
