Teaching Christianity A World Religions Approach Chichester Project S:

Integrative Religious Education in Europe Wanda Alberts, 2012-02-14 This book is a contribution to the development of the young discipline of the didactics of the Study of Religions Religionswissenschaft in international perspective Integrative religious education refers to education about different religions in classrooms with children of various religious and non religious backgrounds Cornerstones of recent debates about theory and methodology in the academic study of religions and in education are discussed in the first chapter They form the basis of the following analysis and evaluation of current approaches to integrative religious education in Europe with a special focus on England and Sweden Particular attention is paid to the different underlying concepts of religion education and ways of representing religious plurality in these approaches Building on a discussion of the current situation of teaching and learning about religions in schools in Europe in the context of wider cultural social and political debates the book concludes with the suggestion of a framework for integrative religious education in Europe from a perspective that combines insights from the study of religions and education

Teaching Christianity Clive Erricker, 1987 Revised and updated this invaluable teaching tool looks at Christianity as a world religion and examines the implications for all those involved in religious education **Reasons for Living** Marisa Crawford, Graham Rossiter, 2006-11-01 *Reasons for Living* begins by exploring the development and psychological function of meaning identity and spirituality in the lives of young people This exploration can contribute significantly to the professional background of those engaged in the education and care of youth in various contexts The book then focuses on what it means to educate young people in meaning identity and spirituality Implications are considered for three school contexts the spiritual and moral dimension to the general curriculum in public and independent schools religious education in religious schools and state based Religion Studies courses *Reasons for Living* makes a much needed contribution to the philosophy of education by discussing the links between education and young people s spiritual and moral development It also provides new insights and approaches to values education and religious education Areas of fundamental importance in Australian education have long been held back not only by the gap between theory and practice but also by the very complexities of young people s personal development in contemporary Western Culture *Reasons for Living* offers a constructive and practical way forward

Debates in Religious Education L. Philip Barnes, 2011-07-07 *Debates in Religious Education* is an accessible and comprehensive guide to the issues that are currently central to discussions in religious education it is written with the needs of both trainee and practising teachers in mind **International Handbook of the Religious, Moral and Spiritual Dimensions in Education** Marian de Souza, Gloria Durka, Kathleen Engebretson, Robert Jackson, Andrew McGrady, 2007-06-04 Traditionally spirituality has resided and been contained within religious frameworks but while the links between the two areas are still acknowledged by many in the contemporary world spirituality is perceived by some as an aspect of human life that is distinct from religion Consequently many are searching for meaning within and without

religious traditions today and seeking answers to ethical and moral questions that have been generated by the knowledge and technological explosion One outcome is the renewed interest in the religious spiritual and moral dimensions of education throughout the life cycle This International Handbook presents the research and professional practice of scholars who are daily engaged in the consideration of these dimensions in education The result is a collection of essays which reflects the discipline in all of its internationality as it is today Embedded within the chapters is also an agenda for the future where the religious moral and spiritual dimensions in education are proposed as an exciting and challenging way forward for educators at all levels in society As well it offers a vision for the emergence of a peaceful and just world

Citizenship Through Secondary Religious Education Liam Gearon, 2003-12-16 Citizenship education is now a statutory part of the secondary school National Curriculum and R E is one of the subjects through which it can be taught This book has been written for student teachers and teachers who are looking for guidance

Religious Education and the Public Sphere Patricia Hannam, 2018-08-06 Religious Education and the Public Sphere reveals through an analysis of theory and practice that religious education is resting on historic and persistent assumptions about both religion and education Drawing on work from Arendt and Weil new ideas emerge regarding religious education's constituent elements education and religion It offers a new and timely proposal for religious education and argues for a broader understanding of religion bringing a fresh contribution to current discussions regarding the relationship between religion and education in the public sphere Some practical considerations emerging from theory developing through the earlier parts of the book are presented in the final section including the teacher's role and what should guide religious education curriculum At a time when there is raised interest in the role of religion in the public sphere internationally this book aims to contribute something new both theoretically and practically to discussions regarding the role of religion in education is and relevant to educational contexts worldwide This book will be vital reading for academics and researchers in the fields of religion and religious studies education philosophy of education and religious education and will also be of great interest to teachers and policy makers working in the field of religious education in the public sphere

Alternative Education for the 21st Century P. Woods, 2009-01-05 This is a unique collection of leading examples of education grounded in alternative philosophies and cultures from initiatives to create more democratic schools through Quaker Buddhist Islamic Montessori and Steiner Waldorf schools to Maori and First Nations education in Canada and Palestinian Jewish schools in Israel

Primary Religious Education - A New Approach Clive Erricker, Judith Lowndes, Elaine Bellchambers, 2010-09-13 Primary Religious Education A New Approach models a much needed pedagogical framework encouraging conceptual enquiry and linking theory to its implementation within the wider curriculum in schools

Religion and Worldviews L. Philip Barnes, 2022-09-21 Religion and Worldviews The Triumph of the Secular in Religious Education provides the first serious analysis and review of the Commission on Religious Education's proposed worldviews framework

for the subject It argues that religious education has an important contribution to make to the aims of liberal education and examines whether the shift to a worldview framework is capable of overcoming current weaknesses and initiating a new positive direction for the future Chapters explore the role of worldviews in Religious Education covering key debates including Whether there is need for new legislation on RE The nature of professionalism and the role of experts The extent to which there is educational value in study of the personal worldviews of students The role of the religious voice in RE The relation of religions to religious worldviews The aims of RE The relationship between the state and religion Consideration of the nature of a worldview The personal reflections of a member of the Commission on its proposals The chapters provide all that is necessary to understand and to evaluate the current debate on the appropriateness of a worldviews approach to RE Bringing together leading names in the field this is essential reading for trainee and practising teachers of Religious Education RE advisers and schools leaders responsible for curriculum development

Contemporary Spiritualities Clive Erricker,Jane Erricker,2001-08-01

Spirituality can be understood within both a religious and secular context Fuelled by the controversy that surrounds different understandings of human identity and notions of progress knowledge and truth in modernist and postmodernist contexts the concept of spirituality is a hotly contested topic of debate as to its relevance within contemporary culture and its meaning within religious traditions This book aims to inform readers on this debate and contextualize it within these different frames of reference It approaches the topic of spirituality with an identification of the major influences on contemporary thinking and presents a coherent framework of understanding that links divergent thinking into a common goal Writings range across different thinkers and practitioners within established religious tradition contemporary movements and those who operate within psychological and secular understandings Focusing on the question what does it mean to be human this engaging study attempts to overcome the divide between secular and religious understandings of spirituality

The Critical Study of Non-Religion Christopher R. Cotter,2020-07-09 This book acts as a bridge between the critical study of religion and empirical studies of religion in the real world Chris Cotter presents a concise and up to date critical survey of research on non religion in the UK and beyond before presenting the results of extensive research in Edinburgh s Southside which blurs the boundary between religion and non religion In doing so Cotter demonstrates that these are dynamic subject positions and phenomena can occupy both at the same time or neither depending on who is doing the positioning and what issues are at stake This book details an approach that avoids constructing religion as in some way unique whilst also fully incorporating non religious subject positions into religious studies It provides a rich engagement with a wide variety of theoretical material rooted in empirical data which will be essential reading for those interested in critical sociological and anthropological study of the

contemporary non religious landscape Whitaker's Books in Print ,1998 Whitaker's Cumulative Book List ,1983

Religion and Sexualities Sarah-Jane Page, Heather Shipley, 2020-05-05 This book examines key themes and concepts pertaining to religious and sexual identities and expressions mapping theoretical methodological and empirical dimensions It explores the ways in which debates around sexuality and religion have been framed and what research is still needed to expand the field as it develops Through the deployment of contemporary research including data from the authors own projects *Religion and Sexualities* offers an encompassing account of the sociology of sexuality and religion considering theoretical and methodological lenses queer experiences and how sexuality is gendered in religious contexts This comprehensive text will act as an essential accompaniment to scholars and students across the social sciences and humanities whether they have a general interest in the field or are embarking on their own research in this area **Inquiry into Philosophical and Religious Issues** Rosemary Laoulach, 2019-12-13 *Inquiry into Religious and Philosophical Issues* provides an educational experience of both wonder and discovery The text s focus on epistemology applies this inquisitive discipline to an array of topics including religious faith ethics personal meaning and happiness Sources from philosophy theology and psychology interact with debates role playing essays and other student centered activities to encourage meaningful thinking and engagement Students are taught skills to develop personal awareness and resilience in order to help them flourish Complex subjects such as religion and philosophy often lead to difficult questions and ideas that for many students go unheard With *Inquiry into Religious and Philosophical Issues* these questions and ideas will now have a voice
